Blue and Yellow Don't Make Green North Light Books

Written by one of the true masters of the medium, this practical reference guide will help you achieve the famed brilliance of watercolor. It includes: descriptions and usage tips for 40 artist's-quality colors - arranged

in spectral order within seven major hue sections; tests for determining a pigment's transparency, permanence and other characteristics you need to know to use the color successfully; sample palettes that use a minimum of colors for maximum aesthetic results; and Zoltan's Color Systems Dial. Use it to identify at a glance the major color schemes, such as split complementary and

triadic - and to see each color mixed with a warm neutral, with a cool neutral and with its complement in various degrees of dominance. All you need to know about mixing watercolours Explores all the different colour mixing techniques including palette mixing, overlaying and wet-into-wet Provides a visual source of over 600 watercolour mixes

Fully annotated paintings throughout demonstrate the colours and mixes used. Colour is fundamental to painting and the ability to mix and reproduce specific hues is an art in itself. Colour theory can be dull and complicated, but in this book, experienced artist and teacher, Sharon Finmark, demonstrates colour mixing in a practical and easy-to-follow way. In addition to being an extensive visual sourcebook to nearly 600 colour mixes, there are paintings featured

throughout with all the different hues and mixes in each painting analysed and annotated. In this way, watercolour painters learn by application how to get the best out of their paints.

Barron's Art Handbooks are pocket-size reference volumes for students, artists, and art hobbyists that cover virtually all aspects of the graphic arts. Books are color-coded according to category. Purple Series

books explain art media and techniques. Red Series books describe art according to genre. Green Series books examine art tools, instruct on their uses, and show how to apply art theory in practical examples. Yellow Series books cover art history and examine the characteristics of various eras. All volumes are filled with full-color illustrations. Green Series: An informative, time-saving reference shows how to mix colors in pastels, crayons, colored pencils, and other dry

media.

The New Color Mixing Companion North Light Books

Colour mixing is a key skill for the botanical artist. In this practical guide, Jackie Isard explains how to observe and use colour accurately. She shows artists how to make informed choices when selecting pigments, as well as how to learn about colour mixing and its application. Detailed instruction and advice are given on understanding colour and pigments. The author explains how to

'see' colour and tricky mixes, from greens and reds to the difficult botanical greys. Includes advanced colour application techniques - colour enhancement, shadow colours and colour temperature transition. Finally, step-by-step guides illustrate how to paint with layers, how to use underlaying colours to enhance, and colour and fine detailing.
