We take journeys to explore exotic new places and to return to the comforts of home, to visit old acquaintances and to make new friends. But the most important journey is the one that shows us how to follow our hearts... An instant and international bestseller, *The Travelling Cat Chronicles* has charmed readers around the world. With simple yet descriptive prose, this novel gives voice to Nana the cat and his owner, Satoru, as they take to the road on a

journey with no other purpose than to visit three of Satoru's longtime friends. Or so Nana is led to believe... With his crooked tail--a sign of good fortune--and adventurous spirit, Nana is the perfect companion for the man who took him in as a stray. As they travel in a silver van across Japan, with its ever-changing scenery and seasons, they will learn the true meaning of courage and gratitude, of loyalty and love.

How to Think Like a Cat Routledge

** "Set in 1836, Fergus's superior sequel . . . brings the period to life as he expertly melds setting and plot." Starred Publishers Weekly ** For Fans of Madeline Miller and Geraldine Brooks, and Historical Mysteries Involving Witchcraft, Second Sight, and Amish, Mennonite, and Pennsylvania Dutch Communities. In this thrilling second in the Gideon Stoltz Mystery series that Booklist called "An appealing debut that deserves a boost from enthusiastic hand-sellers," it's now 1836 in the fast-growing town of Adamant. The young Pennsylvania Dutch sheriff Gideon has a new case when a beautiful woman—suspected of witchcraft and residing in a nearby German settlement—is murdered. Suffering from a head injury after a fall off his horse,

Gideon can't recall anything that happened at the time of the woman's death. As flashes of memory return, he realizes that not only did he know the victim, he was with her the night she died. As Gideon delves into the investigation, he must include himself in the list of suspects. When Gideon uncovers another dead body, he's launched on a path to discover the truth, no matter the outcome. Gideon's estranged wife, True, has her own reluctant methods of investigation. Gifted with unwelcome powers of second sight, True realizes that her husband's life is in danger—and puts her own life on the line to save him. Nighthawk's Wing unflinchingly examines the oppressed status of women in the 1830 and like the first in the series, it has "an

atmospheric setting and a strong sense of place” (Library Journal). *Nighthawk’s Wing* beckons all readers who crave authenticity in early American historical novels, including those intrigued by witchcraft, spells, and visions. This compelling mystery glides along the edge between the gritty reality of the early 1800s and —a parallel world of spirits and haunted souls.

Simon Tofield’s animations have taken YouTube by storm. Now, the feline Internet phenomenon makes his way onto the page in this first-ever book based on the popular animated series. Simon’s *Cat* depicts and exaggerates the hilarious relationship between a man and his cat. The daily escapades of this adorable pet, which always involve

demanding more food, and his exasperated but doting owner come to life through Tofield’s charming and hilarious illustrations.

An Etymological Dictionary of the Romance Languages Legare Street Press
Nineteenth-century Sudan, wracked by religious, cultural, and political differences, is brilliantly evoked in the most ambitious book yet by this talented novelist. This, Mahjoub’s latest novel, centers around the Battle of Omdurman— one of the great colonial wars in Britian’s attempt to gain control over the Sudan. Mahojoub brings this period to life with perception, honesty, and integrity. This is a story of fighting men, most Sudanese but some British; some showed wisdom, but for the most part they were either mad or misguided.

Mahjoub writes with a profound, poetic intensity that illuminates a wide range of characters; from the cook to the Mahdi, from an Arab prostitute to the gentle Hawi, whose powerful message combines with the judgment and blindness of the other characters to bind the story together in a satisfying yet disturbing way.

Discover the origins of the warrior Clans in the third book of this thrilling prequel arc from mega-bestselling author Erin Hunter. The Dawn of the Clans series takes readers back to the earliest days of the Clans, when the cats first settled in the forest and began to forge the Warrior code. The rivalry between Gray

Wing and Clear Sky has driven a bitter wedge between the forest cats. As Thunder and Gray Wing struggle to find a peaceful path for the future, tensions are growing. What began as a misunderstanding between two brothers has spread far and wide—and now every mountain cat, rogue, and kittypet in the forest will be forced to pick a side. Dawn of the Clans #3: The First Battle also contains an exclusive bonus scene and a teaser to Dawn of the Clans #4: The Blazing Star.

