Books

Now in paperback: the runaway British  
bestseller that has cloudspotters  
everywhere looking up. Where do clouds  
come from? Why do they look the way  
they do? And why have they captured the  
imagination of timeless artists, Romantic  
poets, and every kid who's ever held a

crayon? Veteran journalist and lifelong sky  
watcher Gavin Pretor-Pinney reveals  
everything there is to know about clouds,  
from history and science to art and pop  
culture. Cumulus, nimbostratus, and the  
dramatic and surfable Morning Glory cloud  
are just a few of the varieties explored in  
this smart, witty, and eclectic tour through  
the skies. Illustrated with striking  
photographs (including a new section in  
full-color) and line drawings featuring  
everything from classical paintings to lava  
lamps, *The Cloudspotter's Guide* will have  
enthusiasts, weather watchers, and the

just plain curious floating on cloud nine.

### Italian Alps Penguin

Lo scialpinismo è lo sport principe dell'inverno in montagna. Al di fuori delle piste battute, permette di muoversi nell'ambiente montano, utilizzando, per la progressione in salita e in piano, sci appositamente costruiti, con attacchi specifici e sistemi antiscivolamento (pelli di foca) per facilitare l'ascesa, mentre per la discesa viene fatto ricorso alle tecniche dello sci fuoripista. Disciplina alla portata di chiunque abbia una buona base sciistica, è comunque indispensabile affrontarla con la giusta preparazione tecnica e atletica, e soprattutto con le necessarie conoscenze di come ci si deve muovere in montagna d'inverno, in un territorio impegnativo, con pericoli oggettivi - come le valanghe e i repentini cambiamenti climatici - e quindi da affrontare con estrema prudenza.

**Earth Wisdom** Rizzoli International Publications

A story of revenge and salvation that follows a young woman who seeks the truth behind her father's disappearance, *Soul of the Border* is the first novel in a trilogy set between Italy and the Austro-Hungarian Empire in the late nineteenth

century. Every year, Augusto De Boer undertakes a treacherous journey through the Italian Alps, smuggling tobacco across the border to Austria. With conditions getting harsher, he decides to take his fifteen-year-old daughter Jole along with him, teaching her how to navigate the perilous crags and valleys while avoiding hostile customs officers and nocturnal beasts. Three years later, Jole must retrace their steps alone as her father has not returned from the border. With only her horse for company, she makes her way across the stark mountain landscape in an epic journey of violence and corruption.

'A book grows rather like a snow crystal. One doesn't write it from start to finish

but, in greater or less degree, all at the same time ... that is why my book is not in chronological order; for everything is of the present, held in the moment when thought captures it.' Kurt Diemberger's *Summits and Secrets* is a mountaineering autobiography like no other. Writing anecdotally, Diemberger provides an abstract look into his life and climbing career that is both fascinating and awe-inspiring to navigate. Known for surviving the 1986 K2 disaster - an account described in harrowing detail in his award-winning book *The Endless Knot* - Diemberger provides a captivating insight into his earlier climbs in *Summits and Secrets*. From climbing his first peak in the Tyrol mountains of Austria, to the epoch-making first ascent of Broad Peak with Hermann Buhl in 1957, and then summiting Dhaulagiri in 1960, where he became one of only two people to have made first ascents of two mountains over 8,000 metres, Diemberger recounts his experiences with wit, honesty and an infectious enthusiasm: 'Every climber knows the thrill ... the unique inexplicable tension, which the regular shapes of the mountain world awake in him: huge

pyramids, enormous rectangular slabs, piled-up triangles of rock, white circles, immense squares - the thrill of simplicity of shape and outline and the excitement of mastering them, to an unbelievable extent, by his own efforts, his own power ... ' Summits and Secrets is a must-read for those wanting an insight into the life and achievements of one of the toughest high-altitude climbers the world has ever known.

