I liked the Old fellow - Who in spite Of his millions contrived to be interesting, and from the first we had got into touch as Hubert and he had never done, and

upon this stormy, mid Winter voyage, when most Of the passengers were seasick, we had been thrown together a good deal. Mastin, author of *Don't Fear the Reaper* and *Weathering the Storm* once again has written a novel that will not let you put it down until you read the final page. If you enjoy a good scary mystery then you will love Mastin's

books. *The Ferryman* BoD - Books on Demand The Ferryman 8 Crossings to a Gentler Life This short tale about a man's desire to live a different kind of life unfolds during a single day. At the crack of dawn the ferryman opens his eyes to find an impatient businessman nudging him with his foot. The businessman demands they cross the river. Now. Right away. Not a minute to spare. The ferryman rises and offers tea

and scones. The businessman says he has no time for tea and scones. He needs to reach the other side. Progress and profits depend on it. The ferryman understands. Before becoming a simple ferryman he had been a striver bristling with ambition, always angling to close the next deal. He had manipulated and deceived to accomplish his aims. He had believed

material wealth the only true measure of success. But he cannot just yet haul the businessman across the river. He must wait for the old woman. The old woman is sick and needs to see the doctor on the other side. The Ferryman is an amusing and tender tale that attempts to shine a wide light on what might actually matter in life. Yes, we have our necessities: food and shelter,

security and transportation . But what beyond these basics truly has relevance? The ferryman, who has been a humble ferryman for several years by the time we meet him, has identified eight (8) crossings that have changed his life, he thinks, for the better. By better the ferryman means richer, deeper, less stressful, more joyful. The crossings have civilized the ferryman. Benevolence in all things,

the ferryman has come to believe, is the surest way to peace of mind. And really what greater gift can we bestow upon ourselves than a quiet and contented mind? Come ride the ferry with the ferryman. It's a pleasant, scenic journey filled with small gifts, interesting characters, and boundless miracles. The Ferryman is a tale of self discovery you will read over and over as your own journey

passes back and forth across the river of life. Thomas William Simpson is the author of such diverse novels as *The Immortal*, *Full Moon Over America*, *The Fingerprints of Armless Mike*, and *This Way Madness Lies*. His curiosity for the human condition, as evidenced in *The Ferryman*, knows no bounds.

Who Pays the Ferryman? is an informative and critical analysis of Scotland's ferry services. It describes the 'glory days' of how, from modest beginnings, Scotland once led the world in maritime development. It contrasts the achievements

of the past with the failures, waste and inadequacy of much of today's state-owned ferry provision. In addition to showing how a more equitable fares regime can be devised, Roy Pedersen also addresses sensitive issues such as CO2 and other emissions, state versus private ownership, the place of trade unions and, most importantly of all how, the lot of our island and

peninsular communities can be bettered through provision of efficient cost effective ferry services. Drawing on best practice at home and overseas, it sets out how Scottish ferry services can be revolutionised to be, once again, among the best in the world.

The Carney farmhouse is a

hive of activity with preparations for the annual harvest. A day of hard work on the land and a traditional night of feasting and celebrations lie ahead. But this year they will be interrupted by a visitor. Developed by Sonia Friedman Productions, Jez Butterworth's play *The Ferryman* premiered to huge acclaim at the Royal Court Theatre, London, in April 2017, before

transferring to the West End. The production was directed by Sam Mendes. It went on to win the Evening Standard Theatre Award for Best Play and the Critics' Circle, Olivier and WhatsOnStage Awards for Best New Play. [Fifty Years Afloat](#) Severn House Publishers Ltd Based on Michael J Bird's BBC TV serial. It was 35 years since Alan Haldane had been in Crete, fighting with the partisans,

lauded as a hero. Thirty-five years since he'd seen Melina or had word of her. Now he was going back, trying to rediscover in Crete what he had lacked in England: a sense of place, of peace. He couldn't find Melina, and he couldn't forget her, but he discovered that she had borne him a daughter, who was as blind to his existence as he had been to hers. He could not acknowledge her, could not

let the past disrupt the present. Yet when he met Annika, and knew he could love her, he could not dispel the shadow cast between them by the ghosts of the war years. He was caught between fear and longing, in a trap that he had laid years before. He was not the only one who remembered. His presence on the island slowly rekindled a vendetta, a blood feud that could end his agony of

