Melanie Klein remains  
one of the most  
important and

influential figures in  
psychoanalysis. Klein  
pioneered the analysis  
of children and applied  
her insights on the  
infantile origins of  
unconscious drives to  
adult analysis. Meira  
Likierman's study is  
the best available  
introduction to Melanie  
Klein's thought and  
work.  
There and Back Again

Perfection Learning  
The Devil's Historians  
offers a passionate  
corrective to common -  
and very dangerous -  
myths about the  
medieval world.

The Lord of the Rings:  
The return of the king  
Ignatius Press

In the form of myth,  
elves, orcs, men and  
hobbits become real to  
every reader of J.R.R.  
Tolkien's Lord of the  
Rings. Tolkien's pen  
gave shape to that  
which can be called  
evil and presented the  
mysterious nature of  
all that is sinister in life  
for every eye to see.  
More importantly,  
Tolkien has left his  
readers wondering how  
he was able to create  
on a truly cosmic scale.  
Bilbo's Birthday and  
Frodo's Journey of Faith  
is a fascinating reading  
of Tolkien's famous  
trilogy. It extends our

understanding of  
Tolkien the thinker and  
storyteller to include  
Tolkien the Christian  
believer for whom  
myth was more than  
poetic fancy- it was a  
symbol of his faith. The  
book sets out the  
conflict between  
Tolkien's  
understanding of the  
meaning and nature of  
myth and the theories  
of other scholars of his  
time. Then, it explains  
how Tolkien used the  
images associated with  
certain Greek words  
commonly used in the  
time of Augustus. The  
result is a refreshing  
and different approach  
that emphasizes  
Tolkien's personal  
beliefs while answering  
questions like: Why  
does Tolkien put so  
much emphasis on  
Bilbo's Birthday Party?  
Why does Tolkien  
stress the hobbit

interest in family lines? Who is the model for Tom Bombadil? Is Odin the only model Tolkien used for Gandalf?

### **The Philosophy of**

**Tolkien** Del Rey

Pearce analyzes three of Shakespeare's immortal plays in order to uncover evidence of the Bard's Catholic beliefs.

### Unveiling Middle Earth

Emmaus Road

Publishing

Ever since Newton created dynamics, there has been controversy about its foundations. Are space and time absolute? Do they form a rigid but invisible framework and container of the universe? Or are space, time, and motion relative? If so, does Newton's 'framework' arise through the influence of the universe at large, as

Ernst Mach suggested?

Einstein's aim when creating his general theory of relativity was to demonstrate this and thereby implement 'Mach's Principle'.

However, it is widely believed that he achieved only partial success. This question of whether motion is absolute or relative has been a central issues in philosophy; the nature of time has perennial interest. Current attempts to create a quantum description of the whole universe keep these issues at the cutting edge of modern research.

Written by the world's leading expert on Mach's Principle, *The Discovery of Dynamics* is a highly original account of the development of notions about space, time, and motion. Widely praised

in its hardback version, it is one of the fullest and most readable accounts of the astronomical studies that culminated in Kepler's laws of planetary motion and of the creation of dynamics by Galileo, Descartes, Huygens, and Newton. Originally published as *Absolute or Relative Motion?*, Vol. 1: *The Discovery of Dynamics* (Cambridge), *The Discovery of Dynamics* provides the technical background to Barbour's recently published *The End of Time*, in which he argues that time disappears from the description of the quantum universe. *A Hobbit Journey* Springer Nature Engrossing...Tolkien's principles--patriotism, Medievalism, localism,