As a boy, climbing legend Reinhold Messner was inspired by another legend: George Mallory's tragic final ascent of Mount Everest in 1924. To Messner, and to thousands of others, Mallory's attempt--whether or not it succeeded--remains the greatest exploit in the annals of mountain climbing. Though Mallory's body was finally found, we have lost, Messner believes, the spirit that guided him; summing Everest has become merely a corporate challenge and a matter of technology, not a rendezvous with destiny. Using the British climber's journals and letters, Messner thrillingly re-creates Mallory's three assaults on Everest,

including his final ascent. Here is both an investigation into the death of George Mallory and a deeply felt homage--to a mountain, to the spirit of an age, and to the man who inspired those who followed in his footsteps.

*Freeride in the Dolomites* HarperCollins UK  
Ho camminato fra le montagne più belle del mondo ammirando paesaggi affascinanti, boschi incantati, fiumi maestosi, ruscelli argentati. E sempre ti ho pensato, sempre mi è parso di vedere la tua orma in quelle meraviglie. Ho assistito a mille tramonti di soli splendidi caduti in mari azzurri, cercandoti fra le onde fluttuanti. Ho visitato paesi e città. Dove sei, Dio dell'Universo? Sei l'Universo stesso e tu sei quello che io vedo? Sei oltre l'Universo, dove si perde l'infinito? O sei forse qui accanto a me? Un libro appassionato, che narra la vita di un uomo e le sue avventure. Discendente da una storica famiglia di Valtournenche, Aimé Maquignaz ci racconta dei suoi avi, della conquista del Cervino la "piramide di Dio", degli anni della sua giovinezza a Milano negli anni della contestazione studentesca, dell'amore, della famiglia, della partecipazione alla vita politica prima

come sindaco poi come membro della Regione autonoma della Valle d'Aosta, degli inevitabili dolori, della scoperta inattesa e sconvolgente dell'arte e dei colori, della passione per una forma di caccia rispettosa delle leggi di natura, dei viaggi avventurosi compiuti negli anni tra l'Asia e l'Africa. Su tutto, sempre e ovunque il Cervino. Da cui si parte e a cui torna. Le scalate, le marce sulla neve, l'ambiente primordiale e a volte ostile: tanto temuto e tanto amato. Pagine dense di racconti e di riflessioni in cui si legge la sua profonda inquietudine, il suo desiderio di assoluto e di risposte alle domande più profonde che lo portano ad affrontare tutto intensamente, dalla politica, all'amore per la pittura e per la natura e lo conducono a considerazioni anche e soprattutto sul tema dell'esistenza di Dio. Al centro della narrazione la Baita delle Libertà è non solo il luogo reale dove l'autore incontra gli amici più intimi in un clima di conviviale confidenza, ma anche e soprattutto il luogo dell'anima, dove, tra un piatto di polenta e un bicchiere di vino, si "caccia" da sempre la libertà.

The Mountains of My Life Voglia di ripido. Scialpinismo e sci ripido in Maira, Ubaye, Varaita, Po. Avec des notes techniques en français-Tecnhiken auf deutsch bekanntScialpinismo classico e agonistico In 60 B.C., ten-year-old Guiamo Durmius Stolo, an exceptionally gifted Roman orphan, is abandoned in Gaul . Left to fend for himself, Guiamo is set onto a path of legend. Recognized by the gods as having world-changing talents, he is given a weapon that changes his destiny and the world's forever. Combining legitimate legends with actual historical events, Marshall Best weaves an epic story that portrays the ancient world as it might have been, a world which the ancient historians recorded as fact; a time when gods ruled the earth and strange creatures dominated the land. It is the era of civilized conquerors exploring distant and primitive new lands. Scant recordings left to us today only touch on the fringe of the fantastic and brutal reality that existed in those distant lands of the west. Into this age, young Guiamo enters the world stage

as the great game-changer, and by his hand the gods and beasts become destined to disappear into myth and legend.

