Fault In Our Stars” is a tragic love story that deals with the sufferings and deaths of cancer patients. John Green borrows the title of the story from Shakespeare’s “Julius Caesar”, wherein Cassius says, “The fault dear Brutus is not in our stars but in ourselves that we are underlings.” But contrary to what Cassius says, this story establishes the conundrum that we are

helpless before our destiny. In Green’s novel, Hazel and Augustus are lovers, not unlike “Antony and Cleopatra”, and “Romeo and Juliet.” But what separates them from the legendary lovers is the fact that they are born with cancer in their cells. Their story, although of great love and compassion, will not be written in the pages of history. *Yasmin's Journey* Penguin

Meski keajaiban medis mampu mengecilkan tumornya dan membuatnya Hazel bertahan hidup beberapa tahun lagi, Hazel Grace tetap putus asa. Hazel merasa tak ada gunanya lagi dia hidup di dunia. Namun ketika kelindan nasib mempertemukannya dengan Augustus Waters di Grup Pendukung Anak-anak Penderita Kanker, hidup Hazel berubah 180 derajat. Mencerahkan,

berani dan menggugah, *The Fault in Our Stars* dengan brilian mengeksplorasi kelucuan, ketegangan, juga tragisnya hidup dan cinta. set cultural biases about poverty and parenthood.” —New York Times Book Review An activist calls for better support of young families so they can thrive and reflects on her experiences as a Black mother and college student fighting for opportunities for herself and her child. *Pregnant Girl* presents the possibility of a different future for young mothers—one of success and stability—in

the midst of the dismal statistics that dominate the national conversation. Along with her own story as a young Black mother, Nicole Lynn Lewis weaves in those of the men and women she’s worked with to share a new perspective on how poverty, classism, and systemic racism impact teen pregnancy and on how effective programs and equitable policies can help teen parents earn college

degrees, have increased opportunity, and create a legacy of educational and career achievements in their families. After Nicole became pregnant during her senior year in high school, she was told that college was no longer a reality—a negative outlook often unfairly presented to teen mothers. Nicole left home and experienced periods of homelessness, hunger, and poverty. Despite these

obstacles, she enrolled at the College of William & Mary and brought her 3-month-old daughter along. Through her experiences fighting for resources to put herself through college, she discovered her true calling and founded her organization, Generation Hope, to provide support for teen parents and their children so they can thrive in college and kindergarten

—driving a 2-generation solution to poverty. Pregnant Girl will inspire young parents faced with similar choices and obstacles that they too can pursue their goals with the right support. *The Fault in Our Stars* Hachette UK The Fault in Our Stars: by John Green Conversation StartersA Brief Look Inside:The Fault in Our Stars, written by John Green, is the story of love, heartbreak, illness, loss,

teens fall in love with just one minor complication—they can't get within a few feet of each other without risking their lives. Can you love someone you can never touch? Stella Grant likes to be in control—even though her totally out of control lungs have sent her in and out of the hospital most of her life. At this point, what Stella needs to control most is keeping herself away from anyone or anything

Will's exactly what Stella needs to stay away from. If he so much as breathes on Stella she could lose her spot on the transplant list. Either one of them could die. The only way to stay alive is to stay apart. But suddenly six feet doesn't feel like safety. It feels like punishment.
