BRIDGET EVELIN

Haunted Places of
Hampshire Countryside
Books (GB)

In this book Tiya Miles
explores the popular
yet troubling
phenomenon of "ghost
tours," frequently
promoted and
experienced at

plantations, urban
manor homes, and
cemeteries throughout
the South. As a staple
of the tours, guides
entertain paying
customers by routinely
relying on stories of
enslaved black
specters. But who are
these ghosts?
Examining popular
sites and stories from
these tours, Miles
shows that haunted

tales routinely appropriate and skew African American history to produce representations of slavery for commercial gain. "Dark tourism" often highlights the most sensationalist and macabre aspects of slavery, from salacious sexual ties between white masters and black women slaves to the physical abuse and torture of black bodies to the supposedly exotic nature of African spiritual practices. Because the realities of slavery are largely absent from these tours, Miles reveals how they continue to feed problematic "Old South" narratives and erase the hard truths of the Civil War era. In an incisive and engaging work, Miles uses these troubling

cases to shine light on how we feel about the Civil War and race, and how the ghosts of the past are still with us.

Haunted London Pubs Open Road Media

London is a historical city full of mysteries and curiosities, and is home to many of England's oldest and most quirky pubs. It comes as no surprise that these pubs have a great deal more than their fair share of ghosts, phantoms and

ghouls or, as the old joke goes, spirits galore! A menacing ghostly soldier lurks in Mayfair's Grenadier pub; the hooves of Dick Turpin's Black Bess can be heard galloping up to the Spaniard's Inn at Hampstead; a scary nun does the rounds at the Horns in Bermondsey; and many people have heard the voices of long-dead drinkers killed when the King's Arms in Peckham Rye was blitzed. Combining some well-known stories with others that are long-forgotten, this fascinating book delves into the rich tapestry of London's pub history, with a perfect mix of the past, folklore, popular culture and the supernatural.

The story comes to life with the help of colorful illustrations and engaging dialogue. *Twin Cities Haunted Handbook* Amberley Publishing Limited

Ghost Taverns of the North East Penguin (Non-Classics)

In the Victorian era, sensational ghost stories were headline news. Spine-chilling reports of two-headed phantoms, murdered knights and spectral locomotives filled the pages of the press. Spirits communicated with the living at dark séances, forced terrified families to flee their homes and caused superstitious workers to down their tools at the haunted mines. This book contains more than fifty hair-raising – and in some cases, comical – real life accounts from Wales, dating from 1837 to 1901. Unearthed from newspaper archives, they include chilling prophecies from

beyond the grave, poltergeists terrorising the industrial communities, and more than a few ingenious hoaxes along the way.
