Introduction to

Probability Macmillan
Roscoe Pound, former dean of Harvard Law School, delivered a series of lectures at the University of Calcutta in 1948. In these lectures, he criticized virtually every modern mode of interpreting the law because he believed the administration of justice had lost its grounding and recourse to enduring ideals. Now published in the U.S. for the first time, Pound's lectures are collected in Liberty Fund's *The Ideal Element in Law*, Pound's most important

contribution to the relationship between law and liberty. *The Ideal Element in Law* was a radical book for its time and is just as meaningful today as when Pound's lectures were first delivered. Pound's view of the welfare state as a means of expanding government power over the individual speaks to the front-page issues of the new millennium as clearly as it did to America in the mid-twentieth century. Pound argues that the theme of justice grounded in enduring ideals is critical for America. He views American courts as relying on sociological theories, political ends, or other objectives, and in so doing, divorcing the practice of law from the rule of law and the rule of law from the enduring ideal of law itself. Roscoe Pound is universally recognized as one of the most important legal minds of the early twentieth century. Considered by many to be the dean of American jurisprudence, Pound was a former Justice of the Supreme Court of Nebraska and served as dean of Harvard Law School from 1916 to 1936. Henry Friendly is frequently grouped with Oliver Wendell Holmes, Louis Brandeis, Benjamin Cardozo, and Learned Hand as the best American jurists of the twentieth century. In this first, comprehensive biography of Friendly, David M. Dorsen opens a unique window onto how a judge of this caliber thinks and decides cases, and how Friendly lived his life. During his time on the Court of Appeals for the Second Circuit

(1959–1986), Judge Friendly was revered as a conservative who exemplified the tradition of judicial restraint. But he demonstrated remarkable creativity in circumventing precedent and formulating new rules in multiple areas of the law. Henry Friendly, Greatest Judge of His Era describes the inner workings of Friendly’s chambers and his craftsmanship in writing opinions. His articles on habeas corpus, the Fourth Amendment, self-incrimination, and the reach of the state are still cited by the Supreme Court. Dorsen draws on extensive research, employing private memoranda between the judges and interviews with all fifty-one of Friendly’s law clerks—a veritable Who’s Who that includes Chief Justice John R. Roberts, Jr., six other federal judges, and seventeen professors at Harvard, Yale, Stanford, and elsewhere. In his Foreword, Judge Richard Posner writes: “David Dorsen has produced the most illuminating, the most useful, judicial biography that I have ever read . . . We learn more about the American judiciary at its best than we can learn from any

other . . . Some of what I’ve learned has already induced me to make certain changes in my judicial practice.”

Breaking the Vicious Circle Houghton Mifflin

Debunking conventional narratives of Afghanistan as a perennial war zone and the rule of law as a secular-liberal monopoly, Faiz Ahmed presents a vibrant account of the first Muslim-majority country to gain independence, codify its own laws, and ratify a constitution after the fall of the Ottoman Empire. Afghanistan Rising illustrates how turn-of-the-twentieth-century Kabul—far from being a landlocked wilderness or remote frontier—became a

magnet for itinerant scholars and statesmen shuttling between Ottoman and British imperial domains. Tracing the country's longstanding but often ignored scholarly and educational ties to Baghdad, Damascus, and Istanbul as well as greater Delhi and Lahore, Ahmed explains how the court of Kabul attracted thinkers eager to craft a modern state within the interpretive traditions of Islamic law and ethics, or shari'a, and international norms of legality. From Turkish lawyers and Arab officers to Pashtun clerics and Indian bureaucrats, this rich narrative focuses on encounters between divergent streams of modern Muslim thought and politics, beginning with the Sublime Porte's first mission to Afghanistan in 1877 and concluding with the collapse of Ottoman rule after World War I. By unearthing a lost history behind Afghanistan's founding national charter, Ahmed shows how debates today on Islam, governance, and the rule of law have deep roots in a beleaguered land. Based on archival research in six countries and as many languages, *Afghanistan Rising*

rediscovers a time when Kabul stood proudly as a center of constitutional politics, Muslim cosmopolitanism, and contested visions of reform in the greater Islamic world.

How to Get Into Law School Macmillan

From "the most important voice to have entered the political discourse in years" (Bill Moyers), a scathing critique of the two-tiered system of justice that has emerged in America From the nation's beginnings, the law was to be the great equalizer in American life, the guarantor of a common set of rules for all. But over the past four decades, the principle of equality before the law has been effectively abolished. Instead, a two-tiered system of justice ensures that the country's political and financial class is virtually immune from prosecution, licensed to act without restraint, while the politically powerless are imprisoned with greater ease and in greater numbers than in any other country in the world. Starting with Watergate, continuing on through the Iran-Contra scandal, and culminating with Obama's shielding of Bush-era officials from prosecution, Glenn

Greenwald lays bare the mechanisms that have come to shield the elite from accountability. He shows how the media, both political parties, and the courts have abetted a process that has produced torture, war crimes, domestic spying, and financial fraud. Cogent, sharp, and urgent, this is a no-holds-barred indictment of a profoundly un-American system that sanctions immunity at the top and mercilessness for everyone else.
