A man writes the same number, and nothing else, on 20 sheets of paper.

Why? To figure this out--and hundreds of other mind-bending lateral puzzles, too--you'll have to really fire up your brain and imagination. At first, it may not seem as if there's enough information to come up with a solution. But look more closely; there's always more than meets the eye. Check your assumptions, ask good questions, retune your mind, separate the facts from the red herrings, and the answers will come. Drive Workman Publishing Fully illustrated in color, this treasure trove features 250 puzzles on every imaginable theme and subject. The book is a bonanza of mazes, word games, visual and logic puzzles, and more.

The Brain Workout

Sterling Publishing Company, Inc.

Forty-two days ago I was an ordinary kid, living an uneventful life. But now it's total monster zombie chaos and I'm battling beasts on a daily basis. Crazy, right? But I know exactly how to make it

through the zombie apocalypse.

This student-friendly book provides an accessible overview of the primary debates about the effects of video games. It expands on the original *The Video Game Debate* to address the new technologies that have emerged within the field of game studies over the last few years. Debates about the negative effects of video game play have been evident since their introduction in the 1970s, but the advent of online and mobile gaming has revived these concerns, reinvigorating old debates and generating brand new ones. *The Video Game Debate 2* draws from the latest research findings from the top scholars of digital games research to address these concerns. The book explores key developments such as virtual and augmented reality, the use of micro-transactions, the integration of loot boxes, and the growth of mobile gaming and games for change (serious games). Furthermore, several new chapters explore contemporary debates around e-sports, gamification, sex and

gender discrimination in games, and the use of games in therapy. This book offers students and scholars of games studies and digital media, as well as policymakers, the essential information they need to participate in the debate.

Word Games for Clever Kids Buster Books

A unique compilation of logical teasers and lateral-thinking problems designed to stretch your brainpower and strengthen your mind. Riddles, paradoxes, and conundrums have been confusing and confounding people since at least the time of the Ancient Greeks. The eponymous riddle, according to legend, was devised by Albert Einstein as a child. He claimed that only about 2% of the population would be able to work out the correct answer. There are no tricks and there is only one answer. It requires the cool application of logic to solve. And a lot of patience. *Einstein's Riddle* features fifty of the toughest logic problems, lateral thinking puzzles, and tests of mental agility. By turns entertaining and infuriating, the puzzles challenge our preconceptions, tell us

about how we reason, and provide a rigorous intellectual workout.

5-Minute Brain Games for Clever Kids® Buster Books

My mind rebels at stagnation. Give me problems, give me work, give me the most abstruse cryptogram or the most intricate analysis, and I am in my own proper atmosphere. - Sherlock Holmes, *The Sign of the Four*. Pit your wits against the greatest detective of them all with this collection of over 130 fiendish and hugely entertaining puzzles and enigmas. Some involve riddles, some plays on words, and some rely on mathematical principles. Use your powers of logical deduction, and see if you can match the towering intellect of Sherlock Holmes. Not only does this collection include brilliant puzzles to ponder over, but it presents these quandaries within exchanges between Holmes and Watson. In this way, this puzzle book retains the same cosy Victorian charm that Holmes' tales are so loved for. Featuring the original pen and ink illustrations by Sidney Paget and George Hutchinson, this gorgeously designed puzzle book will immerse

you in Holmes's mysteries and keep you entertained for hours!