Catholicism--are certainly out of fashion today. And yet they're the foundation for all his books, which have sold hundreds of millions of copies. Mr. Smith does a wonderful job of explaining why modern readers are so enthralled by Tolkien's reactionary vision. Whether you're a casual Lord of the Rings fan or a serious Tolkien scholar, every page of Mr. Smith's book will delight and fascinate. And if anyone ever tells you that fairy-tales are only for children, hand him this book. Tolkien ought to be regarded as one of the great social critics of our time, as Mr. Smith so masterfully demonstrates. -Michael Warren Davis is an editor for Sophia Institute Press and the

author of *The Reactionary Mind: Why Conservative Isn't Enough*. You can find him on his blog, *The Common Man*. As the popularity of Tolkien's work continues to endure, the importance of Jeb Smith's work continues to grow. This is because of a prolonged siege against Tolkien's work: the attempt to dislodge it from its Christian and Biblical foundations. Jeb Smith's insights are immensely helpful to this and future generations of Tolkien admirers. Scott L. Smith, author of *Lord of the Rings and the Eucharist*. J.R.R. Tolkien's Middle-earth has captured the imaginations of millions of readers around the world for generations. He is considered the father

of modern fantasy, but few understand how Tolkien's worldview impacted his mythology. *The Road Goes Ever On and On* is the first book of its kind to place Tolkien within his proper context, giving the reader a deeper understanding of Tolkien and Middle-earth. Smith takes us on a quest through a wide range of Tolkien's writings to unlock Tolkien's perspective-- a perspective that, like the elves who have sailed into the West leaving Middle-earth, has faded away from our world. You will gain an in-depth knowledge of Tolkien's views on politics, environmentalism, religion, and much more. From the Valar to Hobbits, the free peoples closely follow

Tolkien's sentiments. In contrast, forces under the Shadow represent what Tolkien believed was immoral. Covering a wide range of topics, *The Road Goes Ever On and On* is filled with breathtaking illustrations bringing Middle-earth to life like never before, making this the 'one book to rule them all.'

*The Quest for Shakespeare* BookCaps Study Guides

A collection of early stories and original ideas by J.R.R. Tolkien, presented and analyzed by his son Christopher Tolkien. Each tale is

accompanied by notes and commentary.

*Walking with Frodo*  
Saint Benedict Press

"Some of the best insights ever made about J.R.R. Tolkien's invented world or,

frankly, about 20th-century literature.... Here is a book of intense wisdom and penetrating thought."

~Bradley J. Birzer,  
author of *J.R.R.*

*Tolkien's Sanctifying Myth: Understanding Middle-earth* What is Tom Bombadil doing in *J.R.R. Tolkien's The Lord of the Rings*. His bright blue coat and yellow boots seem out-of-place with the grandeur of the rest of the narrative. In this book, C.R. Wiley shows that Tom is not an afterthought but Tolkien's way of making a profoundly important point.

Tolkien once wrote, "[Tom Bombadil] represents something that I feel important, though I would not be prepared to analyze the feeling precisely. I would not, however,

have left him in, if he did not have some kind of function." Tom Bombadil and his wife Goldberry are a small glimpse of the perfect beauty, harmony, and happy ending that we all yearn for in our hearts. To understand Tom Bombadil is to understand more of Tolkien and his deeply Christian vision of the world"--

*The Tolkien Reader*  
HarperCollins UK

A controversial approach to the Lord of the Rings and Tolkien's other work. Unlike the conventional view that his fantasy writing was an escape from reality, Pearce argues that Tolkien saw his stories as a leap into reality. This is because of Tolkien's own view of life, faith and the supernatural. This understanding is

crucial to fully appreciating both The Lord of the Rings, The Hobbit and Middle Earth.

### **In the House of Tom**

**Bombadil** Tyndale House Publishers, Inc. Book Two in Siri Pettersen's epic fantasy trilogy - The Raven Rings - at last comes to the U.S. after taking European audiences by storm. She has no identity. No family. No money. But the fate of the worlds rests in her hands. Hirka is stranded in a rotting world, with nothing but a raven and a notebook to connect her to the life she left behind in Ym. She came in search of her family, believing that she could protect Rime and the rest of Ym from the ancient evil of the blind. Instead, what Hirka

finds in this new world are people willing to do anything for the blessing—or the curse—of eternal life. And for Rime, the threat of the blind is only growing stronger ... Separated by worlds, unsure who to trust, and in danger from all sides, Hirka and Rime fight to end a thousand-year quest for power and revenge—and, maybe, to find a way back to each other. In this follow-up to the international bestseller *Odin's Child*, Norse-inspired mythology combines with modern-day action to create a work that is wholly original, endlessly surprising, and utterly unforgettable.

