This book explores the principles behind successful mentoring-coaching in education. As well as highlighting the many benefits of mentoring-coaching, it addresses highly practical issues such as: Can anyone learn to be a mentor-coach? What behaviour counts as mentoring-coaching? How do I know what to do, in what order and how? What are the potential benefits? What pitfalls might there be and how might these be avoided? What is the support structure for the process? The book features a model which helps to create successful mentoring-coaching activity in education and sets out a clear path along which to proceed. It describes appropriate behaviours and includes examples of questions that might be used. The authors examine specific techniques and raise the kinds of questions that practitioners themselves need to consider at each stage of the simple and easy-to-memorise model. Arranged in two parts, the first part of the book encourages you to practise the skills and stages of the model that it describes and the second part explores your developing practice in greater depth. Mentoring-Coaching is valuable reading for leaders, managers and practitioners at all levels in education.

Bethan Marshall traces the competing traditions of English teaching and considers their relevance to the current debate through an analysis of English teachers' views about themselves and their subject. The findings are based on a highly original research method in which teachers were asked to respond to and comment upon five different descriptions of their approaches to English teaching. English Teachers - The Unofficial Guide: *contextualises current debates about English teaching within the subject's contested history *provides a vehicle for teachers to reflect on their own practice and locate themselves within the debate *opens up the debate on assessment practices within English teaching.
