SANCHEZ ARIANA

Droit Yougoslave Council of Europe

This book addresses current developments concerning the interpretation of the United Nations Convention on the Law of the Sea (UNCLOS) on the part of international courts and tribunals. It does so from different perspectives, by focusing on the jurisprudence of international and regional bodies, such as the International Court of Justice (ICJ), the International Tribunal for the Law of the Sea (ITLOS), the European Court of Justice (ECJ) and the European Court of Human Rights (ECtHR), as well as international arbitral tribunals and the World Trade Organization (WTO) Dispute Settlement Body. The various contributions offer in-depth analyses of issues ranging from the interaction between the sources of the International Law of the Sea, to various substantial, procedural and institutional aspects of the regulatory framework established by UNCLOS. The book also focuses on the reference by international courts and tribunals, in Law of the Sea cases, to both general principles and rules concerning interpretation codified in the Vienna Conventions on

the Law of Treaties.

State of democracy, human rights and the rule of law 2018 BRILL

Human rights, democracy and the rule of law depend on the institutions that give them form. But for populists, who invoke the proclaimed “will of the people”, these institutional checks and balances on power are often seen as an obstacle that should be subverted. This is the fifth annual report of the Secretary General of the Council of Europe on the state of democracy, human rights and the rule of law in Europe. As with previous reports, the five chapters look at the key building blocks of democratic security: efficient, impartial and independent judiciaries; freedom of expression; freedom of assembly and freedom of association; democratic institutions; and inclusive societies.

Washington face aux conflits sécessionnistes Marco Polo Travel Publishing, Limited

The new Edition of the report of the European Commission for the Efficiency of Justice (CEPEJ), which evaluates the functioning of the judicial systems in 45 Council of Europe’s member states and an observer state to the CEPEJ, Israël, remains in line with the process carried out since 2002. Relying on a methodology which is already a reference for collecting and processing a wide number of

quantitative and qualitative judicial data, this unique study has been conceived above all as a tool for public policy aimed at improving the efficiency and the quality of justice. To have the knowledge in order to be able to understand, analyse and reform, such is the objective of the CEPEJ which has prepared this report, intended for policy makers, legal practitioners, researchers as well as for those who are interested in the functioning of justice in Europe.

Les référendums sur l'indépendance de la Catalogne et de l'Écosse ainsi que les conflits

sécessionnistes qui ont déstabilisé l'Ukraine, le Soudan ou encore la Géorgie nous rappellent que les mouvements sécessionnistes ont une grande influence sur le cours des relations internationales au 21e siècle. Bien que les États-Unis ne soient pas favorables aux revendications indépendantistes, ils ont, dans la pratique, reconnu l'indépendance de plusieurs États sécessionnistes au cours des dernières décennies. Washington face aux conflits sécessionnistes révèle que cette incohérence apparente s'explique par le fait que les États-Unis sont une puissance en quête de stabilité. En examinant la politique étrangère américaine à l'égard des crises sécessionnistes survenues dans les Balkans, en Afrique et en Europe, Jonathan Paquin montre que, si la politique étrangère américaine privilégie en apparence l'intégrité des frontières internationales, Washington se préoccupe davantage de garantir la stabilité pour assurer sa puissance que de maintenir le statu quo.

Yearbook of the European Convention on Human Rights/Annuaire de LA Convention Européenne Des Droits De l'Homme Hachette UK

The "European Yearbook" promotes the scientific study of nineteen European supranational organisations, including the Organisation for Economic Co-operation and Development (OECD). Each volume contains a detailed survey of the history, structure and yearly activities of each organisation and an up-to-date chart providing a clear overview of the member states of each organisation. In addition, a number of articles on topics of general interest are included in each volume. A general index by subject and name, and a cumulative index of all the articles which have appeared in the "Yearbook," are included in every volume and provide direct access to the "Yearbook"'s subject matter. Each volume contains a comprehensive bibliography covering the year's relevant publications. This is an indispensable work of reference for anyone dealing with the European institutions.

Systèmes judiciaires européens - Edition 2014 (données 2012) - Efficacité et qualité de la justice United Nations

Croatie et Slovénie ont subi une agression dans l'indifférence et un certain mépris de la communauté internationale, qui a voulu ignorer la nature et les causes véritables d'une guerre de conquête pratiquant le nettoyage ethnique notamment en Croatie. Face à ce qui fut un combat pour la liberté et la démocratie dans l'indépendance, l'Europe a dû imaginer un mécanisme afin de reconnaître les nouveaux Etats, tout en préservant sa cohésion. Après avoir proclamé leur indépendance, la Slovénie et la Croatie ont été reconnues par l'UE le 15 janvier 1992, avant d'en devenir membres. Cet ouvrage permet de comprendre pourquoi les aveuglements idéologiques ou géopolitiques peuvent présenter un danger pour la paix.

