Angels Watching Over Me
Independently Published
Eight-year-old Jamie Reed closes her eyes in the hospital and reopens them in a forest of birch trees. From behind a tree pops a smiling, two-legged sort of cow in a polka dot dress who

introduces herself as Mrs. Tipperwillow. On her first day of afterlife, Jamie meets four new friends and quickly learns that in Summerland everything is created instantly by thought. You can fly, eat anything you want and create, do and be anything you can imagine! While in Mrs. Tipperwillow's care the children explore the spirit world finding fun,

laughter, and comfort. They re-visit past lifetimes and discover the magnificent Light Web connecting dimensions. They return to Earth to visit the countries of their ancestors, learning more about themselves and each other along the way. The children ask their teacher the big and often difficult questions about life and death. With clarity and compassion, Mrs.

Tipperwillow answers every one.

Death and the Afterlife

Simon and Schuster

Two seasoned experts with decades of experience working with channeled material describe the various stages of life after death. Just as life itself has different stages of growth and development, so does the afterlife. In this useful handbook, authors Pamela Rae and Jon Klimo demonstrate how dying and rebirth are, much like life, continuous processes. Beginning with the

moment of death itself, progressing through different transitional stages, and ending with the return of spirits to the physical plane, they define the purposes and pitfalls of each stage. They look at the kinds of adjustment problems that occur in each phase, and how spirits can be helped to move forward. Questions of pain and emotional state at the time of death, karma, and reincarnation are sensitively addressed. The book includes practical techniques for opening

communication with those who have passed on to the other side. While of interest to anyone seeking a general overview of the subject, *Handbook to the Afterlife* is particularly useful for those dealing with spirits who have not moved on, such as ghosts.

[Flowers in the Attic](#)
HarperCollins UK

In November, 1915, a shy, cosseted and rather pompous bank clerk left Canada to fight as a lieutenant on the battlefields of Europe. Despite genteel poverty,

his mother had raised him to be the heir to both military greatness and aristocratic splendour. She even followed him to Europe in an attempt to manipulate his destiny. But in the awful killing ground of the Ypres Salient, and subsequently at Vimy and Passchendaele, William Arthur Peel Durie came to understand something of the man he was, instead of the man he was supposed to be. Mother was not pleased. When her son died in the trenches of France, Anna

Durie could once again control his fate. Despite the dictates of Britain and the Empire stating that soldiers who fell in the Great War must rest with their comrades, she made up her mind to steal his body from its grave in the military cemetery near Lens and smuggle it home to the Toronto family plot. Veronica Cusack has unearthed a treasure trove of letters, memoirs, and war records and used them to brilliantly recreate a soldier finding himself in battle and a woman driven by her

maternal obsession.

Flowers Do Speak

iUniverse

In our deepest darkest hours, we are not alone.

The spirits of our loved ones continue to exist after the body dies and many thousands of people around the world have experienced extraordinary signs from heaven to prove this.

The Reason for Flowers

Scholar's Choice

A sharp thriller with a twist of the supernatural from a masterful sci-fi writer. "Lauren James is a genius." SFX Magazine

"Lauren James isn't just headed for the stars - she's already there." Samantha Shannon, author of *The Priory of the Orange Tree* What if death is only the beginning? When Harriet Stoker dies after falling from a balcony in a long-abandoned building, she discovers a world of ghosts with magical powers - shape-shifting, hypnosis, even the ability to possess the living. Felix, Kasper, Rima and Leah welcome her into their world, eager to make friends with the new

arrival. Yet Harriet is more interested in unleashing her own power, even if it means destroying everyone around her. But when all of eternity is at stake, the afterlife can be a dangerous place to make an enemy.

Death and The After-Life
Walker Books

This collection of new essays is the first to explore the rich afterlife of one of Shakespeare's most recognizable characters. With contributions from an international group of established and emerging scholars, *The Afterlife of Ophelia* moves beyond the confines of existing scholarship and forges new lines of inquiry beyond Shakespeare studies.

The beautiful afterlife

iUniverse

A true story, this fascinating page-turner demystifies what happens after we die and will forever change your views about life, death and the hereafter. Annie Kagan is not a medium or a psychic, she did not die and come back to life; in fact, when she was awakened by her deceased brother, she thought perhaps she had gone a little crazy In *The Afterlife of Billy Fingers: How My Bad-Boy Brother Proved to Me There's Life*

After Death, Kagan shares the extraordinary story of her after death communications (ADC) with her brother Billy, who began speaking to her just weeks after his unexpected death. One of the most detailed and profound ADC's ever recorded, Kagan's book takes the reader beyond the near-death experience. Billy's vivid, real-time account of his on-going journey through the mysteries of death will change the way you think about life. Death and your place in the Universe. In

his foreword, Dr. Raymond Moody, author of *Life after Life*, explains the phenomena of walkers between the worlds, known to us since ancient times, and says that Dr. Kagan's thought-provoking account is an excellent example.

