*Ainslie Meares on Meditation* Simon and Schuster

An essential self-help guide to treatment of chronic pain based on myofascial release This indispensable self-help guide is for anyone suffering from chronic pain and struggling to understand why standard medical approaches have failed them. Taking a mind-body approach, the book clearly and simply explains how chronic pain develops, and why an understanding of fascia—the main connective tissue in the body—is the key to restoring pain-free movement and health. Author and myofascial release expert Amanda Oswald informs readers about the role of fascia in chronic pain and empowers them to help themselves through simple and effective self-care techniques, stretches, and exercises. *Living Pain Free* is a must-read for anyone experiencing chronic pain from conditions including migraines and headaches, repetitive strain injury (RSI), jaw (TMJ) pain, frozen shoulder, neck and back pain, chronic pelvic pain, scar tissue, and systemic pain conditions such as fibromyalgia, chronic fatigue, and myofascial pain syndrome. It will also benefit anyone interested in understanding chronic pain from a myofascial perspective.

*Strong and Lean* National Geographic Books

Starting today, you don't have to live in pain. "This book is extraordinary, and I am thrilled to recommend it to anyone who's interested in dramatically increasing the quality of their physical health."—Tony Robbins That is the revolutionary message of this breakthrough system for eliminating chronic pain without drugs, surgery, or expensive physical therapy. Developed by Pete Egoscue, a nationally renowned physiologist and sports injury consultant to some of today's top athletes, the Egoscue Method has an astounding 95 percent success rate. The key is a series of gentle exercises and carefully constructed stretches called E-cises. Inside you'll find detailed photographs and step-by-step instructions for dozens of e-cises specifically designed to provide quick and lasting relief of:

- Lower back pain, hip problems, sciatica, and bad knees
- Carpal tunnel syndrome and even some forms of arthritis
- Migraines and other headaches, stiff neck, fatigue, sinus problems, vertigo, and TMJ
- Shin splints, varicose veins, sprained or weak ankles, and many foot ailments
- Bursitis, tendinitis, and rotator cuff problems

Plus special preventive programs for maintaining health through the entire body. With this book in hand, you're on your way to regaining the greatest gift of all: a pain-free body!

Instant National Bestseller After suffering for years with unexplainable health issues, Dr. Ben Lynch discovered the root cause—"dirty" genes. Genes can be "born dirty" or merely "act

dirty" in response to your environment, diet, or lifestyle—causing lifelong, life-threatening, and chronic health problems, including cardiovascular disease, autoimmune disorders, anxiety, depression, digestive issues, obesity, cancer, and diabetes. Based on his own experience and successfully helping thousands of clients, Dr. Lynch shows you how to identify and optimize both types of dirty genes by cleaning them up with targeted and personalized plans, including healthy eating, good sleep, stress relief, environmental detox, and other holistic and natural means. Many of us believe our genes doom us to the disorders that run in our families. But Dr. Lynch reveals that with the right plan in place, you can eliminate symptoms, and optimize your physical and mental health—and ultimately rewrite your genetic destiny. **Crazy Sexy Cancer Tips** skirt!

"Women today not only deserve but should expect a pain-free, active lifestyle, no matter their age, no matter their previous experience." *Pain Free for Women* In his famed San Diego clinic, Pete Egoscue has taught women of all ages and from all walks of life how to use the Egoscue Method for safe, effective, and permanent relief from chronic pain without prescription painkillers, physical therapy, or invasive surgery. Now he shares his specially adapted "Pain Free" program for women to use at home. Whether you suffer from back or neck pain, joint discomfort or sore knees, or need more stamina, improved balance, and extra strength, here is a revolutionary and proven approach to self-care that promises optimal health through a simple set of exercises that will transform the way you move and feel — forever! Egoscue shows women how to take back their bodies by recovering and restoring a precious health asset — full, free, flexible motion — that he believes has been drastically reduced by our modern lifestyle. As Egoscue explains, motion not only develops a woman's body but also maintains and rejuvenates it. Yet as her motion-deprived muscles disengage and weaken, it is common for a woman's body to lose alignment, leading to repetitive stress injuries, persistent pain, and general bad health. Even the simplest activities — how she sits, stands, walks, works, lifts, and sleeps — can trigger problems. Focusing on proper alignment, posture, and muscle engagement, Egoscue provides simple but powerful techniques to restore flexibility and function while at the same time boosting energy, revving up the immune system, even raising the body's metabolic rate. The remarkable "E-cises" included within have also been linked to improved ability to fight disease, cope with aging, and recover from accidents and injuries. The "miracle" cure Egoscue offers is, simply, correct motion. Organized by the seasons of a woman's life, *Pain Free for Women* pays particular attention to age-specific concerns such as puberty, childbirth, and menopause, as well as special issues such as arthritis, PMS, and depression. At the same time, Egoscue shows how women can build a framework of

healthy movement that will prevent illness and maintain pain-free good health throughout the journey of life. According to Egoscue, reversing the effects of poor musculoskeletal fitness provides astonishing benefits, including:

- Better balance, posture, and breathing, as well as increased resiliency
- Effective and safe weight management
- Healthy bone density and visual acuity
- Heightened sex drive
- Delayed symptoms of aging
- Peace of mind and general tranquility

Extensively illustrated to demonstrate proper placement, posture, and movement, *Pain Free for Women* offers women of every age the possibility of feeling better than ever before.

