Over the years, many corporations have been trying to determine what they can and should do to contribute to the sustainability of the economic, social and ecological environment within which they operate. Corporate social responsibility has become a key senior management issue worldwide and an increasingly debated topic in China. This book aims at helping companies operating in China to better assess and exercise their corporate social responsibility (CSR) in specific contexts. The purpose of this book is to show that CSR has a strong economic pay back in the long run, that it is a key success factor in nurturing corporate excellence, and that a sense of urgency and accrued inventiveness are required from companies operating in China. Cross-disciplinary in scope, the book aims at helping students and analysts in political science, governance, international relations and Chinese studies to understand and appreciate the unique role that firms play in shaping a new China. It focuses on the relationship between the state, civil society and corporations in the Chinese context. It researches the conditions under which this relationship might result in redefining China's

developmental model. This practical, business-oriented book takes into account China's classical and contemporary thought on CSR. It is the result of a long research and collaborative process with several institutions and industry leaders .

Laurence Lemaire a rencontré plus de 30 Français résidents dans 14 villes chinoises. En Chine ils sont chef d'entreprise, gastronome, avocat, coiffeur de la jet-set, prêtre, propriétaire de bar, styliste, femme d'expat... Chacun d'eux raconte l'histoire de "son" Empire du Milieu. En effet, qui mieux qu'eux peut livrer les secrets du pays au touriste, à l'expatrié mais aussi au curieux qui ne peut voyager ? La Chine suscite la passion, la fascination, l'inquiétude, rarement l'indifférence. Son sens du raffinement, son goût particulier pour les mots, sa vénération pour l'éducation, la peinture, la cuisine... Les Français et les Chinois partagent beaucoup de valeurs malgré certains désaccords. On parle de choc de culture. Il est réel. Tout cela, Laurence Lemaire l'a appris d'une façon passionnante. Un beau livre illustré, à conserver parmi vos livres d'art ou à ranger dans votre valise. Un livre inclassable et original...

Ce livre propose un état de l'art pluridisciplinaire et systémique de l'influence du végétal urbain sur sept enjeux du développement durable : la microclimatologie, la maîtrise de l'énergie, l'hydrologie, les ambiances, la qualité de l'air, l'empreinte carbone et la biodiversité. Chaque enjeu est évalué en fonction des techniques expérimentales et numériques mises en œuvre, et des résultats des différents dispositifs végétaux rencontrés en ville.

Questo volume, nato dalla volontà di rendere omaggio alla carriera e alla vivacità intellettuale di Alessandra Lavagnino, rende onore al profilo di una studiosa eclettica, grazie all'adesione di numerosi colleghi dell'Università degli Studi di Milano che, in epoche e attraverso percorsi diversi, hanno condiviso con lei attività culturali e di ricerca. Tra gli studiosi che hanno partecipato al presente volume, alcuni hanno accompagnato più da vicino Alessandra nella lunga marcia che ha trasformato Mediazione linguistica e culturale da corso di laurea co-gestito dalle Facoltà di Scienze Politiche e di Lettere e Filosofia, in un Dipartimento con sede autonoma a Sesto S. Giovanni. Altri, insieme a lei, hanno svolto compiti di governance e hanno fondato il Contemporary Asia Research Centre di Ateneo o dato vita all'Istituto Confucio. Molti poi hanno condiviso con Alessandra riflessioni intellettuali e attività culturali, occasioni per alimentare un crescente interesse per la Cina e, più in generale, per l'Asia all'interno dell'Ateneo e nella regione Lombardia. Dalle cinque sezioni del libro - La Cina e L'Asia; La Cina tra Europa e Americhe; Riflessioni linguistiche e traduttologiche; Cultura e letteratura; Economia, politica e società - non solo emergono molteplici prospettive di ricerca, ma anche la volontà di portare avanti un dialogo con la Cina nei rispettivi settori. Ad accomunare i testi raccolti in questo volume è il fatto che, pur con modalità distinte, tutti gli autori hanno scelto temi collegati alla produzione intellettuale di Alessandra. La varietà di metodi e di linguaggi del volume richiama la molteplicità dei suoi interessi, e conferma la sua volontà di costruire reti diversificate per provenienza, competenze, lingue e cultura. Scorrere queste pagine ricorda a chi bene la conosce, e mostra agli altri lettori, l'ecletticità e il vigore dell'interesse per la Cina che Alessandra ha nutrito e alimentato con rigore e passione fino a oggi e che, siamo certi, continuerà a promuovere e arricchire in futuro.