White Roses on the Floor of Heaven Wipf and Stock Publishers

"A defiant and tender call for the power of love, across a thousand lifetimes and lands. Guillermo's imagination is breath-taking, and he shows the power of the

written word as at once the most high-fidelity and stylized of mediums." - Ken Liu, author of *The Paper Menagerie* and *Other Stories* and *The Grace of Kings* "Kawika Guillermo has achieved an ambitious feat: to chronicle a memory-and its vast empire of battles and love, constant guises and surprises-that spans over four thousand years through a narrator who, like the beloved, is blessed, or cursed, with hundreds of lives, each rebirth announcing a different milieu, a

different role. At its core, All Flowers Bloom is a lover's discourse on desire, its multiple masks and power to make lovers and strangers, and traitors and rescuers out of us." -R. Zamora Linmark, author of Rolling the R's and Leche "All Flowers Bloom is a beguiling book, with an inventive narrative unlike anything I have encountered before. This is an emotional journey through lifetimes and loves and losses. Kawika Guillermo delivers wonderment and surprise,

a complex universe, and an unforgettable cast of characters." -Doretta Lau, author of How Does a Single Blade of Grass Thank the Sun? In a cruise ship stateroom, a soul awakens in the afterlife, still dressed in the Roman servant garbs of his previous life. He can't remember much, but a silent woman stands out in his memory: his first and only love. Unable to cope with an eternity without her, he leaps from the ship and back into the depths of the life stream. Five hundred years later,

he awakens again in the same stateroom, alone and fueled with new memories of her. In his past lives she was a male insurgent, an elderly wise woman, an unruly servant. For a millennia the pair are tethered together, clashing in love and fear, betraying each other in times of war and famine. Before memory drives him mad, he vows to rescue her from the stream - even if it takes a thousand lifetimes more. **Toward the Ultimate Source** Routledge This breathtaking and

evocative gift book exposes the fragile beauty of pressed, dried flowers, with individual blooms enlarged through a unique art technique that provides a new perspective on flowers and nature. From daffodils to flowering dogwoods, these incredible shapes and exquisite colors show the beauty of their afterlives. All 80 images are accompanied by lyrical captions inspired by the author's moment of discovery. Also includes a glossary identifying each blossom by picture.

No Fresh Cut Flowers

Palala Press

What happens to us when we die? Many think of heaven as an unimaginable state of bliss. As for hell, it's far out of proportion to any sin we might have committed and makes a travesty of God. But what if the afterlife was something very different? The key to such knowledge is mediumship. Three decades of research have taught the author, a world expert in the field of death and afterlife studies, who the most

reliable voices are. These accounts are far better developed and more plausible than anything found in the world's scriptures or theologies. We hunger for a reliable revelation telling us that life here and now is meaningful and good, that each of us has an important part to play in its proper unfolding, that we are accountable for all we do, and that the godless materialism all around us is a pathological mistake. The world ahead, unlike ours, is fascinating and fair.

Authentic mediums may be the closest thing to the voice of God that our planet has.

Flowers and the Far Realm North Atlantic Books

A Spanish conquistador who posed as a sorcerer and cured native Americans as he trekked across an unknown wilderness; a French Jesuit who conjured rain clouds in order to impress his indigenous flock with the potency of Christian magic; a Puritan minister who healed a native chief in order to win him for

God; a Mexican noble who was burned at the stake for resisting the gentle Franciscan friars; an Andean chief who was haunted by nightmares in which his native gods did battle with the Christian Father; a Huron magician who vied with French missionaries over spirits of the night in a shaking tent ceremony. These are a few of the individuals whose struggles are brought to life in the pages of this book. Their experiences, among others, reveal what happened when

Christianity came into contact with Native American religions in three distinct regions of sixteenth- and seventeenth-century colonial America: Spanish, French and British.