*Becoming Supernatural* Harper Collins

A WALL STREET JOURNAL BESTSELLER by DR. JOE DISPENZA, the author of the New York Times bestseller *You Are the Placebo*, as well as *Breaking the Habit of Being Yourself* and *Evolve Your Brain*. *Becoming Supernatural* draws on epigenetics, quantum physics & neuroscience research conducted at his advanced workshops since 2012 to explore how common people are doing the uncommon to transform their consciousness, mindset, and beliefs to heal and live SUPERNATURAL lives. *Becoming Supernatural* marries some of the most profound scientific information with ancient spiritual wisdom to show how people like you and me can experience a more mystical life. Readers will learn that we are, quite literally supernatural by nature if given the proper knowledge and instruction, and when we learn how to apply that information through various healing meditations, we should experience a greater expression of our creative abilities. We have the capacity to tune in to frequencies beyond our material world and receive more orderly coherent streams of consciousness and energy; that we can intentionally change our brain chemistry to initiate profoundly mystical transcendental experiences; and how, if we do this enough times, we can develop the skill of creating a more efficient, balanced, healthy body, a more unlimited mind, and greater access to the quantum field and the realms of spiritual truth. Topics include:

- Demystifying the body's 7 energy centers and how you can balance them to heal
- How to free yourself from the past by reconditioning your body to a new mind
- How you can create reality in the generous present moment by changing your energy
- The difference between third-dimension creation and fifth-dimension creation
- The secret science of the pineal gland and its role in accessing mystical realms of reality
- The distinction between Space-Time vs. Time-Space realities
- And much more

Chapters Include: Opening the Door to the Supernatural The Present Moment Tuning In to New Potentials in the Quantum Blessing of the Energy Centers Reconditioning the Body to a New Mind Case Studies: Living Examples of Truth Heart Intelligence Mind Movies/Kaleidoscope Walking Meditation Case Studies: Making It Real Space-Time and Time-Space The Pineal Gland Project

Coherence: Making a Better World Case Studies: It Could Happen to You Using tools and disciplines ranging from cutting-edge physics to practical exercises such as a walking meditation, Dr. Joe offers nothing less than a proven program for stepping outside our physical reality and into the quantum field of infinite possibilities. "In a style that is simple, straightforward, and easy to understand, Dr. Joe Dispenza has woven into a single volume the paradigm-altering discoveries of quantum science and the deep teachings that adepts of the past dedicated their entire lifetimes to master." — Gregg Braden, New York Times best-selling author of *Human by Design* and *The Divine Matrix* "We can create better lives for ourselves—and that we are not linear beings living linear lives, but dimensional beings living dimensional lives. Hopefully, reading it will help you understand that you already have all the anatomy, chemistry, and physiology you need to become supernatural sitting latent within you, waiting to be awakened and activated." - Dr. Joe Dispenza New York Times best-selling author Researcher of epigenetics, quantum physics & neuroscience

When our bodies start to feel stiff, sore, or tired, we often say that we're "getting old." But is that really the problem? In this groundbreaking work, Thomas Hanna shows that much of the physical decline associated with aging is not inevitable but avoidable. Building on the work of Moshe Feldenkrais, Hanna's practical program for the mind and body proves once and for all that problems you've always thought of as the symptoms of age--stiffness, bad back, chronic pain, fatigue, and, at times, even high blood pressure--need never occur if you maintain conscious control of your nerves and muscles. He shows how the body can turn a habitual action into an involuntary, destructive pattern called sensory-motor amnesia, and demonstrates a simple but effective method for conquering these habits with sensory-motor awareness. With only a five-minute routine once a day, you can maintain the pleasures of a limber, healthy body indefinitely and escape the confines of age or injury. Practical and easy to use, Somatics is the essential guide to reversing the physical effects of aging--or staving them off before they even begin.

Located deep within the anterior hip joint and lower spine, the

psoas major (usually just referred to as the psoas) is critical for optimal postural alignment, movement, and overall well being. The psoas is the only muscle in the human organism that connects the upper body to the lower body, and its importance extends to the nerve complex and energy systems. As modern-day populations grow more sedentary, psoas-related lower back and hip pain, and the ailment of "sitting too much," are on the rise. Even the most active of athletes can suffer from psoas imbalance and pain. The Vital Psoas Muscle demonstrates how to keep the muscle in balance through specific exercises designed to strengthen and utilize this amazing muscle, and discusses its vital role in the emotional and spiritual state of the human being. The interconnection between the psoas and the root chakra is explored, along with yoga poses and postures that stimulate the psoas. Eighty full-color illustrations depict anatomical details, and show the key stretching and strengthening exercises in this practical and comprehensive treatment of the most important skeletal muscle in the human body.
