From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called “the Dear Abby of the work world.” Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take

credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager “A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of

Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

At a time when many boys are in crisis, a much-needed roadmap for helping boys grow into strong and compassionate men Over the past two decades there has been an explosion of new studies that have expanded our knowledge of how boys think and feel. In *How to Raise a Boy*, psychologist Michael Reichert draws on his decades of research to challenge age-old conventions about how boys become men. Reichert explains how the paradigms about boys needing to be stoic and "man like" can actually cause them to shut down, leading to anger, isolation, and disrespectful or even destructive behaviors. The key to changing the culture lies in how parents, educators, and mentors help boys develop socially and emotionally. Reichert offers readers step-by-step guidance in doing just this by: Listening and observing, without judgment, so that boys know they're being heard. Helping them develop strong connections with teachers, coaches, and other role models Encouraging them to talk about their feelings about the opposite sex and stressing the importance of respecting women Letting them know that they don't have to "be a man" or "suck it up," when they are experiencing physical or emotional

pain. Featuring the latest insights from psychology and neuroscience, *How to Raise a Boy* will help those who care for young boys and teenagers build a boyhood that will enable them to grow into confident, accomplished and kind men.

The Romance Of Risk Harper Collins

From the author of the New York Times bestseller *As Nature Made Him* comes a “clever and entertaining first novel.”—Elle

Despite a severe case of writer's block, Cal Cunningham dreams of writing a novel that will permit him to escape from his life as a penniless stockboy in dirty and dangerous upper Manhattan bookstore. However, when his roommate is suddenly killed in a bicycle accident, Cal is suddenly the author of a page-turning autobiography. Propelled to the top of the bestseller lists with million-dollar movie deals, Cal finds that he has realized his most outlandish fantasies of literary success. That is, until he discovers that someone knows his secret. A searingly funny psychological thriller, *About the Author* delves into the excesses of the publishing world and shows that sometimes the difference between reality and imagination can be fatal.

Challenging perceptions of discrimination and prejudice, this emotionally resonant drama for readers of Lisa Wingate and Jodi Picoult explores three different women navigating challenges in a changing school district—and in their lives. WINNER OF THE CHRISTY AWARD® When an impoverished school district loses its accreditation and the affluent community of Crystal Ridge has no

choice but to open their school doors, the lives of three very different women converge: Camille Gray--the wife of an executive, mother of three, long-standing PTA chairwoman and champion fundraiser--faced with a shocking discovery that threatens to tear her picture-perfect world apart at the seams. Jen Covington, the career nurse whose long, painful journey to motherhood finally resulted in adoption but she is struggling with a happily-ever-after so much harder than she anticipated. Twenty-two-year-old Anaya Jones--the first woman in her family to graduate college and a brand new teacher at Crystal Ridge's top elementary school, unprepared for the powder-keg situation she's stepped into. Tensions rise within and without, culminating in an unforeseen event that impacts them all. This story explores the implicit biases impacting American society, and asks the ultimate question: What does it mean to be human? Why are we so quick to put labels on each other and categorize people as "this" or "that", when such complexity exists in each person? "Remarkable. What sets *Lost Boys* apart from the ordinary lament is the author's palpable sense of care and compassion."--The Washington Post Book World Our national consciousness has been altered by haunting images of mass slaughters in American high schools, carried out by troubled young boys with guns. It's now clear that no matter where we live or how hard we try as parents, our children are likely to be going to school with boys who are capable of getting guns and pulling triggers. What has caused teen violence to spread from the urban war-zones of large cities right into the country's heartland? And what can we do to

stop this terrifying trend? James Garbarino, Ph.D., Cornell University professor and nationally noted psychologist, insists that there are things that we, both as individuals and as a society, can do. In a richly anecdotal style he outlines warning signs that parents and teachers can recognize, and suggests steps that can be taken to turn angry and unhappy boys away from violent action. Full of insight, vivid individual portraits, practical advice and considered hope, this is one of the most important and original books ever written about boys.