The Map of Heaven
Hampton Roads
Publishing

There are many reasons you could have been drawn to this book — or, perhaps, this book somehow found you! Are you looking for answers as to what happens to your loved ones after they pass? Perhaps you're

wondering what you should do after having had a psychic experience. Whether you're a student of psychic studies or a practicing medium, a believer or a skeptic, or someone who is bereaved as a result of a loss, this book was written to provide you with all the answers to your questions about the Other-Side. In *Bridging Two Realms*, renowned psychic medium John Holland offers one of the clearest pictures anyone could have of the Spirit World. He draws on his decades

of personal experiences with Spirit, and includes inspirational stories and real-life case studies, to help you pursue the unfoldment of your own spiritual abilities safely and wisely. His hope is to help the bereaved by giving them comfort and inspiration in knowing that there really is life after physical death. There is evidence of the Spirit World and what happens in those spiritual realms. Your loved ones are just a thought away, and you can still communicate with them.

They're still close, and they often try to reach out to us to lend their love and support. Ultimately, you will learn that mediumship is not just about connecting to the Spirit World; it's just as much about helping and healing the living. There are spiritual bridges that can be built to connect to your loved ones who have passed, as well as the most important bridge of all: the bridge to your own spirit.

Multiple Wives, Multiple Pleasures McClelland & Stewart

This is a critical study of French and British art and written texts (poetry, literature, travel accounts, art criticism) -- orientalist works about the harem produced in the period from 1800-1875. Original readings are provided for over 150 harem pictures, from well-known salon paintings to rarely published erotic popular prints and book illustrations. Multiple Wives, Multiple Pleasures examines these works closely, often establishing fresh contexts for many of the more well-known

nineteenth-century harem pictures, and often providing a consideration of lesser-known harem pictures that have been rarely published until now. [Mrs. Tipperwillow's Afterlife Adventures](#) Page Publishing Inc
The author of the #1 New York Times bestseller Proof of Heaven teams up with the sages of times past, modern scientists, and with ordinary people who have had profound spiritual experiences to show the reality of heaven and our true identities as spiritual beings. When Dr.

Eben Alexander told the story of his near-death experience and his vivid journey to the other side, many readers wrote to say it resonated with them profoundly. Thanks to them, Dr. Alexander realized that sharing his story allowed people to rediscover what so many in ancient times knew: there is more to life, and to the universe, than this single earthly life. Dr. Alexander and his coauthor Ptolemy Tompkins were surprised to see how often his readers' visions of the

afterlife synced up with each other and with those of the world's spiritual leaders, as well as its philosophers and scientists. In *The Map of Heaven*, he shares the stories people have told him and shows how they are echoed both in the world's faiths and in its latest scientific insights. It turns out there is much agreement, across time and terrain, about the journey of the soul and its survival beyond death. In this book, Dr. Alexander makes the case for heaven as a genuine

place, showing how we have forgotten, but are now at last remembering, who we really are and what our destiny truly is. *The Map of Heaven* takes the broad view to reveal how modern science is on the verge of the most profound revolution in recorded history—all around the phenomenon of consciousness itself! **Flower Worlds** Hay House, Inc Karma, Reincarnation and the Afterlife is a compilation of the topic related material published in *Lucifer* magazine from

September of 1887 to August 1891. All in all, this is an interesting volume showing the importance of karma, reincarnation and the afterlife in the theosophical worldview, that can be summarised in the Subba Row's translation of verse eight, from *The Bhagavad Gita*, "When the lord Jiva quits one body and enters another, he carries with him the mind and the senses as the wind carries the fragrance of flowers from their source." **The Afterlife of Ophelia**

Color Your Mind BoD –
Books on Demand
TOWARD THE ULTIMATE
SOURCE describes the
continuing shocking
metaphysical trips of an
experienced trailblazing
spiritual traveler, a former

journalist, from his
physical body all the way
to the Source of
everything. Through an
exciting and entertaining
true narrative based on
meditations using modern
technology, he leads us
into the environment of
unconditional Love where
angelic beings reside in
his quest to understand
the core of a human
spiritual existence and
purpose. He engages
those beings in amazing
conversations which lead
to incredible revelations.
The author travels not just
into the distant galaxies,

but beyond the universes
and into the micro-cosmos
as well. He explains from
a metaphysical point of
view such aspects of deep
spirituality as out of body
and mind of body travel,
remote viewing, artificial
intelligence, and hybrid
travel beyond the speed
of light. The story also
includes examples of how
he spiritually helped his
loved ones on the Earth
and beyond. The author
challenges a reader to
think about her or his own
way to find answers to
these fundamental
questions without any

constraints established by politics, religion, and science. He is showing how to choose from unlimited possibilities for an afterlife, such as how to prepare for conscious reincarnation on Earth. Other ways include

leaving the planet entirely, becoming an angelic being, or eventually returning to the Ultimate Source, our true spiritual home. The full understanding of the story can help anyone gain new unexpected internal freedoms and

become a happier and more compassionate human being in the life on this planet.