**The Hero's Journey**

'The Fellowship of the Ring' is the first part of

JRR Tolkien's epic masterpiece 'The Lord of the Rings'. This 50th anniversary edition features special packaging and includes the definitive edition of the text. |PB

The Adventure of Discipleship Oxford

University Press

An in-depth study on the philosophy of the Inklings. Listed on the official website of the Owen Barfield Literary Estate as

recommended reading.

Tolkien's Middle-earth started with a name — the author came across a strangely-sounding name of Earendel when reading a piece of old Anglo-Saxon literature.

On reading the first few lines of the poem, he felt "a curious thrill, as if something had stirred in me, half wakened from sleep.

There was something

very remote and strange and beautiful behind those words.” This encounter with the sound of a name was a call from beyond the veil of the world, which Tolkien later described as the primary reality. The stories of his legendarium were crafted around that name. For Tolkien, the narrative was a secondary reality, a sub-creation. The Name was primary. There is a secret literary theory behind the fantasy worlds of J.R.R. Tolkien, C.S. Lewis, and Owen Barfield who believed that when words are spoken aright, they invoke the invisible reality from behind the veil of the world. Words effect what they name. For the Inklings, words are NOT primarily communication tools.

They are not the “things” we use to convey a message. Strictly speaking, the message doesn’t come THROUGH words; rather, words are the incarnation of the message—provided they are Spirit-breathed. This seems to be the overarching sentiment and a source of inspiration for all the Inklings—for them, the world is Music, a Sound condensed into matter. It is the Music of Iluvatar clad in stone, water, and grass. It is the Name breathed into a Story. It is Poetry incarnated in the pattering of rain. In modern-day movies and stories based on the works of the Inklings, this “call” from beyond the curtain of the world is often missing. We see a linear narrative that

draws us in by its incessant action, but we feel that something is amiss. These movies are made to entertain, but they don't do even that. Tolkien's stories are entertaining in a different way—it's not the story that matters, but the Name behind it. Not "what happens," but "who" it happens to. The Name is the primary reality—a summons from behind the veil of the world. Unless the storyteller gets the "mind" of the Inklings, they will create parody. Modern writers use language and storytelling as communication tools. With this approach, the only purpose of using words is to convey the message. As a result, the choice of words becomes message-driven. Words are used to get the reader to

move on from one word to the next one horizontally—to bring them to the message as quickly as possible. Peter Kreeft, a philosophy professor at Boston College, pointed out that in modern writing, words have lost their vertical, static quality: "Each word comes more from the preceding word rather than from the silence. It moves on to the next word in front of it rather than to the silence." For the Inklings, language is not a communication tool but rather a portal into being—the invisible reality summoned into our world by the shape and sound of words. Properly speaking, words are incantations. Have you ever heard words that make you stop breathing for a

moment or two? If you have, you know why the writings of J.R.R. Tolkien, C.S. Lewis, Owen Barfield, and other Inklings are so peculiar. They use words vertically—not to speed the reader on but to allure them to the music of the silence around the words. As Treebeard said: "Don't be hasty, Master Meriadoc." This book has eleven chapters corresponding to the eleven hidden gems scattered throughout the works of J.R.R. Tolkien, C.S. Lewis, and Owen Barfield. Like ancient Silmarils, they illumine our present darkness with their magic light and allow us to peep through the curtain of the world.

*The Good News of the Return of the King*  
Baker Books

Based on exclusive, personal interviews with Alexander Solzhenitsyn, Joseph Pearce's biography of the renowned Russian dissident provides profound insight into a towering literary and political figure.

[The Fellowship of the Ring](#) iUniverse  
Authorised and fully illustrated insight into the life and career of the award-winning director, from his childhood film projects up to King Kong, together with Jackson's revealing personal account of his six-year quest to film The Lord of the Rings.

