Bloodsucking Fiends  
Random House  
Jody never asked to become a vampire. But when she wakes up under an alley Dumpster with a badly burned arm, an aching neck, superhuman strength, and a distinctly Nosferatuan thirst, she

realises the decision has been made for her. Making the transition from the nine-to-five grind to an eternity of nocturnal prowlings is going to take some doing, however, and that's where C. Thomas Flood fits in. A would-be Kerouac from Incontinence, Indiana, Tommy (to his friends) is biding his time night-clerking and frozen turkey bowling in a San Francisco

Safeway. But all that changes when a beautiful, undead redhead walks through the door ... and proceeds to rock Tommy's life - and afterlife - in ways he never imagined possible.

THE COMPANY BUILDS PLANETS. Kin Arad is a high-ranking official of the Company. After twenty-one decades of living, and

with the help of memory surgery, she is at the top of her profession. Discovering two of her employees have placed a fossilized plesiosaur in the wrong stratum, not to mention the fact it is holding a placard which reads, 'End Nuclear Testing Now', doesn't dismay the woman who built a mountain range in the shape of her initials during her own high-spirited youth. But then came discovery of something which did intrigue Kin Arad. A flat earth was something

new...  
The Wit And Wisdom Of Discworld HarperCollins  
 In the beginning, there was nothing but endless flatness. Then came the Carpet... That's the old story everyone knows and loves. But now the Carpet is home to many different tribes and peoples and there's a new story in the making. The story of Fray, sweeping a trail of destruction across the Carpet. The story of power-hungry mounds - and of two Munrung brothers, who set out on an amazing adventure. It's a

story that will come to a terrible end - if someone doesn't do something about it. If everyone doesn't do something about it... Co-written by Terry Pratchett, aged seventeen, and master storyteller, Terry Pratchett, aged forty-three.

#### Johnny and the Dead

Random House

All three instalments of the amazing Bromeliad trilogy available again in one very special edition. To the thousands of tiny nomes living under the floorboards of a large

department Store, there is no Outside. No Day or Night, no Sun or Rain. They're just daft old legends. Until they hear the devastating news that the Store is to be demolished... And so, their journey begins. From the store to an abandoned quarry - where they find the monster Jekub - and on to a place where they must steal one of those space shuttle things, all the nomes want is to get home again. They don't mean to cause any trouble... A magnificent trilogy of tales about a

race of little people struggling to survive in a world full of humans. 'Pratchett gives his cast plenty of personality and fuels the plot with nonstop comedy.' Kirkus Reviews 'Witty, funny, wise and altogether delightful.' Locus From the world's number one fantasy writer, Terry Pratchett. *Truckers* Random House This is the story of Jekub, the Dragon in the Hill with great big teeth and a great loud voice. (Well, that's according to the nomes, but they are only

four inches tall.) When humans threaten their new home in the quarry, the natural thing would be to run and hide. But the nomes have got the wild idea that they should fight back. After all, everyone knows that nomes are faster and smarter than humans, and now they have a secret weapon . . . The fantastically funny second book of the nomes, from the author of the bestselling Discworld series. The Johnny Maxwell Trilogy Random House Wintersmith has

descriptive copy which is not yet available from the Publisher.

It's May 21 1941, thought Johnny. It's war. Johnny Maxwell and his friends have to do something when they find Mrs Tachyon, the local bag lady, semi-conscious in an alley . . . as long as it's not the kiss of life. But there's more to Mrs Tachyon than a squeaky trolley and a bunch of

dubious black bags. Somehow she holds the key to different times, different eras - including the Blackbury Blitz in 1941. Suddenly now isn't the safe place Johnny once thought it was as he finds himself caught up more and more with then . . . The third book in the Johnny Maxwell trilogy. The Carpet People  
Random House  
Since time immemorial, the Tawny owls have formed the privileged aristocratic class among the nocturnal birds, far superior to the Barn owls

and Little owls. Yoller, the son of the leader of a Tawny owl dynasty, also grew up with this belief. However, when the impetuous young Tawny owl is attacked by buzzards during a messenger mission to remote forest areas, his aristocratic origins do not help him one bit. Yoller is saved from certain death by the owl May Blossom at the last minute. Yoller and his lifesaving heroine fall in love, but conflicting life plans separate them

again. Thus Yoller follows his intended purpose as a Tawny owl and returns to his homeland, where he finds himself confronted with the eternal struggle for supremacy in the forests. But the experience with May makes him doubt the old rules ... A relentless system regulates the coexistence of Barn owls, Tawny owls and Little owls. In the land of the owls, violations of these ancient rules are punished with death. But a new era

has begun: former enemies inevitably become allies in the fight against a common, old enemy. With poetic wit and captivating powers of observation, Martin Hocke has woven this fantastic trilogy of novels, which revolves around owls and other nocturnal birds, into a parable that stands in the tradition of 'Watership Down' and 'Wind in the Willows'. Individual volumes: 'Ancient Solitary Reign', 'The Lost Domain', 'Am an Owl'
