The delightful tale of a curious baby kangaroo, from the creator of *Leaves* When you're new to the world, every hop brings another surprise! Joey wants to go exploring, but everything he discovers is almost too exciting. Bees, rabbits, birds . . . other creatures can be scary! But Mama is never far away, and who knows? Joey might even make a friend. David Ezra Stein's gentle story will amuse and comfort readers.

I Am Thinking of Kelda National Geographic Books

An emotionally charged story about the

power of dreams, and how passion can turn to obsession. Beck hates his life. He hates his violent mother. He hates his home. Most of all, he hates the piano that his mother forces him to play hour after hour, day after day. He will never play as she did before illness ended her career and left her bitter and broken. But Beck is too scared to stand up to his mother, and tell her his true passion, which is composing his own music - because the least suggestion of rebellion on his part ends in violence. When Beck meets August, a girl full of life, energy and laughter, love begins to awaken within him and he glimpses a way to escape his painful existence. But dare he reach for it? Thrilling and powerfully written, this is an explosive debut for YA readers which tackles the dark topic of domestic abuse in an ultimately hopeful tale.

Through her child's addiction, a divorce, beginning a career at sixty, caring for aging parents, and facing her own old age alone, Sandra Swenson shares her heartache and her journey of courage, resiliency, and acceptance, inspiring us to believe that no matter what comes our way, it is possible to say we're "just dandy" and (usually) mean it. In the pages of *Just Dandy: Living with Heartache and Wishes*, Sandra shares her pain and struggles, strength and determination, as crises continue to unravel her world in unexpected ways. A voice for parents of children suffering with the disease of addiction, Sandra puts their thoughts and feelings into words in this inspiring book—bringing hope, perspective, sanity and empowerment to moms everywhere. This book, along with the *Just Dandy Journal*, offers moms of children struggling with substance abuse the tools and resources needed to cope.

From Grief to Grace: My Call to Prayer

Puccini's famous but controversial *Madama Butterfly* reflects a practice of 'temporary marriage' between Western men and Japanese women in nineteenth-century treaty ports. Groos' book identifies the plot's origin in an eye-witness account and traces its transmission via John Luther Long's short story and David Belasco's play. Archival sources, many unpublished, reveal how Puccini and his librettists imbued the opera with differing constructions of the action and its heroine. Groos's analysis suggests how they constructed a 'contemporary' music-drama with multiple possibilities for interpreting the misalliance between a callous American naval officer and an impoverished fifteen-year-old geisha, providing a more complex understanding of the heroine's presumed 'marriage'. As an orientaling tragedy with a racially inflected representation of Cio-Cio-San, the opera became a lightning rod for identity politics in Japan, while also stimulating decolonizing transpositions into indigenous theatre traditions such as Bunraku puppet theatre and Takarazuka musicals.

A Thousand Perfect Notes Boydell & Brewer

From Grief to Grace My Call to Prayer Janet Wright is a beloved daughter of the most high, a mother with a voice whom God has called and raised up as a prayer warrior, intercessor, motivational speaker and Kingdom builder. In her tell-all book, Janet takes her readers on her powerful journey to freedom, after experiencing both sexual and physical abuse at a tender age from

those she trusted. She writes about rejection and the grief of losing her first son to gun culture and crime, and how she became accustomed to the trials, tribulations and effects of trauma in her life. However, despite great turbulence, armed with her faith in God and filled with His word, Janet was able to pray her way through from grief to grace. Through these pages, a gripping story of hope, restoration and the power of God is demonstrated. For Janet, her circumstances threw her into the hands of the Lord when she did not have the strength to stand on her own. As she sought God with all her heart, she was met and comforted with His loving-kindness, joy, peace, and unmerited favour, which is grace. She learnt to forgive herself and those around her and to trust God's will over her life. God has healed her, and as a firm believer, she has proven that prayer changes things; her life is a testimony of victory through the power of prayer. -

To this day Debbie Nelson is asked why she abandoned her son Marshall as a boy, beat him repeatedly, and then had the audacity to dog him with lawsuits when he became rich and famous. *My Son Martial*, *My Son Eminem* is her rebuttal to these widely believed lies—a poignant story of a single mother who wanted the world for her son, only to see herself defamed and shut out when he got it. Debbie Nelson encouraged her talented son to chase success—even when Eminem hijacked her good name in his lyrics and press for "street cred," a movie that ultimately alienated them from each other by the notoriety and bitterness it spawned. In *My Son Marshall*, *My Son Eminem*, Debbie Nelson details the real story of Eminem's life from his earliest days in a small town in Missouri and his teenage years in Detroit, to his rise to stardom and very public mom-bashing.

Dear Mother Goose Thomas Nelson

The purpose of this book is to engage and inform the readers of occurrences past and present on the island of Dominica. It is meant to initiate discussion and to offer the youth a historical perspective that may have become lost over time. A work of passion derived from many personal experiences and many tales handed down

through the ages, it is written mostly in a style that is intended for the reader to identify with some aspects of Dominica and Caribbean life in what was considered to be the good old days. I intentionally delayed reading many books written by authors from Dominica, since I wanted my writings to be unique and not influenced by the experiences of others. Therefore if you have read comparable accounts of native pastime or other depictions of our natural history, culture, and heritage, then the material that you are reading here is purely coincidental. Now that this literary exercise has been completed, I look forward to reading and savoring the compositions of my compatriots, and I hope that they will also savor mine. A sojourn through fact and fiction, this book of short stories and reflections offers a challenge for the reader to separate the facts from fiction that only this author can reveal. However if one is able to identify with one minute detail of this literary experience, then my goal as a writer will have been fulfilled. A glossary of words and phrases that may be unfamiliar to the reader is included at the end. Above all, many of the stories are thought provoking, intended to elicit laughter and nostalgia and to maintain one's interest until the last word has been read. These stories could be anyone's stories; and it is my fervent wish that in the aftermath of this literary exercise, others may be inspired to inscribe their own experiences of everyday life, either from a historical perspective or from modern day interactions.

Among many awards and a knighthood, Parker is the founding director of the Director's Guild of Great Britain, and in 2013 won the honorary British Academy of Film and Television Arts Fellowship Award. Parker is known for his humility as a director and has never considered himself an auteur: "I have total admiration for film crews. They are the true heroes of the filmmaking process, not directors." He has worked alongside producer Alan Marshall, cinematographer Michael Seresin and the late film editor, Gerry Hambling. This book is the first study of his complete body of feature films (1976–2003).

A wild, experimental, polyphonic novel, recounting a typical day of diminishing returns at a nursing home *House Mother Normal*, subtitled "A Geriatric Comedy," is the English writer B. S. Johnson's fifth novel. Unusual in both its subject and structure, this novel is a remarkable study of old age, stripped of sentimentality and spiked with bizarre language and perceptions. Made up of eight monologues describing a single day at a nursing home, *House Mother Normal* explores the failing minds of the elderly with precision, humor, and unflagging compassion, and Johnson achieves, with inventiveness and escalating absurdity, a vivid multidimensional effect.