[The Illustrated World of Tolkien](#) HarperCollins  
UK  
J. R. R. Tolkien's magnum opus, The Lord of the Rings has been beloved for generations, selling

millions of copies and selling millions more tickets through its award-winning film adaptations. The immense cultural impact of this epic is undeniable, but the deeper meaning of the story often goes unnoticed. Here, Joseph Pearce, author of *Bilbo's Journey* uncovers the rich—and distinctly Christian—meaning just beneath the surface of *The Lord of the Rings*. Make the journey with Frodo as he makes his perilous trek from the Shire to Mordor, while Pearce expertly reveals the deeper, spiritual significance. Did you know that the events of *The Lord of the Rings* are deeply intertwined with the Christian calendar? Or what the Ring, with its

awesome and terrible power represents? How do the figures of good and evil in the story reflect those forces in our own lives? Find the answers to these questions and much more in *Frodo's Journey*.

The Rot A&C Black Highly regarded and best-selling literary writer and teacher, Joseph Pearce presents a stimulating and vivid biography of the world's most revered writer that is sure to be controversial. Unabashedly provocative, with scholarship, insight and keen observation, Pearce strives to separate historical fact from fiction about the beloved Bard. Shakespeare is not only one of the greatest figures in human history, he is

also one of the most controversial and one of the most elusive. He is famous and yet almost unknown. Who was he? What were his beliefs? Can we really understand his plays and his poetry if we don't know the man who wrote them? These are some of the questions that are asked and answered in this gripping and engaging study of the world's greatest ever poet. The Quest for Shakespeare claims that books about the Bard have got him totally wrong. They misread the man and misread the work. The true Shakespeare has eluded the grasp of the critics. Dealing with the facts of Shakespeare's life and times, Pearce's quest leads to the inescapable conclusion that Shakespeare was

a believing Catholic living in very anti-Catholic times. Many of his friends and family were persecuted, and even executed, for their Catholic faith. And yet he seems to have avoided any notable persecution himself. How did he do this? How did he respond to the persecution of his friends and family? What did he say about the dreadful and intolerant times in which he found himself? The Quest for Shakespeare answers these questions in ways that will enlighten and astonish those who love Shakespeare's work, and that will shock and outrage many of his critics. This book is full of surprises for beginner and expert alike.

Frodo's Journey

Ignatius Press

J. R. R. Tolkien, the beloved author of The Hobbit and The Lord of the Rings, brings to his work a great treasure--his Christian faith.

Tolkien's literary works are so popular in part because, in some sense, they pertain to the real world. This present volume is an attempt to understand better the deep Christian influences on his work but also to explore the relevance of Tolkien's work for theology today. After examining Tolkien's fiction in order better to appreciate Christian influences, this volume takes a closer look at Tolkien's theology of fantasy, his response to the more skeptical origins of religion

research, and applies his work to contemporary questions about method in biblical studies. Tolkien's Christianity informed all he wrote. Moreover, his own theology of fantasy holds great promise for contemporary theology. ""The more one reads The Lord of the Rings the more one realizes that, like the mines of Moria, it is rich with hidden treasure. Jeffrey Morrow mines the often concealed depths to reveal the layers of theology embedded gemlike within the pages of Tolkien's work. With a true theologian's insight he brings to light the brilliance of Tolkien's fundamentally religious work."" --Joseph Pearce, author of

Tolkien: Man & Myth and Frodo's Journey: Discovering the Hidden Meaning of The Lord of the Rings Jeffrey L. Morrow (PhD, University of Dayton) is Associate Professor of Theology at Immaculate Conception Seminary School of Theology at Seton Hall University and is a Senior Fellow of the St. Paul Center for Biblical Theology. [Eleven Hidden Gems in the Works of the Inklings](#) Zander Pearce J.R.R. Tolkien's "The Lord of the Rings" trilogy has been called one of the greatest fantasies of all time-- but it is massive! There are hundreds of characters, plots, and

settings. This study guide is a companion to the entire series. It's the perfect guide to someone who wants extra help keeping up with all the twist and characters, or who just wants a refresher while they read the series. The guide features an author biography, a plot overview, summary of major themes, summary of characters, and a summary of settings; it also has a chapter by chapter recap of the entire book. BookCap Study Guides do not contain text from the actual book, and are not meant to be purchased as alternatives to reading the book.