indecision so simply -- by death. *The Ferryman's Family; Or, Daisy Hope's Fortune. [With Illustrations.]* DigiCat Detective Inspector Jimmy Nicholls is an outstanding young police officer in the Met who is leading the investigation into the brutal murder of four drug-addicted lowlifes, killed on the doorstep of one of the most notorious crime bosses in London. As he begins his

investigation, he finds himself being warned off investigating the crime boss by the Met Commissioner, who also happens to be the father of his girlfriend, and a man he has known most of his life. With no leads and little in the way of forensic evidence, the case doesn't seem to be going anywhere. That is until the killer gets in touch with Nicholls in a completely unexpected way and warns him not

to speak to anyone else, or his life will be in danger. Nicholls initially has no choice but to comply with the killer's demands but as more details are revealed, Nicholls learns some grisly details about his own family's past that leads him to question who the real criminals are. Nicholls and the killer begin to form an uneasy alliance as they work together to uncover some shocking truths about

the relationship between organised crime and corruption in London. As the machinations of power are slowly revealed, Nicholls learns of a nefarious plot by the criminals to take control of the government. It is down to him and the killer to stop it.

Every myth is a tale half-told... When the darkest of vice meets red-stained ice, we hear it all unfold! It is 2035 CE (covid era). Este, a disgraced and broken ex-intelligence officer, finds herself in the middle of a small isolated island community, frozen and barren— on the edge of the world, with the ‘virus’ at the core of its existing divisions. She has come here searching for a second

chance, a chance to redeem herself from the demons of an unforgiving yet forgotten past. In doing that, as she tries hard to blend into this near-about dystopian world, she realises that subtle is scarce; ominous rituals, 'handsome' dead bodies, the flaring 'mythical' and a sinister Belief surround her, shadowing the darkness that is growing within her. Sleuthing skills, a

favouring instinct and an overbearing empathy act as her only shield, as she navigates between the intrigues of this remote coastline and that of her mind, much desperate to untangle the meaning of her long-quested salvation. She is also confident. Perhaps a little too much. She thinks she has all the reins—of both probe and patriarchy. But nothing is as it seems. Not even her.

She is much more than who she is... much more than she will ever know! Hence, when the land dangles a mirror in front of her, it is she who must choose. The End. Of her and of this story.

The Devil's Ferryman D.

Bobbie Druke (Drew-key), a suburban Minneapolis police detective, and her husband Andy Richards, retired FBI agent, are retained by a Mafia chieftain

to track down a mutual enemy, an assassin named Lewis Rose, who has fled to Argentina. In Buenos Aires, Bobbie and Andy find corruption in the Argentine government's ruling party. The Peronistas have ties to the Argentine Mafia, the C.I.A., and the U.S. State Department and Lewis Rose has become immersed in it all, having taken the sobriquet "Charon", the mythological boatman who

ferries souls across the river Styx to Hades. Charon the Ferryman becomes the Peronistas' assassin, as well as the bodyguard and lover of the President's daughter, Zulemita Menendez. The moderate Alianza party persuades Bobbie and Andy to help stop Charon, but the Ferryman stays a step ahead of them. The chase is on as the Richards follow Lewis and Zulemita Menendez

back to the U.S., where Zulemita will attend college at Bryn Mawr, a sister school to Swarthmore College, where Bobbie's daughter is a sophomore. As paths cross again, more people die before Lewis is caught and Bobbie and Andy discover that the Mafia connection in Argentina is more than they could ever have suspected. *The Ferryman's Boy, and Other Stories* Prairie View Publishing

Life had never been easy for Michael. Born into a world he couldn't relate to and in a family he never felt he belonged to, burdened with secret abilities to feel other people's emotions and know when they only had three weeks left to live and he had no one to explain any of it to him. Michael had always felt totally alone. Going back to Mt. Haywood wasn't a journey he wanted to take, but what was he going to do, break

the promise he made to his wife on her deathbed? She had the belief that going back to face his past would finally free him of the trauma and rage he had suppressed all these years, and maybe even lead him to discover why he had these special abilities and how he could possibly use them to help people. He didn't have the same belief and what Kathleen called special abilities, he called being cursed and

they had only brought him torment and anguish. But a promise is a promise, and if nothing else at least he would be fulfilling her dying wish. The Ferryman is the story of Michael Slade's journey to face his past, of trying to make peace with a traumatic childhood in a town he only ever felt ostracised and despised in, and hopefully, finally, accept who and what he is. He couldn't change the

past but  
 maybe  
 Kathleen was  
 right, maybe  
 he could  
 change how  
 he felt about  
 it.
