This is the true story of
how Alexa Martinez
transformed her
marriage by feminising
her loving husband.

The book explains how
she took an already
wonderful relationship
and moved it to a
different level by
taking control and
introducing a reluctant
husband to a life of
femininity. What began
as an exciting bedroom
game exploded into a
programme of gradual

enforced feminisation. The book describes the reasons and beliefs that guided her to take this path and the tactics she had to employ to turn an unknowing and unaware masculine man into a submissive housewife called Alice. Their marriage continues to be loving and affectionate but with Alexa in complete control and with her needs paramount. Although Alice has come to accept her new status as a girl, they haven't yet come out of the closet entirely and so she also write about some of the barriers they continue to face in how she plans overcome them and also how to deepen Alice's feminisation and submission further still. She describes what it is

that she expects from a femdom relationship and why she believes that males need to be feminised. Alexa Martinez is a writer who has produced several novels on the topic of femdom and forced feminisation under the pen name of Lady Alexa as well as a blog which covers the weekly life of living in a femdom relationship. [Red Diapers AB](#) Discovery Vinton was a young boy failing his classes at school and as a punishment, his mother put him in diapers and instituted babying until he improved. But what really makes the story are the four girls from his school who are selected as his babysitters and how they all interact. What commences as a

nightmare becomes a learning exercise and a time of discovery of one of the forgotten joys of being little - diapers and being cared for as a baby. It is a delightful tale of a world where a mother could care enough to take seemingly draconian steps but with an unexpected and wonderful outcome for them all.

Red Diapers is the first anthology of autobiographical writings by the children of American communists. These memoirs, short stories, and poems reflect the joys and perils of growing up in a subculture defined by its opposition to some of society's most deeply held values.

How red diaper babies have come to terms with their political inheritance is the theme of this compelling anthology. Some contributors have fond memories of family activism; others recall the past with ambivalence or even pain. The authors range in age from their twenties to their eighties. Some, such as Watergate reporter Carl Bernstein and sixties activist Bettina Aptheker, are widely known themselves; some are the children of well-known American leftists, including Jeff Lawson, son of blacklisted screenwriter John Howard Lawson, and Robert Meeropol, son of Ethel and Julius Rosenberg. In disparate voices, the contributors elaborate

on how their parents attempted to pass on to them the torch of radical politics.

Baby Cravings (ABDL, Ageplay, humiliation, Femdom, spanking, diaper, female dom, chastity, forced regression) Wipf and Stock Publishers

The role of the girl in life is the most glamorous and fascinating in all the world. To the nomads of the East she is the "little gazelle" and to the Japanese the "plum blossom." In the Book of Proverbs she is the "dearest hind and most agreeable fawn."

Jewels, sapphires and rubies, are her eyes and lips. The softness of a spring morning are in her words. Her smile is as the splendor of the rising sun. Of all the creatures in the world she is made by

God the most beautiful. She is the incarnation and summation of all the flowers of nature. No man ever spoke more truth than when he whispered into the ear of his beloved that she was divine. She is an image, a spark of divinity given to us in life as a preview of things to come. She is yielding, helpless, yet divine. To whom God has given much, from her much is expected. Of no other creature is so much demanded. She is to be the helpmate of man the mother of his children. She is to keep his home to comfort him in loneliness and weariness, and to bring him back to health when sick. This appraisal of the part a girl plays in life may seem to some flattering. Yet, it is

sincerely made. Actually this judgment of the ladies is more challenging than flattering, for what girl could fail to desire to measure up to this appraisal in the eyes of her husband? Countless young wives have merited from their husbands the esteem that they were the most glamorous and fascinating creatures in all the world. Unfortunately too many girls have failed to do so, and thus experience the misery of an unhappy, if not broken, marriage. The purpose of this book is to show the girl, the young wife how she may easily have success and happiness in marriage, being in the eyes of her husband "the dearest hind and most agreeable fawn." This

classic includes the following chapters: 1. The Wife Desired Is an Inspiration to Her Husband 2. The Wife Desired Has Personality 3. The Wife Desired Is Patient 4. The Wife Desired Is a Physical Being 5. The Wife Desired Has a Sense of Humor 6. The Wife Desired Is a Companion to Her Husband 7. The Wife Desired Is Religious

Gwendoline Summers knows what it is like to baby her husband. Her first book is a guide to other women seeking to take their partner in hand and make them the baby they both need him to be. This is not an enforced babying guide, but rather one to help women who already KNOW that their partners need the security of diapers, a pacifier and a babyish lifestyle, to achieve that goal. This book is not just for women with AB partners but for ALL women whether their partners are AB or not! She takes it step by

step in how to slowly get your partner into diapers and other baby items. If your partner is AB then you are already part way there, but if they are non-AB, this book is still for you. It is a guide book along a journey of letting our men express the infancy inside that is so often just beneath the surface.

 'Funny, honest and helpful.' Grazia 'Loads of useful, achievable advice.' The Pool How did I become the 'expert' at changing a nappy? Jancee Dunn wondered. This, combined with a lack of sleep, a suddenly unfair division of household chores and her husband's new found passion for very long bike rides, meant that Jancee found it hard to look at her well-meaning, clever, funny husband playing

with his iPhone without feeling a white-hot rage. Like many expectant parents, they'd spent weeks researching the safest car seat but little time thinking about the titanic impact the baby would have on their marriage — and the way their marriage would affect their child. Tired of having the same fights over and over, Dunn consults the latest relationship research, solicits the counsel of renowned sex and couples therapists, canvasses friends and parents, and even consults an FBI hostage negotiator on how to effectively contain an 'explosive situation'. Could it be that the person who got her into this position is the ally she'd forgotten she had? Funny, honest

and actually helpful, this book can't do the washing but it might just save your marriage.
