Two women--a century apart--embark on a journey to healing, faith, forgiveness, and romance. In 2012, art historian Gwen Morris travels to England's Lake District to appraise the paintings and antiques of an old family friend, hoping to prove herself to her prestigious grandfather. While at Longdale Manor, she meets David Bradford--the owner's handsome grandson--who is desperate to save the crumbling estate by turning it into a luxury hotel. When Gwen stumbles upon a one-hundred-year-old journal and an intricately carved shepherd's staff similar to one in a photo of her parents, she's left searching for answers. In 1912, after her father's death, Charlotte Harper uncovers a painful family secret she can only confess to her journal. She and her family travel to the Lake District to stay on a sheep farm, hoping eventually to find a home with Charlotte's grandfather at Longdale Manor, but old wounds and bitter regrets make it a difficult challenge. As Charlotte grows closer to shepherd Ian Storey and rebuilds her shattered faith, she must decide whether she will ever trust in love again. Classicist Lowell Edmunds and folklorist Alan Dundes both note that "the Oedipus tale is not likely to ever fade from view in Western civilization, [as] the tale continues to pack a critical family drama into a timeless form." Looking beyond the story related in Sophocles' drama--the ancient Theban myth of the son who unknowingly kills his father and marries his mother--Oedipus: A Folklore Casebook examines variations of the tale from Africa and South America to Eastern Europe and the Pacific. Taking sociological, psychological, anthropological, and

structuralist perspectives, the nineteen essays reveal the complexities and multiple meanings of this centuries-old tale. In addition to the well-known interpretations of the Oedipus myth by Sigmund Freud and James Frazer, this casebook includes insightful selections by an international group of scholars. Essays on a Serbian Oedipus legend by Friedrich Krauss and on a Gypsy version by Mirella Karpati, for example, stress the psychological stages of atonement after the Oedipus figure learns the truth about his actions. Anthropologist Melford E. Spiro investigates the myth's appearance in Burma and the significance of the mother's identification with the dragon (the sphinx figure). Vladimir Propp's essay, translated into English for the first time, and Lowell Edmunds's theoretical review discuss the relation of the Oedipus story to the larger study of folklore. The result is a comprehensive and fascinating casebook for students of folklore, classical mythology, anthropology, and sociology.
