A value priced package of Rufus Reid's classic text The Evolving Bassist with his new DVD of the same name. On the DVD, Rufus demonstrates all the key concepts from the book. Additionally, the DVD features spectacular performances from Rufus with Mulgrew Miller on piano and Lewis Nash on drums.

The Oxford Handbook of Names and Naming Alfred Music

This book is designed for the person who may know nothing about music and has had no previous accordion training. Included with the book to facilitate the learning process is an instructional recording by the author! This effective exceptional teaching tool will motivate and guide the beginner student from basic accordion familiarization and music theory to quickly achieving results by playing songs such as Scarborough Fair and Ode to Joy! the minimum size instrument for this breakthrough teaching book is an 80 bass piano accordion. •

Creative Comping for Improvisation Oak Publications

The first instruction guide exclusively about this major innovator and stylist. It reveals Gary Davis' style of playing and hints about playing in Davis' own words. More than 20 tunes, including Cocaine Blues, Candyman, and Lost Boy In The Wilderness.

The Little Caterpillar who Didn't Want to Become a Butterfly Hal Leonard Corporation

(Accordion). The English edition of this accordion method penned by father/son authors Lucien & Richard Galliano includes fingering indications for both piano and button accordions, plus online audio demo tracks for download or streaming. The book features full-color illustrations by Jean-Noel Rochut, a preface and a brief history of the accordion in addition to instrumental instruction.

Complete 7-String Guitar Method Hal Leonard

The Step by Step series is a collection of exercise books/CDs for violin based on the Mother-Tongue approach. From the very beginning, it will provide a solid foundation in instrumental technique for Suzuki and traditional approaches in private lessons or group settings. The focus is on teaching correct, child-appropriate practice habits that range from listening, singing, and dancing to playing music. The ideas presented, including information for parent and practice tips should stimulate daily practice and also make it more effective. Includes new piano arrangements by David Andrus. This volume is the Complete Version based on Suzuki Violin School, Volume 2, and includes the Violin Exercise Book in English with the CD. Pages: 66

Bass Grooves Mel Bay Publications

This book includes lead sheets in C, B-flat, and E-flat featuring chord progressions of standard jazz songs. The CD includes play-along tracks with chord voicings, and bass lines are played on an acoustic midi grand piano. Also includes MIDI files for computer sequenced work stations.

Reharmonizations and rhythmic displacement of original chords included.

Simple Disney Songs Mel Bay Publications

(Berklee Guide). Learn the art of jazz bass. Whether you are new to playing jazz or wish to hone your skills, and whether you play acoustic or electric bass, this book will help you expand your basic technique to create interesting and grooving bass lines and melodically interesting solos. Included are 166 audio tracks of demonstrations and play-alongs, featuring a complete jazz combo playing bass lines and solos over standard jazz progressions.

The Theology of the Old Testament Mel Bay Publications

Born in the impoverished barrios of Buenos Aires during the late 19th Century, the tango has become one of the most important music and dance forms of our time. Tangos for Accordion presents a distinctive collection of predominantly Argentinian tangos arranged for solo piano accordion. The book's introduction includes a brief history of the tango and an explanation of tango rhythms. Preparatory exercises explore the differences between various rhythms (habanera, marcato, etc) and how to perform them on the accordion. Includes many of the best-known tangos, such as La Cumparsita, Caminito, El Choclo, El Marne, Catamarca, La Paloma, and many more. Includes chords symbols for accompanying instruments. For intermediate to advanced players.

Complete Joe Pass Hal Leonard Publishing Corporation

Eleven original compositions for the classical guitar composed in the eclectic style for which Frederic Hand has become well known. Written in standard notation only, some of these pieces allow for optional improvisatory sections (About Time and Missing Her). the composer performs all of the compositions on an accompanying recording. Some pieces require retuning the sixth string to low D. the level of difficulty ranges from easy to difficult, with the majority of the material falling at the intermediate level. Program notes are included for each piece. the enclosed CD presents performances of all the pieces by the composer.

Funk Bass Hal Leonard Corporation

(Bass Method). The Hal Leonard Funk Bass Method is your complete guide to learning funk bass. The Mighty Accordion: Hal Leonard Corporation

Name and Naming: Synchronic and Diachronic Perspectives aims to analyse names and the act of naming from an intercultural perspective, both synchronically and diachronically. The volume is divided into four main parts (Theory of Names, Anthroponomastics, Toponomastics, Names in Society), which are, in turn, organised into thematic chapters and subchapters. The book sets to offer a bird's-eye view of names and naming; this synthesis is made possible, on the one hand, by the blending of synchronic and diachronic viewpoints in the investigation of language facts and, on the other, by the fruitful conjunction of modern and classic theories. The originality and the novelty of the subject lies in the multi-disciplinary approach, in which the field of onomastics merges with that of sociolinguistics, psycholinguistics, pragmatics, history, literature, stylistics, religion,

etc. The thematic diversity also derives from the meeting, within the pages of this book, of specialists (35 linguists and literati) from 11 countries on three continents.

