"Based on a national study, this book shows how churches can move both new and old members into ministry by implementing

effective new members' classes"--

### **The Daniel Plan**

InterVarsity Press

In a society overrun by commercial clutter, religion has become yet another product sold in the consumer marketplace, and faiths of all kinds must compete with a myriad of more entertaining and more convenient

leisure activities. Brands of Faith argues that in order to compete effectively faiths have had to become brands – easily recognizable symbols and spokespeople with whom religious prospects can make immediate connections. Mara Einstein shows how religious branding has expanded over the past twenty years to create a blended world of commerce and faith where the sacred becomes secular and the secular sacred. In a series of fascinating case studies of faith brands, she explores the significance of branded church courses, such as Alpha and The Purpose Driven Life, mega-churches, and the popularity of the televangelist Joel Olsteen and television

presenter Oprah Winfrey, as well as the rise of Kaballah. She asks what the consequences of this religious marketing will be, and outlines the possible results of religious commercialism – good and bad. Repackaging religion – updating music, creating teen-targeted bibles – is justifiable and necessary. However, when the content becomes obscured, religion may lose its unique selling proposition – the very ability to raise us above the market.

Wipf and Stock Publishers  
This history of one local church demonstrates the prayerful determination of its membership over five decades to craft a meaningful place of ministry in a spiritually challenging community which dates to the Mayflower Pilgrims. These members purposed to honor God by growing in their relationship with Him and one another through a balanced focus on worship, discipleship, fellowship, ministry, and

evangelism. Throughout these years, ups and downs were plentiful, but God's faithfulness and His joy were always loved by His servants at Dartmouth Bible Church. This history candidly captures those stories and turns the reader back to the Lord with thanksgiving for His loving presence among His people. Includes several appendices of historical data.

Лауреат Пулитцеровской премии Чарлз Дахигг открывает перед читателями увлекательный мир последних научных открытий, которые объясняют, как формируются и почему существуют

привычки, а также то, как их можно изменить. Как «Starbucks» завоевывает своих клиентов? Возможно ли запрограммировать себя на победу? Влияют ли привычки одного человека на достижение общей цели? Умело подкрепляя научную информацию интереснейшими примерами – историями из жизни крупных корпораций, успешных спортивных команд и даже движения за гражданские права, – Дахигг подводит нас к совершенно новому пониманию человеческой природы и ее поистине неограниченного потенциала. От силы привычки зависит все: занятия спортом

и борьба с лишним весом, профессиональная эффективность и финансовый успех. Изменяя привычки, мы способны изменить и свою жизнь, и мир вокруг нас!

Since the first century, believers have worked diligently to find the most effective means of evangelizing. In every age there have been great teachers who have excelled in their abilities to show others how best to communicate the good news of Christ. Roy Fish, Professor of Evangelism at Southwestern Baptist Theological Seminary, has inspired generations of evangelists who have learned his balanced, biblical methodology.

These essays written in his honor discuss personal evangelism, preaching, discipleship, great spiritual awakenings, contemporary spirituality, worship, mission work, and related topics. Included are contributions by scholars and preachers such as Jimmy Draper, Calvin Miller, Robert Coleman, and Rick Warren. This collection is a must for evangelists, students of theology, pastors, Bible teachers, or anyone interested in effective outreach.

### **Discipling The Next Generation**

HarperChristian + ORM  
As children, we are prisoners to our surroundings. The nature of the people and visuals we see day in and day out are all we know. We don't

have a clue what is beyond our realm of existence, and so it is difficult to break out of this sphere. Because of this natural shell, we often choose to stay within the comforts of mediocrity. But God has much more in store for us! All we have to do is choose to break out of this pit and follow His direction. How do we do that? Frances Seymour reveals the irony of mediocrity and its entrapment. Providing examples and encouragements from her own life, as well as poignant questions to meditate on and journal about, she shares simple yet effective ways that we can choose to move forward—to break the grip mediocrity has on our lives. Frances lived and learned many of

these life lessons the hard way. Mediocrity to Maturity is as a personal journey through despair that will teach you how applying faith leads to repair—even in the midst of terrible loss. Chiseled Baker Books "The book chronicles Cheri DiNovo's own attempts as a minister to expand the membership of a rapidly shrinking congregation in a poor, inner city Toronto neighborhood. As a result, DiNovo discovers that, in her congregation's decision to evangelize among the marginalized and "queer" in their neighborhood, church members are radically changed by realizing how "queer" or different they are themselves."--Jacket.

 Hay pocos libros que se convierten en manuales esenciales de vida. Este es uno de ellos. Financial Times  
 En *El poder de los hábitos*, el premiado periodista Charles Duhigg nos lleva al límite de los descubrimientos científicos que explican por qué existen los hábitos, cómo nos condicionan y cómo cambiarlos. Duhigg ofrece una gran cantidad de información en una fascinante narrativa que nos lleva a las salas de reuniones de Procter & Gamble, a las gradas de la NFL, y hasta al movimiento por los derechos civiles, y presenta una manera completamente nueva de entender la naturaleza humana y

su potencial. En esencia, *El poder de los hábitos* contiene un mensaje estimulante: la clave para hacer ejercicio con regularidad, perder peso, ser más productivo y conseguir el éxito consiste en entender el modo en que funcionan los hábitos. Como demuestra Duhigg, si somos capaces de sacar partido a este nuevo método, conseguiremos transformar nuestra vida laboral, social y personal.

*Die Macht der Gewohnheit: Warum wir tun, was wir tun*  
 VINTAGE ESPAÑOL  
 American Christians, weary of decades of entrenched partisan feuding, are increasingly distancing themselves from politics. Some,

however, continue to turn toward the state and public policy to find solutions to the world's problems. The problem is that both responses allow a narrow vision of politics to determine the church's mission and ministries, which often ends up separating its commitment to personal faith from the pursuit of social justice--the King from the kingdom.

Christians too easily forget that the church is inherently political, a community defined by its allegiance to a King, its citizenship in a new world, and its call to work alongside others in pursuit of a new way of life. The church needs a political vision that is more than blind acceptance or mere rejection of past models. It needs a

positive vision that takes its cues about politics not from the nation-state but from another political reality: the kingdom of God. This book tells the stories of the visits of two researchers to five diverse congregations across the United States. From the megachurch energy of Rick Warren's Saddleback Church in California, to a young Emergent community in Minneapolis, to the politically active home of Martin Luther King in Atlanta, these stories illuminate the vastly different ways congregations understand and approach politics--and offer a glimpse of a new political imagination for today's church. .embed-container { position: relative; padding-

*Mediocrity to Maturity*  
Today's Catholic Church faces a major decline, and a dramatic renewal is needed to facilitate positive change. In *Wake Up, Lazarus!* author Pierre Hegy documents the most important issues facing modern Catholicism and presents a convincing argument for renewal in the Catholic Church. *Wake Up, Lazarus!* examines three general factors that contribute to the spiritual decline of all mainline churches and three factors that are special to the Catholic Church. Hegy describes the inner workings of two successful parishesone

evangelical and the other Catholic to illustrate the strategies used that contribute to vibrant and growing church communities.

He also reviews various renewal plans and then presents his personal, long-term plan for renewal in the Catholic Church, with practical implementation suggestions included in each step. Hegy communicates that the strategy and principles of Catholic renewal must lead passive Sunday church-goers to become active participants; it must help active participants to become involved in parish life; and it must inspire all involved to become committed disciples.
