Revelation of Royalty

Templeton Foundation Press

Dr. Bill Winston, broadcast nationwide in over 100 million homes on the Believers Walk of Faith program, helps believers renovate their thought life by focusing on who they are in Christ, building success in every area of living. In the book of Romans, the apostle Paul encourages believers to be transformed by renewing their mind. The Greek word for transformed is "metamorphosis"; or "to change." Dr. Winston reveals that believers must believe what God says about them and their situations, more than what their circumstances say. They must build a new way of thinking. Dr. Winston encourages that God's Word takes a higher place than their current situations. God promises an abundant life, not a barely-get-through-it life, but that is where many believers have been living. Readers will begin to discover God's promises and find ways to renew their minds through study and meditation, giving them the inner strength to overcome adversity and

find success in every area.

God's Abundant Life is Within You! Scripture is clear that God will meet your every need. Peace, health, and financial provision are all free for the asking. But why is daily life for so many Christians marked by anxiety, sickness, and lack? Bill Winston believes it is because many believers fail to live in the reality of...

The European Group on Tort Law presents the results of its extensive research project, the Principles of European Tort Law. They were drafted on the basis of several comparative studies on the most fundamental questions of tortious liability and the law of damages. The Principles are not a mere restatement of the

common core of tort law in Europe, but rather a proposal for a comprehensive system of tortious liability for the future, though necessarily linked to existing regimes. They are meant to stimulate discussion both among academics and practitioners and could serve as guidelines for national legislatures, thereby fostering gradual harmonization. The text of the Principles, which is offered in English and several other languages, is accompanied by commentaries on the various parts elaborating their intended meaning and interplay.

The vast majority of our country is entirely unknown to us because we are banned from setting foot on it. By law of trespass, we are excluded from 92 per cent of the land and 97 per cent of its waterways, blocked by walls whose

legitimacy is rarely questioned. But behind them lies a story of enclosure, exploitation and dispossession of public rights whose effects last to this day. The Book of Trespass takes us on a journey over the walls of England, into the thousands of square miles of rivers, woodland, lakes and meadows that are blocked from public access. By trespassing the land of the media magnates, Lords, politicians and private corporations that own England, Nick Hayes argues that the root of social inequality is the uneven distribution of land. Weaving together the stories of poachers, vagabonds, gypsies, witches, hippies, ravers, ramblers, migrants and protesters, and charting acts of civil disobedience that challenge orthodox power at its heart, The Book of Trespass will transform the way you see the land.

The news is filled with stories of violence, division, and despair. American politics have become polarized. Effective leadership is in short supply. Change may seem outside our reach. And Christians struggle to understand their role in reversing the downward spiral of our nation. Dr. Tony Evans offers a healthy dose of hope: the solution to our nation's problems and unrest isn't out of reach. The solution is here—and each one of us as Kingdom Citizens has a vital role to play. Be assured that our God is greater than any challenge—and He has promised to equip His people. In Kingdom Citizen, you'll discover how to respond in faith, in spite of a country and culture in decline. Here is a powerful call to action for concerned Christians. Here is a call for unity and restoration. And here is strong assurance that each of us has the ability to walk justly, to seek truth, and to stand in the gap for our land.

When Joyce Meyer posted 'God's not mad at you' on Facebook a few months ago, she didn't realise that those five words would trigger thousands of posts of gratitude and relief. She had obviously hit a nerve. 'Where does this concept of God come from?' she asks in the introduction. 'Perhaps from an angry parent who was difficult to please. Or the pain of rejection from parents or friends who didn't know how to give unconditional love. Perhaps it came from the church! From religious teaching that offered us rules and regulations to follow and implied that we'd be unacceptable to God if we didn't follow them.' It's a paradox that isn't often discussed by Christian teachers: God loved the world so much that He gave His son to rescue mankind. Yet we tend to think of Him as a stern judge who is ready to punish us at the slightest mis-step. In *God Is Not Mad At You*, Joyce examines the sources of this mixed message and untangles the confusion that most Christians experience. Chapter titles include: Perfectionism and Approval The Pain of Rejection Guilt and Shame Developing Your Potential Run To God, Not From

Him Getting Comfortable with God Joyce's latest book addresses a need that isn't often discussed within the Christian community: the need to see God as the loving parent that He is, not a petty tyrant who is ready to pounce at the first opportunity. It will help to clarify for readers one of the greatest misconceptions within the church and free them to experience His love on an entirely new level.

