Andy Varipapa won virtually every major bowling championship. He is remembered today for his youtube video, showing his fantastic, almost

unbelievable bowling trick shots. To see it, search youtube for "Bowling Tricks with Andy Varipapa (1948)." His advice to the nation's 18 million amateur bowlers: The approach is the most important thing, four even steps with no sudden stop when the ball is released (though he himself, an exception to his own rules, takes five); the arm should swing up as if the bowler were throwing it up to shake hands with someone; the eyes should not be on the pins but on a point at the foul line where the ball will first touch. But there is one thing more: "Varipapa is rhythmical . . . that's why he's the greatest." Andy Varipapa was considered to be "the greatest one-man bowling show on Earth." He would perform fantastic trick shots, sometimes rolling two bowling balls at once that would collide together and then hit the ten pins. Sometimes the balls would hit each other, then hit the gutters and then bounce back and hit the pins. Andy was more

comfortable rolling two balls at once then most people are rolling one. Varipapa said, "I can make a bowling ball do anything, but talk." In 1934 he made "Strikes and Spares" the first of his 26 movie shorts. In 1981, at the age of 89 Andy appeared on the TV show "That's Incredible" demonstrating his trick shots.

"Why did I leave the 10-pin on that shot?" "Why isn't my ball hitting the pocket anymore?" "Should I change balls, or move?" "How heavy should my ball be?" "What's the best bowling ball?" "How do I get more hook?" "Why do I keep missing my spares?"

Bowlers are faced with endless questions, problems, and choices every time we bowl. Answers and solutions abound, but a great many of them are ineffective or just plain wrong. How do we know what to do? How do we know what to believe? In this book we examine: What doesn't work, and what bowlers have wrong. What's really happening on the lanes, and how things really work. What you need to change to get back to striking. How to properly make that change. We teach you how to figure out exactly what's wrong with your shot. We show you all of the adjustments available to you, teach you what each one actually does, and show you how and when to apply it. We give you strategies that will improve your lane play and your decision making. Finally, we

teach you a mathematically sound spare system that will simplify your game and make picking up your spares an easy proposition. We give you all of the knowledge and tools you need to take your game to the next level and become the bowler you want to be.

More than 150 articles provide a revealing look at one of the most tempestuous decades in recent American history, describing the everyday activities of Americans as they dealt first with war, and then a difficult transition to peace and prosperity. The two-volume World War II and the Postwar Years in America: A Historical and Cultural Encyclopedia contains over 175 articles describing everyday life on the American home front during World War II and the immediate postwar years. Unlike publications about this period that focus mainly on the big picture of the war and subsequent economic conditions, this encyclopedia drills down to the popular culture of the 1940s, bringing the details of the lives of ordinary men, women, and children alive. The work covers a broad range of everyday activities throughout the 1940s, including movies, radio programming, music, the birth of commercial television, advertising, art, bestsellers, and other equally intriguing topics. The decade was divided almost evenly between war (1940-1945)

and peace (1946-1950), and the articles point up the continuities and differences between these two periods. Filled with evocative photographs, this unique encyclopedia will serve as an excellent resource for those seeking an overview of life in the United States during a decade that helped shape the modern world.

Back in the 1940s - before coaxial cable from the East Coast reached Detroit - television was as local as Vernors, Sanders Hot Fudge and Hudson's. There was room for clowns, bowlers, philosophers, journalists, adventurers, movie mavens, wrestlers and magicians. The people who put these shows on were drunks, geniuses, thugs, heroes, artists, craftsmen, hustlers and poets. Some were all of these things at times. A few were all these things before lunch. As the medium grew, thousands of Detroiters visited Channel 4 to see Milky the Clown, danced on Channel 62's The Scene or tuned in to watch bombastic anchorman Bill Bonds. With the evaporation of distinct local television, a piece of Detroit's character disappeared. From Soupy to Nuts! is a snapshot of Detroit TV history - from Sonny Eliot, Bozo the Clown, Bill Kennedy, Lou Gordon and Gil Maddox to Al Ackerman, Sir Graves Ghastly, Dick the Bruiser and Mr. Belvedere.
