Where could a man meet
the summer more
pleasantly than in the
fragrant silence of a
garden whence have,
emanated the most
practical and poetic

greater dignity, comfort

Whereas at the turn of the 20th century, writers from India who chose to write in English were either unheeded or underrated, with time the literary world has been forced to recognize and accept their contribution to the corpus of world literatures in English. Showcasing the burgeoning field of Indian

English writing, this encyclopedia documents the poets, novelists, essayists, and dramatists of Indian origin since the pre-independence era and their dedicated works. Written by internationally recognized scholars, this comprehensive reference book explores the history and development of Indian writers, their major contributions, and the critical reception accorded to them. The Routledge Encyclopedia of Indian Writing in English will be a valuable resource to students, teachers, and

academics navigating the vast area of contemporary world literature.

FOR this Anthology I have tried to range over the whole field of English Verse from the beginning, or from the Thirteenth Century to this closing year of the Nineteenth, and to choose the best. Nor have I sought in these Islands only, but wheresoever the Muse has followed the tongue which among living tongues she most delights to honour. To bring home

and render so great a spoil compendiously has been my capital difficulty. It is for the reader to judge if I have so managed it as to serve those who already love poetry and to implant that love in some young minds not yet initiated. My scheme is simple. I have arranged the poets as nearly as possible in order of birth, with such groupings of anonymous pieces as seemed convenient. For convenience, too, as well as to avoid a dispute-royal, I have gathered the

most of the Ballads into the middle of the Seventeenth Century; where they fill a languid interval between two winds of inspirationÑthe Italian dying down with Milton and the French following at the heels of the restored Royalists. For convenience, again, I have set myself certain rules of spelling. In the very earliest poems inflection and spelling are structural, and to modernize is to destroy. But as old inflections fade into modern the old spelling becomes less and

less vital, and has been brought (not, I hope, too abruptly) into line with that sanctioned by use and familiar. To do this seemed wiser than to discourage many readers for the sake of diverting others by a scent of antiquity whichÑto be essentialÑ should breathe of something rarer than an odd arrangement of type. But there are scholars whom I cannot expect to agree with me; and to conciliate them I have excepted Spenser and Milton from the rule. Glosses of archaic and

otherwise difficult words are given at the foot of the page: but the text has not been disfigured with reference-marks. And rather than make the book unwieldy I have eschewed notesÑreluctantly when some obscure passage or allusion seemed to ask for a timely word; with more equanimity when the temptation was to criticize or 'appreciate.' For the function of the anthologist includes criticizing in silence.

Putting Them Together Here In Book Form Enhances Their Accessibility And Demonstrates A Sense Of Commitment On The Part Of The Author To The Cause Of Fast-Expanding Indian Writing In English. The Bengali book of English verse S. Chand Publishing
 This poetic adaptation of the Lotus Sutra is faithful to the English translation by Dutch scholar Hendrik Kern (Oxford 1909) from a Sanskrit manuscript written on palm leaves found in Nepal in 1039.

This poem is not based on the Chinese version of Kumarajiva. The poem is presented in two column format in easily readable lines of verse for daily sutra reading and recitation. The stanza numbers were unembedded from the text. The original introduction and footnotes were omitted. Comments and notes were incorporated when they were applicable. Sanskrit names and terms are set with modern diacritical marks. An index with expanded entries is

included. The Lotus Sutra is also known as the Saddharma-Pundarika Sutra or the Lotus of the True Law. It is one of the most important and influential scriptures and literary works in Mahayana Buddhism. This religious classic is adored, revered, and subject to intense veneration by millions who use it as a manual for prayer, chanting, and meditation. This major treatise in Mahayana Buddhism places greater emphasis on devotion and worship than meditation or other

practices. This sutra has an extensive cast of characters including the Buddha and other innumerable Buddhas, Bodhisattvas, gods, and humans in vast, cosmic, and fantastic settings for the telling of parables, stories, and sermons. The 'One Vehicle' concept of Mahayana Buddhism is explained. In the manuscript it is stated that a person derives great merit from reading, writing, and the propagation of the Lotus Sutra.

Trieste Publishing has a massive catalogue of classic book titles. Our aim is to provide readers with the highest quality reproductions of fiction and non-fiction literature that has stood the test of time. The many thousands of books in our collection have been sourced from libraries and private collections around the world. The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original. Our readers see the books the same way

that their first readers did decades or a hundred or more years ago. Books from that period are often spoiled by imperfections that did not exist in the original. Imperfections could be in the form of blurred text, photographs, or missing pages. It is highly unlikely that this would occur with one of our books. Our extensive quality control ensures that the readers of Trieste Publishing's books will be delighted with their purchase. Our staff has thoroughly reviewed every page of all the

books in the collection, repairing, or if necessary, rejecting titles that are not of the highest quality. This process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully reproduces the original, and to the maximum degree possible, gives them the experience of owning the original work. We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality, but also providing value to every one of our

readers. Generally, Trieste books are purchased singly - on demand, however they may also be purchased in bulk. Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates.

"The Bengali Book of English Verse" is a collection of historical poems, representing about one hundred years of poetical effort. It has its origin in England's introduction of Western education into India. This book was written by various authors and was

selected and arranged by Theodore Douglas Dunn, a Scottish oriental scholar and an anthologist of Indian poetry in English.
