" On vient de me faire une offre d'un million de dollars pour la publication d' un seul mois de ce journal. " - Richard Burton, 29 octobre 1968 " On vient de me faire une offre d'un million de dollars pour la publication d'un seul mois de ce journal ", écrit avec étonnement Richard Burton en 1968. L'acteur est alors un des monstres sacrés du 7e art et forme un couple mythique et scandaleux avec Elizabeth Taylor. Cette relation passionnée, leur train de vie babylonien, leur beauté, leurs excès et leurs succès : le journal intime de Burton nous y plonge " caméra à l'épaule ", comme si nous y étions. Mais il révèle aussi un homme insoupçonné, infiniment plus complexe que le commun des acteurs hollywoodiens. Sceptique et distant à l'égard du cinéma, il se montre en revanche fou de théâtre et de littérature. Doté d'un sens de l'humour irrésistible et d'une grande faculté d'observation, Richard Burton possédait les qualités rares et indispensables du diariste - pour notre plus grand bonheur. " Ce journal est, en un mot, fascinant. " - The Washington Times " Burton raconte sa vie à la manière d'un drame poignant où "demain est toujours une surprise". Il en vient à nous manquer chaque fois que l'on pose le livre. Sa voix est de celles qui vous poursuivent longtemps. " - The Daily Telegraph " Il émerge de la lecture de ces carnets un Richard Burton comme même ses plus grands fans n'auraient jamais osé le rêver. Il s'y montre si sensible, intelligent, profondément cultivé et éclairé qu'on se

prendrait presque à se dire qu'on aurait aimé l'avoir à dîner. " - The Wall Street Journal " Ces écrits révèlent un homme porté à la réflexion et attentionné, engagé dans une approche intellectuelle du monde qui l'entoure. On est bien au-delà de la simple image du coureur de jupons avec un penchant pour la boisson [...]. Ses carnets témoignent d'un intérêt profond pour le passé, le présent et l'avenir. " - The Times " Un livre indispensable. " - The Financial Times " Un aperçu réjouissant de la vie de l'acteur, qui ne cherche pas à cacher ses aspérités. " - The Los Angeles Times " Même à notre époque où il semblerait que nous soyons menacés d'une overdose d'informations sur les célébrités, il y a dans ces pages quelque chose d'absolument fascinant. " - NBC Today Acclamé comme l'un des acteurs les plus marquants de sa génération, Richard Burton (1925-1984) eut le tort, pour certains, de négliger sa carrière. Parce qu'au cinéma et à ses intrigues, il préféra les livres... et surtout sa liberté.

Tout ce qui brille National Geographic Books

As a big storm approaches, two strangers arrive in the forest. All the animal families, safe in their homes, are worried. They wonder, "What are they doing there? What do they want?" So, as the pair knocks at the door of one home after another asking for shelter, all the animals turn them away, leaving them to fend for themselves. But then an accident suddenly forces the fox family out into the snow and the wind, and the foxes find they must ask these outsiders for help. Will they find it in their hearts to give it? Céline Claire's heartwarming picture book story delivers a timeless and timely message about the importance of kindness and generosity. With simple and evocative language, it explores how even small gestures can make a big difference to the strangers or outsiders in a community. Artist Qin Leng uses a warm, soft palette in her ink and watercolor illustrations creating a charming and inviting visual narrative that is perfect for young children. This book provides a wonderful opportunity for discussions about being welcoming and helping others in need, including how children can put this into practice by reaching out to the "new kid" or the one who seems different. It also works well for character education lessons on kindness, caring and empathy.

Growing up is a whole lot easier if you have some idea what to expect. This book describes exactly what will happen to your body in a straightforward, easy-to-understand way, and it explains some of your feelings too - all you need to know for this important time in your life. This is a highly illustrated ebook that can only be read on the Kindle Fire or other tablet. "Look no further: the What's Happening to Me? Books are nothing short of brilliant. They aim to help children aged nine and above understand bodily changes and they do this extremely well. Susan Meredith answers the questions young girls want to ask but might feel afraid to. It's all there: getting measured up for a bra, periods, using towels and tampons, feeling, diet, health and hygiene and there is also a section on what happens to boys. The text is informal, chatty, full of useful facts and packed with considerate advice and support. A book like that wouldn't work as well without graphics and diagrams, and the illustrations are colourful and engaging as well as informative." - John Dabell, TES Magazine

Julia, trente ans à peine, est une jeune femme solitaire qui gagne sa vie en faisant des ménages. En pénétrant dans leurs maisons, leurs appartements, elle se confronte à une galerie de personnages singuliers dont elle va observer les habitudes et les âmes à mesure qu'elle nettoie leurs intérieurs. Mais elle va aussi perdre pied. Pourquoi ne pas prendre possession de la baignoire de l'appartement 61, du salon de la 122-D, se nourrir quasi exclusivement de chips chipées ou déguster une bouteille de rosé sur une terrasse qui ne lui appartient pas ? Sytske van Koeveringe nous offre avec *C'est lundi* aujourd'hui un premier roman envoûtant et insolite. En mettant en scène une femme de ménage pour qui la réalité s'effrite, dans une langue saccadée qui empêche tout épanchement émotionnel, elle nous oblige à regarder par le trou de la serrure et à sortir de notre cocon.

Faldistoire's grandfather thinks he's a ghost. Sylvie's mother reads tarot and summons stormclouds to mete her witch's justice. Behind his Dad of the Year demeanour, Sébastien's father hides

dark designs. It's Croustine's grandfather who makes the boy a pair of slippers from the dead family dog, but it's his father, the cannily-named Kevin Lambert, who always seems to be nearby when tragedy strikes, and in the cemetery, under the baleful eyes of toads, small graves are dug one after the other: Chicoutimi, Quebec, is a dangerous place for children. But these young victims of rape, arbitrary violence, and senseless murder keep coming back from the dead. They return to school, explore their sexualities, keep tabs on grown-up sins—and plot their apocalyptic retribution. Surreal and darkly comic, this debut novel by Kevin Lambert, one of the most celebrated and controversial writers to come out of Quebec in recent memory, takes the adult world to task—and then takes revenge.

In 2017, Edmund Platt aka The English Snail embarked on an 8,000 km hitchhike around France to pick up the trash that 1 in 3 French people chuck from their cars every day. Hellbent on making some noise about the disastrous littering problem, the plastic suffocating our oceans and our broken consumer society, Eddie's message is honest, ultra-powerful, and full of home truths. Highly anticipated by the media and fans alike, his first book details the nitty-gritty life on the road in the land of frog's legs and garlic breath. With nothing but a backpack, litter-picker and healthy thirst for beer, his three-month journey will change the way you look at life and maybe even your priorities. Time isn't money, it's much more ****ing valuable than that! This book is a human rollercoaster adventure laced with twists and turns that anyone can relate to. Rich in spontaneity, amusing and eye-opening, *The Englishman Who Wanted to Clean France* is the ultimate slap in the face and kick-start we could all use during these contagious times.
