As American Indian Nations continue to grow and thrive in the twenty first century many have engaged in significant expansion of their business practices.

Unfortunately, there are few resources to assist a practitioner in forming successful tribal contracts despite the fact that many tribal governments enter into hundreds of contracts a year. This book strives to provide such a resource. The book provides a general background that every practitioner

should be aware of when either engaging in business transactions with tribes or providing representation to tribes when they contract with outside entities. It covers various areas of federal Indian law that have a significant impact on these relationships, and chapters written to give a practitioner an understanding of basic principles of tribal economies, contract drafting, and federal contract law. Also included are several sample contracts designed for tribes, including a professional services contract, a general consulting contract, and a master agreement. Book jacket.

'I'm a HUGE fan of Alison Green's "Ask a Manager" column. This book is even better' Robert Sutton, author of *The No Asshole Rule* and *The Asshole Survival Guide* 'Ask A Manager is the book I wish I'd had in my desk drawer when I was starting out (or even, let's be honest, fifteen years in)' - Sarah Knight, New York Times bestselling author of *The Life-Changing Magic of Not Giving a F*ck* A witty, practical guide to navigating 200 difficult professional conversations Ten

years as a workplace advice columnist has taught Alison Green that people avoid awkward conversations in the office because they don't know what to say. Thankfully, Alison does. In this incredibly helpful book, she takes on the tough discussions you may need to have during your career. You'll learn what to say when:

- colleagues push their work on you
- then take credit for it
- you accidentally trash-talk someone in an email and hit 'reply all'
- you're being micromanaged - or not being managed at all
- your boss seems unhappy with your work
- you got too drunk at the Christmas party

With sharp, sage advice and candid letters from real-life readers, *Ask a Manager*

will help you successfully navigate the stormy seas of office life.

The Prevent strategy, launched in 2007 seeks to stop people becoming terrorists or supporting terrorism both in the UK and overseas. It is the preventative strand of the government's counter-terrorism strategy, CONTEST.

Over the past few years Prevent has not been fully effective and it needs to change.

This review evaluates work to date and sets out how Prevent will be implemented in the future. Specifically Prevent will aim to: respond to the ideological challenge of terrorism and the threat we face from those who promote it;

prevent people from being drawn into terrorism and ensure that they are given appropriate advice and support; and work with sectors and institutions where there are risks of radicalization which need to be addressed
