Catapult BOOKER PRIZE WINNER • NATIONAL BESTSELLER • An "extraordinary meditation on mortality, grief, death, childhood and memory" (USA Today) about a middle-aged Irishman who has gone back to the seaside to grieve the loss of his wife. In this

luminous novel, John Banville introduces us to Max Morden, a middle-aged Irishman who has gone back to the seaside town where he spent his summer holidays as a child to cope with the recent loss of his wife. It is also a return to the place where he met the Graces, the well-heeled family with whom he experienced the strange suddenness of both love and death for the first time. What Max

comes to understand about the past, and about its indelible effects on him, is at the center of this elegiac, gorgeously written novel—among the finest we have had from this masterful writer. Publishers' circular and booksellers' record Vintage A reckoning with one of our most beloved art forms, whose past and present are shaped by gender, racial, and class inequities—an

d a look inside the fight for its future. Every day, in dance studios all across America, legions of little children line up at the barre to take ballet class. This time in the studio shapes their lives, instilling lessons about gender, power, bodies, and their place in the world both in and outside of dance. In Turning Pointe, journalist Chloe Angyal captures the intense love for ballet that so many

dancers feel, while also grappling with its devastating shortcomings: the power imbalance of an art form performed mostly by women, but dominated by men; the impossible standards of beauty and thinness; and the racism that keeps so many people of color out of ballet. As the rigid traditions of ballet grow increasingly out of step with the modern world, a new generation of dancers is confronting

these issues head on, in the studio and on stage. For ballet to survive the twenty-first century and forge a path into a more socially just future, this reckoning is essential.

Chloe has a lot on her plate. Between avoiding her crotchety boss, balancing her new found faith, achieving her dream of being an

author, and trying to fend off the affections of the persistent James Jones, she hardly has time to sleep, let alone solve the mystery of her “undead” father, Patrick. Strange things start happening to Chloe and things don't add up. The deeper Chloe delves for information, the less clear things become. With James close by, Chloe embarks on a journey of self-discovery. Eventually, Chloe finds immeasurable

success as a screenwriter. Her writing changes the world and millions of people across the globe are touched by her gift. But on the way to fame, and forgetting about her eerie experiences, she also discovers a terrible truth that will take it all away. *Two Wrongs Make a Right* Seven Stories Press

FINALE Five years ago, it was all about pride and glory for AJ. Tonight, it's all about survival. Don't miss the final chapter of THE HARD PLACE! [Harper's Weekly](#) Hachette UK From the #1 New York Times bestselling author of These Violent Delights and Our Violent Ends comes the "equal parts intoxicating and dazzling" (Roshani Chokshi, New York Times bestselling author of The Gilded Wolves) first book in a captivating new duology following an ill-matched pair of spies posing as a married couple to investigate a series of brutal murders in 1930s Shanghai. It's 1931 in Shanghai, and the stage is set for a new decade of intrigue. Four years ago, Rosalind Lang was brought back from the brink of death, but the strange experiment that saved her also stopped her from sleeping and aging—and allows her to heal from any wound. In short, Rosalind cannot die. Now, desperate for redemption for her traitorous past, she uses her abilities as an assassin for her country. Code name: Fortune. But when the Japanese Imperial Army begins its invasion march, Rosalind's mission pivots. A series of

murders is causing unrest in Shanghai, and the Japanese are under suspicion. Rosalind's new orders are to infiltrate foreign society and identify the culprits behind the terror plot before more of her people are killed. To reduce suspicion, however, she must pose as the wife of another Nationalist spy, Orion Hong, and though Rosalind finds Orion's cavalier

attitude and playboy demeanor infuriating, she is willing to work with him for the greater good. But Orion has an agenda of his own, and Rosalind has secrets that she wants to keep buried. As they both attempt to unravel the conspiracy, the two spies soon find that there are deeper and more horrifying layers to this mystery than they ever imagined. **These Violent Delights**

“A captivating family saga.”—The New York Times Book Review “This literary family saga is perfect for fans of Celeste Ng and Donna Tartt.”—People Magazine (Book of the Week) If you knew the date of your death, how would you live your life? It's 1969 in New York City's Lower East Side, and word has spread of the arrival of a mystical woman, a traveling psychic who claims to be able to tell

anyone the day they will die. The Gold children—four adolescents on the cusp of self-awareness—sneak out to hear their fortunes. The prophecies inform their next five decades. Golden-boy Simon escapes to the West Coast, searching for love in '80s San Francisco; dreamy Klara becomes a Las Vegas magician, obsessed with blurring reality and fantasy; eldest son Daniel seeks security as an

army doctor post-9/11; and bookish Varya throws herself into longevity research, where she tests the boundary between science and immortality. A sweeping novel of remarkable ambition and depth, *The Immortalists* probes the line between destiny and choice, reality and illusion, this world and the next. It is a deeply moving testament to the power of story, the nature of belief, and the

unrelenting pull of familial bonds.