In accordance with Article 102 of the Charter and the relevant General Assembly Resolutions, every treaty and international agreement registered or filed and recorded with the Secretariat since 1946 is published in the United Nations Treaty Series. At present, the collection includes about 30,000 treaties reproduced in their authentic languages, together with translations into English and French, as necessary. The Treaty Series, where treaties are published in the chronological order of registration, also provides details about their subsequent history (i.e., participation in a treaty, reservations, amendments, termination, etc.). Comprehensive Indices covering 50-volume-lots are published separately. A Standing Order service is available for the Series and out-of-print volumes are available on microfiche.

Le processus de Barcelone définit un horizon de politique méditerranéenne pour les différents acteurs étatiques ou non étatiques, publics ou civils, qui agissent sur la scène régionale. S'il encourage parfois à des vues et des actions communes, il contribue aussi à la diversification et au développement des stratégies particulières : certains États y voient une opportunité pour confirmer leur statut de puissance régionale, les collectivités locales s'en servent comme d'un terrain d'expansion de leur politique extérieure, et de nombreux acteurs de la société civile s'appuient sur le référent euro-méditerranéen pour exister et se faire reconnaître. Le phénomène touche aussi bien le Sud que le Nord, malgré le déséquilibre global qui affecte le projet euro-méditerranéen. Issu d'une collaboration entre chercheurs français et allemands, le présent ouvrage fait une large place au rapport des deux pays et des deux sociétés à l'espace méditerranéen. Mais il veille à les insérer dans une approche globale des jeux d'acteurs dans cet espace, notamment en analysant les positions turques et égyptiennes. Les contributions

s'organisent en trois grandes parties : les usages de l'histoire, la politique des États, l'émergence des acteurs civils.

Democratic security is an old idea, based on the argument that democracies rarely, if ever, go to war with each other. Democratic practices equally protect states from internal strife. Democratic security is a responsibility which all nations share. This second annual report on the state of democracy, human rights and the rule of law in Europe assesses the capacities of the member states to guarantee and enhance democratic security within their borders and, collectively, across the continent. It measures the extent to which the Council of Europe's 47 member states are able to make the five pillars of democratic security a reality, namely: an efficient and independent judiciary, freedom of expression, freedom of assembly and association, the functioning of democratic institutions, and inclusive society and democratic citizenship. The report also draws on the Council of Europe's capacity to monitor and evaluate performance in terms of democracy, human rights and rule of law and to identify remedies for shortcomings and provide assistance in their implementation.

Alors que la majorité des innovations en didactique des langues se manifeste dans la création de nouveaux outils pour l'enseignement, le projet "Médiation culturelle et didactique des langues" a choisi une autre voie, en adoptant une démarche de formation à la recherche par la recherche. C'est dire qu'il a tenté de résoudre plusieurs défis : vivre la pluralité des cultures de formation des enseignants comme une source d'innovation, plutôt que comme un obstacle ; adopter un cadre pluridisciplinaire, introduisant des références en usage dans les sciences sociales pour développer

une réflexion sur le rôle des langues dans la cohésion sociale ; apporter un faisceau de réponses à une question jusqu'à maintenant peu présente dans le champ de la didactique des langues et des cultures "Quelle est la place de la médiation culturelle ?" (4e de couv.).

" L'expérience acquise en Bosnie pourra servir de modèle pour nos opérations futures de l'OTAN. " Javier Solana, secrétaire-général de l'OTAN Etes-vous d'accord avec ces guerres que l'OTAN nous prépare ? Mais vous vous demandez, après tant de désinformation : peut-on comprendre des conflits comme la Yougoslavie ? Ne sommes-nous pas dans un immense poker menteur où la règle est de mentir, bluffer, dissimuler ses alliances ? Voici justement la grille pour déchiffrer les intérêts cachés des grandes puissances : Etats-Unis, Allemagne, et leurs manœuvres en coulisses. La Yougoslavie a été un laboratoire permettant à l'OTAN de préparer de prochaines guerres. Où auront-elles lieu ? Reverrons-nous ces colonnes de réfugiés, ces camps, ces massacres ? Mais d'abord, que vaut notre information ? Dans ce livre, l'auteur d'Attention médias ! vous donne les moyens d'analyser vous-même les médiemensonges. Et surtout ces guerres qui viennent. Parce que défendre la paix vaut la peine de s'engager. En connaissance de cause.
