This book examines the life and work of
the Reverend John Callender
(1706-1748) within the context of the
emergence of religious toleration in New
England in the later seventeenth and

early eighteenth centuries, a relatively recent endeavor in light of the well-worn theme of persecution in colonial American religious history. New England Puritanism was the culmination of different shades of transatlantic puritan piety, and it was the Puritan's pious adherence to the Covenant model that compelled them to punish dissenters such as Quakers and Baptists. Eventually, a number of factors contributed to the decline of persecution, and the subsequent emergence of toleration. For the Baptists, toleration was first realized in 1718, when Elisha Callender was ordained pastor of the First Baptist Church of Boston by Congregationalist Cotton Mather. John Callender, Elisha Callender's nephew, benefited from

Puritan and Baptist influences, and his life and work serves as one example of the nascent religious understanding between Baptists and Congregationalists during this specific period. Callender's efforts are demonstrated through his pastoral ministry in Rhode Island and other parts of New England, through his relationships with notable Congregationalists, and through his writings. Callender's publications contributed to the history of the colony of Rhode Island, and provided source material for the work of notable Baptist historian, Isaac Backus, in his own struggle for religious liberty a generation later.

God can take the life of the most insignificant individual or a ministry in a small to moderate-size church and touch the lives of many people for eternity.

This is the lesson at the heart of Pastor Bonds' message to the readers of *Ain't That Something?* Pastor Bonds is retired, having served more than forty-nine years of pastoral ministry in various churches in Nebraska and Texas. He grew up in humble circumstances that some would even call poor during the Great Depression in the 1930's.

However, he never thought of himself or his family as being poor. He lived a simple childhood and a rather

insignificant adolescence. He takes the reader on the journey of his life from before he was born to the end of his years of pastoral ministry. Pastor Bonds has written his book to encourage those who feel that they are just ordinary and insignificant; not really able to be useful to God in any meaningful way. He wants to encourage the pastors of the thousands of small and moderate-size churches scattered throughout America to see themselves as successful. His message is that God will use anyone who trusts Him.

Martin Luther King, Jr.'s ideas—his call for racial equality, his faith in the ultimate triumph of justice, his insistence on the power of nonviolence to bring about a major transformation of American society—are as vital and timely as ever. The wealth of his writings, both published and unpublished, are now preserved in this authoritative, chronologically arranged, multi-volume edition. Volume Two begins with King's doctoral work at Boston University and ends with his first

year as pastor of the historic Dexter Avenue Baptist Church in Montgomery, Alabama. It includes papers from his graduate courses and a fully annotated text of his dissertation. There is correspondence with people King knew in his years prior to graduate school and a transcription of the first known recording of a King sermon. We learn, too, that Boston was where King met his future wife, Coretta Scott. Accepting the call to serve Dexter, the young King followed the church's tradition of socially active pastors by becoming involved in voter registration and other social justice issues. In Montgomery he completed his doctoral work, and he and Coretta Scott began their marriage. The Papers of Martin Luther King, Jr. represents a testament to a man whose life and

teaching have had a profound influence, not only on Americans, but on people of all nations. The Martin Luther King, Jr., Papers Project at Stanford University was established by the Center for Nonviolent Social Change, Inc. in 1984.

Excerpt from A Discourse on the Twentieth Anniversary of His Ordination: Delivered in the Church of the Second Parish, Saco, April 12, 1863 It will be twenty years tomorrow since I was ordained pastor of this church. In your letter of invitation, dated Feb. 23, 1843,

you expressed it as your unanimous opinion that the best interests of the Parish and of pure religion in this vicinity would be promoted by settling me as your minister. For graduating seminary students, Stephen Sprinkle has written a practical theological guide for preparing for ordination in the Christian Church (Disciples of Christ), United Church of Christ, American Baptist Church, Presbyterian Church (USA), and other closely related denominations. He provides a theology of what ordination is and what it means to the person being ordained, to the life of the church at large, and to the congregation gathered for the celebration. Sprinkle includes "hands-on" practical guidance on how to plan the service, plus samples of ordination services from each of the four

traditions.

"Edited by Bela B. Edwards and others, this was one of the most important periodicals devoted to education.

Although interested primarily in the education of candidates for the ministry and mission fields, it also touched on more general topics in the education field. Contents included statistical material, such as listings of churches and ministers, activities of the American (later Congregational) Education Society, much biography, histories of universities, and essays and discussions pertaining to the ministry and to education" --Cf.

Christianity flourishes in areas facing profound dislocations amidst regime change and warfare. This book explains the appeal of Christianity in the Chaozhou-Shantou (Chaoshan) region during a time of transition, from a stage of disintegration in the late imperial era into the cosmopolitan and entrepreneurial area it is today. The authors argue that Christianity played multiple roles in Chaoshan, facilitating mutual accommodations and adaptations among foreign missionaries and native converts. The trajectory of Christianization should be understood as a process of civilizational change that inspired individuals and communities to construct a sacred order capable of

empowerment in times of chaos and confusion.

Explorations of the English Baptist reception of the Evangelical Revival often--and rightfully--focus on the work of the Spirit, prayer, Bible study, preaching, and mission, while other key means are often overlooked. Useful Learning examines the period from c. 1689 to c. 1825, and combines history in the form of the stories of Baptist pastors, their churches, and various societies, and theology as found in sermons, pamphlets, personal confessions of faith, constitutions, covenants, and theological treatises. In the process, it identifies four equally important means of grace. The first was the theological renewal that saw moderate Calvinism answer "The

Modern Question," develop into evangelical Calvinism, and revive the denomination. Second were close groups of ministers whose friendship, mutual support, and close theological collaboration culminated in the formation of the Baptist Missionary Society, and local itinerant mission work across much of Britain. Third was their commitment to reviving stagnating Associations, or founding new ones, convinced of the vital importance of the corporate Christian life and witness for the support and strengthening of the local churches, and furthering the spread of the gospel to all people. Finally was the conviction of the churches and their

pastors that those with gifts for preaching and ministry should be theologically educated. At first local ministers taught students in their homes, and then at the Bristol Academy. In the early nineteenth century, a further three Baptist academies were founded at Horton, Abergavenny, and Stepney, and these were soon followed by colleges in America, India, and Jamaica.