The Other End of the Leash Houghton Mifflin Harcourt
PULITZER PRIZE WINNER • A “vivid and devastating” (The New York Times) portrait of an indomitable girl—from acclaimed journalist Andrea Elliott “From its first indelible pages to its rich and startling conclusion, *Invisible Child* had me, by turns, stricken, inspired, outraged, illuminated, in tears, and hungering for reimmersion in its Dickensian depths.”—Ayad Akhtar, author of *Homeland Elegies* ONE OF THE TEN BEST BOOKS OF THE YEAR: The New York Times • ONE OF THE BEST BOOKS OF THE YEAR: The Atlantic, The New York Times Book Review, Time, NPR, Library Journal In *Invisible Child*, Pulitzer Prize winner Andrea Elliott follows eight dramatic years in the life of Dasani, a girl whose imagination is as soaring as the skyscrapers near her Brooklyn shelter. In this sweeping narrative, Elliott weaves the story of Dasani’s childhood with the history of her ancestors, tracing their passage from slavery to the Great Migration north. As Dasani comes of age, New York City’s homeless crisis has exploded, deepening the chasm between rich and poor. She must guide her siblings through a world riddled by hunger, violence, racism, drug addiction, and the threat of foster care. Out on the street, Dasani becomes a fierce fighter “to protect those who I love.” When she finally escapes city life to enroll in a boarding

school, she faces an impossible question: What if leaving poverty means abandoning your family, and yourself? A work of luminous and riveting prose, Elliott’s *Invisible Child* reads like a page-turning novel. It is an astonishing story about the power of resilience, the importance of family and the cost of inequality—told through the crucible of one remarkable girl. Winner of the J. Anthony Lukas Book Prize • Finalist for the Bernstein Award and the PEN/John Kenneth Galbraith Award

Letters to a Young Therapist Sleeping Bear Press

It takes a graveyard to raise a child. Nobody Owens, known as Bod, is a normal boy. He would be completely normal if he didn't live in a graveyard, being raised by ghosts, with a guardian who belongs to neither the world of the living nor the dead. There are adventures in the graveyard for a boy—an ancient Indigo Man, a gateway to the abandoned city of ghouls, the strange and terrible Smeer. But if Bod leaves the graveyard, he will be in danger from the man Jack—who has already killed Bod's family.

The Formula Jessica Kingsley Publishers

In 1954, in a remote mountain village in South America, a little girl was abducted. She was four years old. Marina Chapman was stolen from her housing estate and abandoned deep in the Colombian jungle. That she survived is a miracle. Two days later, half-drugged, terrified, and starving, she came upon a troop of capuchin monkeys. Acting entirely on instinct, she tried to do

what they did: copying their actions she slowly learned to fend for herself. So begins the story of her five years among the monkeys, during which time she gradually became feral; lost the ability to speak, lost all inhibition, lost any sense of being human, replacing human society with the social mores her new simian family. But society was eventually to reclaim her. At age ten she was discovered by a pair of hunters who took her to the lawless Colombian city of Cucuta where, in exchange for a parrot, they sold her to a brothel. When she learned that she was to be groomed for prostitution, she made her plans to escape. But her adventure was not over yet... In the vein of *Slumdog Millionaire* and *City of God*, this rousing story of a lost child who overcomes the dangers of the wild to finally reclaim her life will astonish readers everywhere.

What Happened to You? Harper Collins

This innovative book brings together a wide range of therapeutic approaches, techniques and models to outline recent developments in the practice of supporting children in out-of-home care. It sheds light on the significance of schools, sports and peer relationships in the lives of traumatized children. It also draws particular attention to the vital importance of taking into account children's cultural heritage, and to the growing prevalence of relative care. Each chapter is set out by acclaimed and world-renowned contributors' specific approach, such as Dan Hughes and his work on conceptual maps and Cathy Malchiodi and her research on creative interventions, and gives practical ways to support children and carers. It also includes contributions from Bruce Perry, Allan Schore and Martin Teicher. This comprehensive volume will open new avenues for understanding

how the relationship between child and carer can create opportunities for change and healing.