'It's a preposterous plan. Still, if you do get up it, I think it'll be the hardest thing that's been done in the Himalayas.' So spoke Chris Bonington when Peter Boardman and Joe Tasker presented him with their plan to tackle the unclimbed West Wall of Changabang - the Shining Mountain - in 1976. Bonington's was one of the more positive responses; most felt the climb impossibly hard, especially for a two-man, lightweight expedition. This was, after all, perhaps the most fearsome and technically challenging granite wall in the Garhwal Himalaya and an ascent - particularly one in a lightweight style - would be more significant than anything done on Everest at the time. The idea had been Joe Tasker's. He had photographed the sheer, shining, white granite sweep of Changabang's West Wall on a previous

expedition and asked Pete to return with him the following year. Tasker contributes a second voice throughout Boardman's story, which starts with acclimatisation, sleeping in a Salford frozen food store, and progresses through three nights of hell, marooned in hammocks during a storm, to moments of exultation at the variety and intricacy of the superb, if punishingly difficult, climbing. It is a story of how climbing a mountain can become an all-consuming goal, of the tensions inevitable in forty days of isolation on a two-man expedition; as well as a record of the moment of joy upon reaching the summit ridge against all odds. First published in 1978, *The Shining Mountain* is Peter Boardman's first book. It is a very personal and honest story that is also amusing, lucidly descriptive, very exciting, and never anything but immensely readable. It was awarded the John Llewelyn Rhys Prize for literature in 1979, winning wide acclaim. His second book, *Sacred Summits*, was published shortly after his death in 1982. Peter Boardman and Joe Tasker died on Everest in 1982, whilst attempting a new and unclimbed line. Both men were superb mountaineers and

talented writers. Their literary legacy lives on through the Boardman Tasker Prize for Mountain Literature, established by family and friends in 1983 and presented annually to the author or co-authors of an original work which has made an outstanding contribution to mountain literature. \* Mark Twight's collected works, some never before published in North America \* Includes dramatic black and white mountaineering photos \* Features brand new epilogues to all of the stories They call him Dr. Doom. Raving and kicking against mediocrity, his anger and pain simmer close to the surface. He speaks and writes the language of the punk music that defined him. He is extreme alpinist Mark Twight, and he doesn't back down from the truth. He's a one-man literary punk band. If you have any doubt, here comes his knockout punch: the only collection of writing Twight swears he'll ever publish. *Kiss or Kill: Confessions of a Serial Climber* is raw, unfiltered Twight.

These author's cut are the real deal, not the homogenized fluff offered up by magazine editors who are often unwilling to offend. Twight's words make it clear that climbing is only distantly about the summit. Several of these pieces are new to U.S. readers. Twight edited all of the selections and appended each with a current author's note; confessing his inspiration, events that followed, and lessons learned (or not learned, some might say). It adds up to a frightfully lucid look into Twight's personal life as both man and hardcore alpine climber. The dissection scares me sometimes... Whether railing against the spinelessness of American siege-style mountaineering, admitting addiction to pushing the bounds of the possible, or reveling in his ability to cut away anything in life that holds him back, Twight never blinks. Along the way, there is the drama of new and epic routes, unbreakable bonds between climbing partners, and Twight's evolution as a climber and a man. He tells every story in a unique, in-your-face style. *Kiss or Kill* is not an easy read. It may scare some readers-but that's the point. "I want this book to help you recognize your own

anger, which will help you understand mine", says Twilight. "Somewhere out there somebody understands these words and knows they matter. They were written in blood, learned by heart."

Beginning in 1946, Elizabeth Hawley worked for *Fortune* magazine as a researcher. Shortly thereafter, she left both her job and the United States itself to travel the world, and thus began her lifelong attraction to the exotic and remote sovereign state of Nepal. In the years that followed, she began reporting on the political and cultural events taking place in her adopted homeland for the likes of

Reuters and Time Inc., letting the world in on the strange community of mountaineers, pilgrims and politicians who were descending on Kathmandu, whether in search of adventure, enlightenment or prestige. Despite the fact that Elizabeth Hawley has never climbed a mountain or visited the hallowed grounds of Everest base camp, she has become the most important record keeper and inspirational authority figure regarding the expeditions, stories, feats, scandals and disasters in the Nepal Himalaya. Now 90 years of age, she has commanded the respect of such legendary personalities as Edmund Hillary, Reinhold Messner, Chris Bonington, Toma" Humar and Ed Viesturs. With production under way on a film examining her life and legacy, it is likely that Hawley will continue to hold a special place in the hearts and minds of all visitors looking to experience the legend and grandeur of the world's most celebrated mountain landscape.
