Stages 7-9 follow the Cambridge Lower Secondary English as a Second Language (ESL) Curriculum Framework. Coursebook 8 is organised into eighteen thematic units of study based on the Cambridge International English Scheme of Work for Stage 8. The topics and situations in Cambridge Global English have been selected to reflect this diversity and encourage

learning about each other's lives through the medium of English. It presents realistic listening, speaking, reading and writing tasks, as well as end-of-unit projects similar to those students might encounter in the context of a first-language school. After every other unit, there is a literature spread, featuring authentic texts from a variety of sources. CEFR Level - B1

This volume outlines the general principles of Learning Oriented Assessment (LOA), placing it in the context of European language

learning policy. The authors pose three key questions central to LOA: 'What is learning?' , 'What is to be learned?' and 'What is to be assessed?'. It focuses on the use of evidence, and how it can be collected and used to feed back into learning, overviews large-scale assessment as practised by Cambridge English and learning-oriented classroom assessment practices, and concludes

with a look at implementing LOA in practice. With fresh insights into the role of assessment in supporting learning, this volume will be of considerable interest to assessment practitioners, teachers and academics, educational policy-makers and examination board personnel.