The grace of God is often referred to as unmerited favor. In fact, the very meaning of grace is favor. In this extraordinary book written at a time when people need God's favor more than ever, Jerry Savelle shows how the favor of God is not only available to the believer, but also promised.

Drawing from his own experience and his deep knowledge of the Scriptures, Dr. Savelle explains how to actively walk and grow in divine favor, and by doing so enjoy the practical as well as the supernatural benefits for such a time as this, when many are living in fear and uncertainty.

The Favor of God will not just inspire readers. By God's grace and favor, it will empower them.

Just like natural laws, there are spiritual laws with cause and effect.

God set the universe in motion with the power of His words and established the law of confession, but many believers have suffered needlessly by misunderstanding the power of their words. Dr. Bill Winston, pastor, Bible teacher, and host of the national television program Believer's Walk of Faith broadcast to over 100 million homes, reveals scriptural examples and vital teaching on the importance of the spoken word. Believers will uncover the enemy's deceptive plan to use their own words against them and what they can do to turn their situation around. 'One of the best things that ever happened

to me, my family, and my church, was the revelation of the law of confession - we learned that the moment we win the battle over our words, we win the battle!' Dr. Bill Winston Controlling your words is one of the biggest challenges anyone will face in this life; the Bible reveals that the power of life and death are in the words you say. As you begin to change the words you speak, you will rewrite their future and revolutionize your life. God Is Not Mad At You Destiny Image Publishers This book, by one of the most prominent interpreters of Leo Strauss's thought, was the first to address the problem that Leo Strauss himself said was the theme of his studies: the theologico-political problem or the confrontation with the theological and the political alternative to philosophy as a way of life. In his theologico-political treatise, which comprises four parts and an appendix, Heinrich Meier clarifies the distinction between political theology and political philosophy and reappraises the unifying center of Strauss's philosophical enterprise.

The book is the culmination of Meier's work on the theologico-political problem. It will interest anyone who seeks to understand both the problem caused by revelation for philosophy and the challenge posed by political-religious radicalism. The appendix makes available for the first time two lectures by Strauss that are immediately relevant to the subject of this book and that will open the way for future research and debate on the legacy of Strauss.

Eight Laws of

Leadership Hachette UK
From the tiniest microchip to the information superhighway, the modern world is dominated by and dependent upon science. Yet whether we realize it or not, we live in an age where faith is still an important influence in our lives. The majority of Americans profess a belief

in a Christian God and Islam acts as a unifying, energizing force for many of the world's most dispossessed people. In the UK congregations may be shrinking, but popular belief in the supernatural - ghosts and spirits, fortune-telling, faith healing - is stronger than ever. In *The Story of God* Robert Winston examines the relationship between science and religion across time, beginning with the primitive worship of early ancestors and concluding with a vivid portrait of faith in the modern world. Grand in scope, adventurous in tone - and written from the perspective of a respected scientist who is also committed to Judaism - this groundbreaking work traces a line across continents, cultures and eras.

Faith and the Marketplace is a life-transforming book on the supernatural business of the kingdom of God, and a kingdom leadership playbook that promises to catapult you to the next level of your career, profession, business, or ministry. You will learn how to build your faith in God and understand His perfect plan for your life. Your faith was never meant to be separated from your work or business life. Bill Winston meticulously details throughout this book how the two work together. In God's kingdom, you are either a king or a priest. Kings are marketplace ministers who serve in government, business, education, media, the family, and arts and entertainment. Priests are those who serve as an apostle, prophet, evangelist, pastor, or teacher, or what is commonly referred to as the five-fold ministry. Through a multitude of scriptures, his own life story, and the engaging stories of others, Bill Winston explains why God is calling for the restoration of the unbeatable team of kings and priests to bring faith back into the marketplace, and to

advance His kingdom around the world. Bill Winston has served as both a king (in the military and business world) and now a priest, and has been graced by God to reach this topic of faith and the marketplace like no one else.