Do cats worry about retirement? Nope. Do cats do things they don't want to do? Definitely not. Do cats rush around all hours of the day when they'd rather be licking their paws and looking out a

window? Please. Calm, free, charismatic, wise, elegant, self-assured—our beloved feline pets strut those traits that we humans spend a lifetime aspiring to. No wonder everybody wants to be more like a cat. After observing his own cat, Ziggy, for years, bestselling French author Stéphane Garnier decided that he would be much happier if he could just live more like Ziggy. Closer study only confirmed his suspicion that cats have that *je ne sais quoi*, and he set out to share Ziggy's innate wisdom with the world. Whether at work, at home, or in your social life, your cat can teach you how to manage stress, cultivate independence, and live life on your terms. Peppered with humorous yet inspiring tips for living a day in the life of a cat, cat secrets from Ziggy, and a quiz

to assess your “cat quotient,” *How to Think Like a Cat* is an inspiring, humorous, and remarkably insightful guide to the subtle art of living like a feline.

"Fields of Plenty is the memoir of

respected farmer, writer, and photographer Michael Ableman as he and his son travel from his own farm in British Columbia across the United States in search of innovative and passionate farmers who are making a difference in what we eat and how we experience food. From California to New York, this story captures the essence of each farmer's vision, the spirit of the land that they work, and the beauty and flavors of the foods that they lovingly produce. Ableman's odyssey takes him to a melon grower who is "militant about flavor," sheep-cheese producers who have built their own culturing caves, an urban farmer growing heirloom tomatoes for market on abandoned lots, and others who are trying to answer the complex questions of sustenance

philosophically and, most important, practically." "Fields of Plenty is a hopeful memoir that reveals the larger issues of food in a modern world. Illustrated with Ableman's photographs and flavored with recipes that feature each farmer's bounty, Fields of Plenty is an intimate portrait of food and agriculture at a critical crossroads."--BOOK JACKET.

Mary Stuart, Queen of Scots, has long been portrayed as one of history's romantically tragic figures. Devious,

naive, beautiful and sexually voracious, often highly principled, she secured the Scottish throne and bolstered the position of the Catholic Church in Scotland. Her plotting, including probable involvement in the murder of her husband Lord Darnley, led to her flight from Scotland and imprisonment by her equally ambitious cousin and fellow queen, Elizabeth of England. Yet when Elizabeth ordered Mary's execution in 1587 it was an act of exasperated frustration rather than political wrath. Unlike biographies of Mary predating this work, this masterly study set out to show Mary as she really was - not a romantic heroine, but the ruler of a European kingdom with far greater economic and political importance than its size or location would indicate. Wormald also

showed that Mary's downfall was not simply because of the 'crisis years' of 1565-7, but because of her way of dealing, or failing to deal, with the problems facing her as a renaissance monarch. She was tragic because she was born to supreme power but was wholly incapable of coping with its responsibilities. Her extraordinary story has become one of the most colourful and emotionally searing tales of western history, and it is here fully reconsidered by a leading specialist of the period. Jenny Wormald's beautifully written biography will appeal to students and general readers alike.

"I have the worst birth defect a woman can have: I was born with a penis and a pair of testicles." Thus we meet Hera, who shares her reason for starting psychoanalysis and whose statement embodies the debate over transgenderism, rigorously dissected in *Please Select Your Gender*. Is it a mental disorder, as some would claim, or a matter of sexual identity? An orientation or a life choice? Despite differing opinions, transgenderism has lost much of its stigma over the past decade or so – though perhaps none of its shock value. Nevertheless, the door is open for a reformulation of the hysterical

question, "Am I a man or a woman?" Utilizing rich clinical vignettes and elements of Lacanian theory, Patricia Gherovici demonstrates how the transgender discourse has both reoriented psychoanalytic practice and reframed debates about gender in American society at large. She traverses historical, theoretical, and clinical grounds to explore what has been termed the "democratizing of gender" – for what could be more democratic than the choice of one's own gender, now able to be changed on demand? Arguing for the depathologization of transgenderism, *Please Select Your Gender* aims to revise current notions of human sexuality in general. In doing so, it challenges the theory and practice of psychoanalysis with questions typically

addressed only indirectly, but which are themselves transforming how analysis is done, advancing new ideas for the clinic that can be extrapolated to social and intellectual contexts in an effort to engage the broader dialogues of gender and sexuality.

The Acharnians Franklin Classics

A heart-rending meditation on aging, grief, and the universal experience of facing death. *Shifting the Silence* does just that, breaks the social taboo around writing and speaking about our own deaths. In short unrelenting paragraphs, Adnan enumerates her personal struggle to conceptualize the breadth of her own life at 95, the process of aging, and the knowledge of her own inevitable death. The personal is continuously projected outwards and mirrored back through

ruminations on climate catastrophe, California wildfires, the on-going war in Syria, planned missions to Mars, and the view of the sea from Adnan's window in Brittany in a poignant often painful interplay between the interior and the cosmic.
