Secrets. Everyone has one. Some are bigger than others. And when secrets are revealed, some will heal you ... And some will end you. Kate Sedgwick's life has been anything but typical. She's endured hardship and tragedy, but throughout it all she remains happy and optimistic (there's a reason her best friend Gus calls her Bright Side). Kate is strong-willed, funny, smart, and musically gifted. She's also never believed in love. So when Kate leaves San Diego to attend college in the small town of Grant, Minnesota, the last thing she expects is to fall in love with Keller Banks. They both feel it. But they each have a reason to fight it. They each have a secret. And when secrets are revealed, some will heal you ... And some

will end you.

From the New York Times bestselling author of Enders Game comes a brand-new series following a teen who wakes up on an abandoned Earth to discover that he's a clone. Laz is a side-stepper: a teen with the incredible power to jump his consciousness to alternate versions of himself in parallel worlds. All his life, there was no mistake that a little side-stepping couldn't fix. Until Laz wakes up one day in a cloning facility on a seemingly abandoned Earth. Laz finds himself surrounded by hundreds of other clones, all dead, and quickly realizes that he too must be a clone of his original self. Laz has

no idea what happened to the world he remembers as vibrant and bustling only yesterday, and he struggles to survive in the barren wasteland he's now trapped in. But the question that haunts him isn't why was he created, but instead, who woke him up...and why? There's only a single bright spot in Laz's new life: one other clone appears to still be alive, although she remains asleep. Deep down, Laz believes that this girl holds the key to the mysteries plaguing him, but if he wakes her up, she'll be trapped in this hellscape with him. This is one problem that Laz can't just side-step his way out of.

In a land far away, there were two kingdoms: the Outside, where twisted beasts roamed that could curse with a touch, and the Inside, where humans lived in safety and peace. The girl and the beast should never have met, but when they do, a quiet fairytale begins.
