Two time-traveling agents from warring futures, working their way through the past, begin to exchange letters—and fall in love in this thrilling and romantic book from award-winning authors Amal El-Mohtar and Max Gladstone. In the ashes of a dying world, Red finds a letter marked “Burn before reading. Signed, Blue.” So begins an unlikely correspondence between two rival agents in a war that stretches through the vast reaches of time and space. Red belongs to the Agency, a post-singularity technopia. Blue

belongs to Garden, a single vast consciousness embedded in all organic matter. Their pasts are bloody and their futures mutually exclusive. They have nothing in common—save that they’re the best, and they’re alone. Now what began as a battlefield boast grows into a dangerous game, one both Red and Blue are determined to win. Because winning’s what you do in war. Isn’t it? A tour de force collaboration from two powerhouse writers that spans the whole of time and space.

*Tiny Beautiful Things (10th Anniversary Edition)* Carolrhoda Books  
Modern pop began in 1952 when the first British chart was published and the first 7" singles were released. It ended (perhaps) in 1995 when Robson and Jerome reached the top of the charts with the first number one not to be available on vinyl since 1953. The internet age ushered in the death rites of over 40 years of pop. A Complete History Pop describes the journey that leads from 'Rock Around the Clock' to 'Crazy in Love'. Raw, thrilling, surprising and sometimes downright dangerous, the Pop moment almost always clocks in under 3:30 and is initially, immediately recognised by a teenage listener. Billy Fury. Chuck Berry. Sonny and Cher. The Troggs. Glen Campbell. Bee Gees. Roxy Music. Chic. Slade. Sex Pistols. Adam and the Ants. Pet Shop Boys. New Order. Madonna. Bob Stanley's A Complete History of Pop documents the rich soundtrack of the last six decades as it has been heard on radios and jukeboxes across the land. There have been many books on pop but very few, if any, have attempted to bring the whole story to life from rock n roll to house and techno in all its various sub-permutations. Audacious and addictive, A Complete History of Pop is a one-stop pop shop for the music lover everywhere.

The Four Loves is a 1960 book by C. S. Lewis which explores the nature of love from a Christian and philosophical perspective through thought experiments. The book was based on a set of radio talks from 1958 which had been criticized in the U.S. at the time for their frankness about sex. C.S. Lewis examines storge or empathy love; philia, friendship love; eros, romantic love; and agape, or God love. Excerpt: "GOD is love," says St. John. When I first tried to write this book I thought that his maxim would provide me with a very plain highroad through the whole subject. I thought I should be able to say that human loves deserved to be called loves at all just in so far as they resembled that Love which is God."

*Just the Two of Us* Harper Collins
