*Taken for English* Educreation Publishing

This textbook is an interdisciplinary collection of scholarly and religious articles about Asian American Christianity. Its four sections -- contexts, sites, identity, and voices ? offer in-depth understanding of both Catholic and Protestant traditions, practices, theologies, and faith communities. It also highlights diversity and complexity across lines of gender, generation, denomination, race and ethnicity in Asian American Christianity.

*Mechanic's Magazine, Museum, Register, Journal & Gazette* Springer Nature

This edited book focuses on practices of work in late modern society, taking an 'issue-based' and interdisciplinary approach to English Studies which acknowledges the impact of globalization on the position of English in the daily existence of millions of people around the world. Envisioning English as "a diverse yet unified subject" where the study of literature, language, and education can be pursued thematically, it constitutes part of an ongoing transformation and revitalization of English Studies. It will be of interest to readers with backgrounds in linguistics, literature and education, as well as fields normally seen as lying 'beyond' English Studies such as psychology, sociology, philosophy, urban studies, political science and childhood studies.

*A Greek-English Lexicon, Based on the German Work of Francis Passow* Oxford University Press  
 Work Out English A Level was heralded as 'the best yet how-to-do-it guide' on publication by the TES. Now fully updated to encompass the new syllabuses due for first examination in 1996, the second edition offers a thorough yet accessible grounding in all the skills required to succeed in this challenging examination. New for this edition are: - Bridge material to help students transfer successfully from GCSE to A Level English study - Syllabus chapter checklists to facilitate revision planning - Genuine student answer grade-flagged and examiner annotated - Additional authentic stimulus material on Toni Morrison, Dennis Potter and HRH Prince Charles

*The Living Age* Routledge

Women's writing in any period remains of critical concern, both at undergraduate and postgraduate level. Alexandra Barratt's edition offers a wide range of texts from the period 1300-1500, including: Original texts written by women in the Middle Ages Texts translated by women in the Middle Ages Prayers, meditations, scriptural comment, and accounts of religious experiences Educational writings Romance, poetry Each poem is given a headnote, giving details of composition, manuscript and sources. Full on-page annotation is provided giving details of allusions to contemporary religious, historical and social issues. A general introduction gives context to all the pieces and provides a penetrating account of the role of women in a burgeoning society of literary and cultural transmission.

*Cambridge English For Job-Hunting* Barbour Publishing

Everyday we write countless memos, letters, and reports without a second thought. Likewise, we give presentations, both formal and informal. Often this writing and speaking gets criticized for being jargon-ridden, obscure, or long-winded--in short, for not being in "plain English." But what is plain English, and how do we go about writing and speaking it? In *Plain English at Work*, Edward Bailey gives the answer, with down-to-earth tips and practical advice. Bailey, an expert in business communication, gives us a simple model for writing: · Style: write more the way you talk. · Organization: make your point easy to find. · Layout: use headings, lists, and other white space so readers can see the structure of your writing. Psycholinguists, Bailey points out, have proven that the techniques of plain English writing are far easier on your readers; experience has proven that writing in plain English is easier on you--the writer, too. Bailey also gives you a wealth of practical advice for presentations including: · How to remember your talk. · How to design visual aids. · How to design computer presentations. · How to set up the room you'll be speaking in. · How to develop a successful delivery style. Perhaps most impressive are the many detailed tips he gives here. For instance, when using a pointer, hold it in the hand closer to the screen (otherwise, you turn your back on the audience, making it harder to hear you). When designing a visual aid, use at least 28-point type, and seldom use all capital letters (which are harder to read). And when presenting a bar chart during a computer presentation, build it--a bar at a time--to focus your audience's attention. Drawing on two earlier and popular books, *The Plain English Approach to Business Writing* and *A Practical Guide for Business Speaking*, this new volume has been significantly updated. It includes up-to-the-minute information on using computers, computer graphics, and typography for your writing, and on using the same technology for designing your presentations. The result is an authoritative and comprehensive single volume that will be the essential guide for everyone wishing to communicate more easily and effectively at work.

*Revise for Cambridge University Certificates of English: A 500-Hundered Key Work Transformation Revision: (For First B2, Advanced C1 & Proficiency C2)* Pearson Education India

The Oxford English for Careers series is ideal for pre-work students, who will need to use English in work situations. Each book teaches English in context, so students practise the language and skills they need for the job in real work situations. The series supports teachers in vocational teaching situations, providing them with specialist background information for each industry or profession.

"Cambridge English for Job-Hunting is for upper-intermediate to advanced level (B2-C1) learners of English who need to use English during the job application process. The course can be used in the classroom or for self-study. Ideal for working professionals those new to the world of employment, the course develops the specialist English language knowledge and communication skills that job-seekers need to apply for and secure jobs. Cambridge English for Job-Hunting comprises six standalone units covering core areas such as preparing a CV, writing a cover letter, and answering interview questions. By featuring authentic materials such as CVs and letters, learners are given practical experience in preparing vital documentation. The course also features a special focus on the interview scenario, including extracts from interviews on the Audio CD. As well as familiarising learners with commonly asked interview questions, the course also develops more advanced interviewing techniques such as answering difficult questions and selling yourself effectively. In addition the course offers valuable advice to help build applicants' confidence. "

Annie joined the Amish church based on prayerful conviction, not romantic dreams. And yet, she'd hoped to share her new life with Rufus. But he's obviously in no hurry. Family history clearly shows it's never been easy living a plain life in the English world. Will the changes and challenges Annie now faces as a young Amish woman test her newfound faith in good ways or bad? And how long will Rufus test her patience? Valley of Choice Series: Book 1 - Accidentally Amish Book 2 - In Plain View

**Foundations In English Work Book - 8 (Revised Edition), 2/E** Lulu.com

This open access book demonstrates that, while occupation has been used to treat the mentally disordered since the early nineteenth century, approaches to its use have varied across different countries and in different time periods. Comparing how occupation was used in French and English mental institutions between 1918 and 1939, one hundred years after the heyday of moral therapy, the book is an essential read for those researching the history of mental health and medicine more generally. It provides an overview of the legislation, management structures and financial conditions that affected mental institutions in France and England, and contributed to their differing responses to the new theories of occupational therapy emerging from the USA and Germany during the interwar period.
