The Claiming Jayne Faith

The only way to secure her dream is to marry a handsome stranger . . . When Rose and Jack meet, she has just lost her uncle, and with him her dream of owning a

coffee shop. Rose wanted nothing more than to open a café in her uncle's building. But her uncle's will is clear - the building goes to Rose's husband. Not to her. Then, his lawyer, Jack, offers an unusual solution... she can marry him. She'll get the café and he'll get the building. For some reason, Rose agrees. It might be a marriage of convenience but it's anything but simple. Despite it being his idea, Jack is unbearably surly... But then he does something that shows Rose he might just have a softer side. Maybe love can start with a contract... but will Rose still feel that way when she learns the full terms of their deal?

Jackson Thorn was my best friend and worst enemy, but that didn't stop me from wanting him. From first words to high school halls, our childhood years braided a bond that wove in a direction neither of us could predict or outgrow. Forbidden became a word we ignored. It wasn't that we didn't care. It was that we cared too much. We had it all planned out. We thought we could make it. We thought we'd been careful. But all we managed to do was prolong the inevitable. Our destruction.

An Instant #1 New York Times Bestseller! A Publishers Weekly Bestseller! Leading actor, producer and

director Channing Tatum's picture book debut, *The One and Only Sparkella* is a charming ode to self-esteem and the love between a father and daughter—illustrated by Kim Barnes. Ella is excited for her first day at a new school. Glimmering pencil case? Check! Shimmering backpack? Check! Glittery ribbons in her hair? Check! She can't wait to meet the other kids and share her sparkly personality. But her first day doesn't go quite as planned: Her new classmates don't like her disco-ball shoes, her PB&J-with-sprinkles sandwich, or her rainbow-y unicorn painting. Ella decides to try to be less sparkly at school the next day so the other kids won't make fun of her. But

with a little help from her dad, she soon learns the importance of just being herself, no matter what other people say.

Nightfall Jayne Faith After fourteen years of Day, comes fourteen years of Night. Don't get left behind. On Marin's island, sunrise doesn't come every twenty-four hours - it comes every twenty-eight years. Now the sun is just a sliver of light on the horizon. The weather is turning cold. The shadows are growing long. The dark is rising. And soon it will be Night. The eerie Evening sunset is causing the tide to begin its slow roll out hundreds of miles, and so Marin, along with her twin brother Kana and the rest of the islanders, must frantically begin

preparations to sail south, where they will wait out the long Night. But first the house must be made ready for their departure. Locks must be taken off doors. Furniture must be arranged just so. Tables must be set as if for dinner. The rituals are bizarre - unnerving, even - but none of the adults will discuss why things must be this way. And then just as the ships are about to sail, the twins' friend Line goes missing. Marin and Kana know where he has gone, and that the only way to rescue him is to do it themselves. And surely the ships will wait? Because Night is falling. Their island is changing. And something is stirring in the dark.

Happily ever after ... at

least I hope. When it's come to my friends and family, I've been willing to sacrifice just about anything to save them, but these last few months I've been sidelined from the fight-not anymore. The time has come, and Abaddon is finally coming to collect what he was promised-and he is not alone. Those who I once thought were my allies, and others who I worried would stab me in the back have now partnered up with the demon to take what I hold most dear to my heart. Some will be hurt, some will survive, and others will die in this battle to the finish. Will we get the happily ever after we desire? Or will it all come to an end here?

A dark, dystopian portrait of artists struggling to resist violent suppression—"queer, English, a masterpiece." (Hilton Als) Set amid the rolling hills and the sandy shingle beaches of coastal Sussex, this disquieting novel depicts an England in which bland conformity is the terrifying order of the day. Violent gangs roam the country destroying art and culture and brutalizing those who resist the purge. As the menacing "They" creep ever closer, a loosely connected band of dissidents attempt to evade the chilling mobs, but it's only a matter of time until their luck runs out. Winner of the 1977 South-East Arts Literature Prize, Kay

Dick's *They* is an uncanny and prescient vision of a world hostile to beauty, emotion, and the individual. *Echo of Bone* Jayne Faith

Reign of the Stone Queen Jayne Faith

Winner of the Guardian children's book prize 2015 I'm the one who's left behind. I'm the one to tell the tale. I knew them both... knew how they lived and how they died. Claire is Ella Grey's best friend. She's there when the whirlwind arrives on

the scene: catapulted into a North East landscape of gutted shipyards; of high arched bridges and ancient collapsed mines. She witnesses a love so dramatic it is as if her best friend has been captured and taken from her. But the loss of her friend to the arms of Orpheus is nothing compared to the loss she feels when Ella is taken from the world. This is her story - as she bears witness to a love so complete; so sure, that not even death can prove final.