The Country Blues Guitar Creative Comping for Improvisation

This is not your typical eBook. In this enhanced eBook you are about to experience Michael Jackson in a way that he has never been presented before. As he really was. Best of all you will be able to click a button and hear for yourself numerous voicemail messages that spell out, in detail, some of his visionary business plans he had for the second phase of his life, including his desire and plan to purchase Marvel Comic's catalog. "You were with him for a long time. You need to tell the story! You need to tell the real story about my son!" Inspired by these words from Michael Jackson's mother, Katherine Jackson, former manager, confidant, and personal friend Dieter Wiesner's newly released enhanced ePub, "Michael Jackson The Real Story: An Interactive Look Into Michael Jackson's Visionary Business and Human Side," does just that. Influenced by a sense of obligation, Mr. Wiesner shares intimate information about Michael Jackson the business genius and the loving father and family man. The book's author, Dieter Wiesner was inseparable from Michael during the 80-concert, five continent HISTory world tour. After the tour, Dieter lived with Michael and his children for several years at the legendary Neverland Ranch. Having already influenced a generation of entertainers through song and dance, in the year 2000, Michael Jackson was facing a radical change in his life and work and shared his top-secret intentions, plans, and vision for the second phase of his life with Mr. Wiesner. Had Michael Jackson been left alone to execute the visionary purchases and partnerships he desired, including Marvel Comics and Disney among others, he would have undoubtedly been one of the wealthiest people in the world. Readers will get to know Michael Jackson the human being in a much deeper way — the Michael that few got to know and appreciate.

Tangos for Accordion Hal Leonard

This book gathers a selection of refereed papers presented at the "International Conference on Operations Research OR2015," which was held at the University of Vienna, Austria, September 1-4, 2015. Over 900 scientists and students from 50 countries attended this conference and presented more than 600 papers in parallel topic streams as well as special award sessions. Though the guiding theme of the conference was "Optimal Decision and Big Data," this volume also includes papers addressing practically all aspects of modern Operations Research.

Quiero Tocar El Acordeon CRC Press

In this handbook, scholars from around the world offer an up-to-date account of the state of the art in different areas of onomastics, in a format that is both useful to specialists in related fields and accessible to the general reader. Since Ancient Greece, names have been regarded as central to the study of language, and this has continued to be a major theme of both philosophical and linguistic enquiry throughout the history of Western thought. The investigation of name origins is more recent, as is the study of names in literature. Relatively new is the study of names in society, which draws on techniques from sociolinguistics and has gradually been gathering momentum over the last few decades. The structure of this volume reflects the emergence of the main branches of name studies, in roughly chronological order. The first Part focuses on name theory and outlines key issues about the role of names in language, focusing on grammar, meaning, and discourse. Parts II and III deal with the study of place-names and personal names respectively, while Part IV outlines contrasting approaches to the study of names in literature, with case studies from different languages and time periods. Part V explores the field of socio-onomastics, with chapters relating to the names of people, places, and commercial products. Part VI then examines the interdisciplinary nature of name studies, before the concluding Part presents a selection of animate and inanimate referents ranging from aircraft to animals, and explains the naming strategies adopted for them.

Easy Pop Songs for Accordion Alfred Music

Music critics and performers alike have hailed Joe Pass as one of the finest jazz musicians to have ever lived. This book effectively combines five previously published books by Joe Pass in a single comprehensive volume including his insights on harmony, melody, and phrasing as well as transcriptions of recorded solos and Joe Pass/Herb Ellis duets. the transcribed solos are: Bay City Blues, Foxy Chick and a Cool Cat, Time In, Blues in G, Dante's Inferno, and Grete. the duet selections are: Bonnie, Jazz Waltz, Some of These Days, G Blues, Hot Stuff, and Ballad. All selections appear in standard notation only with chord symbols written over the staves. the solo and duet selections are intermediate to advanced in difficulty.

Bass Aerobics Hal Leonard Corporation

Jazz Improvisation focuses on the communicative and technical aspects of improvisation and makes an excellent resource for both pros and aspiring improvisers. Assimilate and execute chord progressions, substitutions, turn arounds and construct a melody and jazz chorus.
