The Unquiet Dead Paginasamarillas

Jarvis Langton is an unborn-again Christian living on the fringe. He's not big on life and has tried to finish his own twice. Still, most mornings, he quite likes to sun himself at Sydney's Royal Botanic Gardens. One morning he notices something winking at

him from a nearby bush. When he investigates he finds the dead body of his friend, Lady; a Thai transvestite. Jarvis is not someone with his thoughts lined up in any reasonable order. It takes him a while to work out Lady must have been murdered. It takes him longer to decide he's going to find her killer - but once he does, the premonition that finding Lady's murderer will bring him his own end, happens in an instant. Heidi is a work of children's fiction published in 1881 by Swiss author Johanna Spyri. It is a novel about the events in the life of a young girl in her paternal grandfather's care in the Swiss Alps. Heidi is an orphaned girl initially raised by her maternal aunt Dete in Maienfeld, Switzerland after the early deaths of her parents, Tobias and Adelheid. When some people ask Dete to come to the city and be their maid, Dete takes 5-year-old Heidi to her paternal grandfather's house, up the mountain from the Dörfli. He has been at odds with the villagers and embittered against God for years and lives in seclusion on the alm, which has earned him the nickname 'The Alm-Uncle'. He briefly resents Heidi's arrival, but the girl's evident intelligence and cheerful yet unaffected demeanor soon earn his genuine, if reserved, affection. Heidi enthusiastically befriends her new neighbors, young Peter the goatherd, his mother, Brigitte, and his blind maternal grandmother. With each season that passes, the mountaintop inhabitants grow more attached to Heidi. Heidi is one of the best-selling books ever written and is among the best-known works of Swiss literature.
