Routledge

This is a historical text
that focuses on the

history of Woodside,
the North End of
Newark, N.J. The text
explores the history,
legends, and ghost
stories gathered from
the records and the
older inhabitants by C.
G. Hine. This text is
divided into: PART I:

Early History. Before 1866 PART II: C. C. Hine and his times, briefly covering the period of personal recollections and the development of Woodside as a residence section PART III: Anecdotes of and matters personal to Mr. C. C. Hine The stories are given for what they are worth, but all of them are part of the legend of the region and none have been invented merely for filling.

Outstanding Young Men of America
Cambridge University Press

This comparative study of piracy and maritime violence provides a fresh understanding of European overseas expansion and colonisation in Asia. This title is also available as Open

Access on Cambridge Core.

Modern Maritime Piracy National Academies

This book develops the idea that since decolonisation, regional patterns of security have become more prominent in international politics. The authors combine an operational theory of regional security with an empirical application across the whole of the international system. Individual chapters cover Africa, the Balkans, CIS Europe, East Asia, EU Europe, the Middle East, North America, South America, and South Asia. The main focus is on the post-Cold War period, but the history of each regional security complex is traced back to its

beginnings. By relating the regional dynamics of security to current debates about the global power structure, the authors unfold a distinctive interpretation of post-Cold War international security, avoiding both the extreme oversimplifications of the unipolar view, and the extreme deterritorialisations of many globalist visions of a new world disorder. Their framework brings out the radical diversity of security dynamics in different parts of the world.

This book examines the complex phenomena of modern maritime piracy. The work offers a cutting-

edge analysis of modern maritime piracy in the two most pirate-prone regions - southeast Asia and northeast Africa - from the late twentieth century to the modern day. These case studies present a detailed exploration of how regional and international governments responded to upsurges of piracy and how responses have evolved over the course of the past 40 years. This analysis reveals the results of these efforts and what effect, if any, suppressing piracy at sea had on tensions and instability ashore. The book transcends a simple narrative, providing detailed and extensively researched case studies of contemporary

manifestations and responses at the strategic, operational and tactical levels. New insights are offered, such as the role of external navies in the repression of piracy in northeast Africa before the well-documented escalation in 2005. In addition, this book constructs a comparative analytic framework to gauge the effectiveness and shortcomings of modern attempts to counteract piracy, which reveals lessons learned, future policy projections and wider implications. This analysis adds new classifications, innovative concepts and scholarly depth to the field of maritime security studies, naval history and theory and international relations. This book will be of

much interest to students of naval history, maritime security, strategic studies and international relations. Merchant Vessels of the United States... Cambridge University Press

Little Village Toy Plans for Table Saws DigiCat
Devoted to recording the scope of African American achievement, reference provides biographical and career details on more than 20,000 notable African American individuals, including leaders from sports, the arts, business, religion and more. An obituary section contains fully updated entries for listees who

have died since the previous edition. Toymaker Press Michael Hadley and Roger Sarty shed new light on Canadian and German history -- and on Canada's naval defences in particular - - by exploring the naval operations and politics of both nations between 1880 and 1918. Beginning with Canada's feeling of "Splendid Isolation" and Germany's imperial ambitions against North America, the authors' intriguing and graphic account takes us from the early turmoil of federal politics in Canada to the conflict of the Great War and the eventual mothballing of the Canadian fleet. Having conducted an exhaustive study of Canadian, German, American, and British

sources -- many of which have not been examined before -- Hadley and Sarty evaluate such major issues as policies and practice; intelligence schemes and spy scares; naval bills and the Dreadnought crisis; U-boats, commercial submarines, undersea cruisers, and surface raiders; and coastal patrols and convoy protection. Many factors that were believed to have been responsible for shaping -- and misshaping -- the Canadian Navy of 1939-45 are shown to have been in play during the First World War. Tin-Pots and Pirate Ships reveals the Canadian tradition of building a fleet only when needed, dismantling it once the conflict is over, and ultimately accepting

terms dictated by alliance partners.

The International Who's Who of Women 2002 McGill-Queen's Press - MQUP

Artists working in a variety of western European nations have overturned the dominant traditions of comic book publishing as it has existed since the end of the Second World War, seeking instead to instill the medium with experimental and avant-garde tendencies commonly associated with the visual arts. This book addresses this transformation.

Now in its ninety-eighth year of publication, this standard Canadian reference source contains the most comprehensive and authoritative biographical information on notable living Canadians. Those listed are carefully selected because of the positions they hold in Canadian society, or because of the contribution they have made to life in Canada. The volume is updated annually to ensure accuracy, and 600 new entries are added each year to keep current with developing trends and issues in Canadian society. Included are outstanding Canadians from all walks of life: politics, media, academia, business, sports and the arts, from every area of

human activity. Each entry details birth date and place, education, family, career history, memberships, creative works, honours and awards, and full addresses. Indispensable to researchers, students, media, business, government and schools, Canadian Who's Who is an invaluable source of general knowledge. The complete text of Canadian Who's Who is also available on CD-ROM, in a comprehensively indexed and fully searchable format. Search 'astronaut' or 'entrepreneur of the year,' 'aboriginal achievement award' and 'Order of Canada' and discover a wealth of information. Fast, easy and more accessible than ever,

the Canadian Who's Who on CD-ROM is an essential addition to your electronic library. *The Routledge Companion to Religion and Popular Culture* Raleigh, N.C., USA : American Biographical Institute

Personalities of the Americas (including the Caribbean). Raleigh, N.C. : American Biographical Institute
Les auteurs de BD sont des Dieux vivants. Je l'ai compris quand j'étais tout gamin, alors que j'arpentais les festivals de BD en quête de dédicaces. Cette idée ne m'a jamais quitté quand j'ai commencé à écrire, et présenter timidement des projets de BD à divers éditeurs. Elle était encore présente dans mon esprit quand j'ai monté mon projet de BD en auto-édition, et que j'ai pu enfin les côtoyer ! Les Dieux vivants ! Ceux qui ont réussi. Le projet Rage a

maintenant dix ans, et pour fêter ces dix ans, j'ai eu envie d'écrire un livre. Un vrai cette fois, avec de vrais mots dedans, et pas de dessins. Un petit livre qui fait le bilan de ces dix années, passées à essayer de maintenir la tête hors de l'eau dans le monde merveilleux de la bande dessinée, tout en abordant les différents aspects techniques de l'écriture de scénario et de la création de BD en auto-édition. Vous voulez devenir scénariste de BD ? Vous avez envie de vous lancer dans l'auto-édition ? Je vais vous expliquer tout ce qu'il ne faut pas faire. Et vous ne pourrez pas dire que je ne vous aurai pas prévenu. 10 ans de galère est un livre sur le monde de la BD, vu au travers du

filtre de mon expérience. Je ne suis pas réellement scénariste de BD. Pas au sens où on l'entend, du moins. Juste quelqu'un qui a écrit un scénario de BD, et édité cette BD lui-même. Si vous ne

comprenez pas la différence, ce livre est fait pour vous.
