VILLARREAL HARRINGTON

Victor Amadeus II Rubbettino Editore

This book examines the violation of property rights in the two World Wars and in the interwar period centering on three keywords: sequestration, confiscation and restitution. Political conflicts, regime change, revolutions and wars make not only people but also their property vulnerable. Plunder and confiscation were common ways of dealing with the enemy - either internal or external - in many conflicts, conquests and occupations during the Old Regime, and resurfaced as crucial political weapons in both the First and the Second World Wars, with disruptive effects. In the two World Wars and the interwar period, sequestration and confiscation grew in scale and scope, reaching an unprecedented magnitude because of three driving forces that were frequently intertwined: nationalism, socialism and antisemitism. Confiscation was a political weapon that furthered different aims. It helped to make the expulsion of enemy subjects irreversible. It was an instrument to exclude from the civic body those who did not belong - the 'internal enemies' - and to prevent undesirable people from acquiring citizenship. It also deprived "enemy aliens" of economic means during the conflict. Bringing together new historical research on Serbia, Italy, Belgium, Turkey, Holland, Poland, Czechoslovakia, Germany and Austria, the chapters address state violence, law and human rights, as well as the entanglement between citizenship, nationality and property. It will be of great interest to those who study minorities, borders, migration, social and economic history as well as European History. This book was originally published as a special issue of *European Review of History*.

BRILL

This book deals with the crucial relationship between war and state formation in early modern Europe by considering the role of the Duchy of Savoy and the rise of this hitherto weak state into one of the regular members of the anti-French coalitions of the eighteenth century. Through his participation in the Nine Years War (1688–97) and the War of the Spanish Succession (1701–14), Victor Amadeus II, duke of Savoy, acquired a reputation for unrivalled 'Machiavellian' diplomacy on the international stage. The book puts this diplomacy in context, and considers how the duke raised men and money (at home and abroad), the administrative changes forced by war, the resulting domestic pressures, and how these were dealt with.

Iconologie oder allegorische Darstellung vieler Leidenschaften, Tugenden, Laster und Handlungen der Menschen Univ of California Press

Late medieval Sicily is shown to have been neither underdeveloped nor dependent on foreign trade.

Vols. for 1871–76, 1913–14 include an extra number, The Christmas bookseller, separately paged and not included in the consecutive numbering of the regular series.

Property Rights in Wartime Cambridge University Press

The history of the Jews in Sicily covers a period of over a thousand years, from Antiquity to the Expulsion, based on some 40,000 archival records, most of them hitherto unpublished. It illustrates the political, legal, economic, social and religious vicissitudes of the Jewish minority and its relations with the surrounding majority of Romans, Moslems and Christians. While the antecedents of the Jewish presence on the island are shrouded in mystery, more and more historical records surface with the passage of time.

Lettres d'un théologien réformé à un gentilhomme luthérien Fabio D'Angelo

Personaggio fascinoso, che la letteratura ha contribuito a mitizzare, Costanza d'Altavilla, regina di Sicilia e imperatrice del Sacro romano impero, deve molta della sua fama al figlio, quel Federico II protagonista, nel duecento, delle lunghe e sanguinose

lotte fra impero e papato. La sua storia è carica di tanti interrogativi e di altrettanti misteri ai quali, anche per pregiudizi ideologici, si sono date delle risposte spesso approssimate. A tali interrogativi e ai relativi misteri l'autore, seguendo un rigoroso percorso di ricerca e utilizzando un modulo narrativo particolarmente accattivante, in questa biografia, la prima su questo personaggio composta in un volume, offre delle risposte e delle chiavi interpretative che ci restituiscono un'immagine nuova e non convenzionale di una donna, tradizionalmente raccontata come capace di dominare gli eventi ma, in realtà, estremamente fragile che, suo malgrado, è stata costretta ad essere attore non secondario della storia del Meridione d'Italia.

Between Scylla and Charybdis A New Cyropaedia, Or The Travels of Cyrus The American Catholic Quarterly Review ...Property Rights in Wartime

During the wars against Napoleon, Britain occupied Sicily continuously from 1806 to 1815. By tracing the history of the British occupation and British relations with the court at Palermo, this account reveals why the promise held out by Sicily as a useful base for offensive operations was never realized.

The first volume of Viaggiatori "Curatele" series seeks to recreate some scientific dialogues, namely meetings, exchanges and acquisition of theoretical and practical scientific knowledge, thus linking the cultural, historical and geographical context of America, Asia, Europe and Mediterranean Sea between the 16th and the 20th century. More specifically, the main objective is to consider the role of travellers as passeurs, as "intermediaries" for building and allowing the circulation of knowhow and the practical and theoretical knowledge from one continent to another.
