Report of the Committee on the Conversion of the Jews University of Pennsylvania Press
 This book provides an edited text, introduction, and the first English translation of a central document in the history of religious coercion in late antiquity: Severus of Minorca's Letter on the Conversion of the Jews. The Letter describes the forced conversion of the Jews of Minorca to Christianity in AD 418, allegedly under the influence of St Stephen's relics. Although ostensibly a hagiographical work, the Letter is fundamentally an anti-Jewish document, and therein lies its interest for historians. It offers a fascinating perspective on Jewish-Christian relations in a Mediterranean town, and on the motives for religious intolerance in the unsettled ages of the Germanic invasions. In addition, its wealth of information about a diaspora Jewish community in the western empire makes it unique among the surviving sources.

The Conversion of the Jews Legare Street Press

The fraught history of England's Long Reformation is a convoluted if familiar story: in the space of twenty-five years, England changed religious identity three times. In 1534 England broke from the papacy with the Act of Supremacy that made Henry VIII head of the church; nineteen years later the act was overturned by his daughter Mary, only to be reinstated at the ascension of her half-sister Elizabeth. Buffeted by political and confessional cross-currents, the English discovered that conversion was by no means a finite, discrete process. In *Fictions of Conversion*, Jeffrey S. Shoulson argues that the vagaries of religious conversion were more readily negotiated when they were projected onto an alien identity—one of which the potential for transformation offered both promise and peril but which could be kept distinct from the emerging identity of Englishness: the Jew. Early modern Englishmen and -women would have recognized an uncannily familiar religious chameleon in the figure of the Jewish converso, whose economic, social, and political circumstances required religious conversion, conformity, or counterfeiting. Shoulson explores this distinctly English interest in the Jews who had been exiled from their midst nearly three hundred years earlier, contending that while Jews held out the tantalizing possibility of redemption through conversion, the trajectory of falling in and out of divine favor could be seen to anticipate the more recent trajectory of England's uncertain path of reformation. In translations such as the King James Bible and Chapman's Homer, dramas by Marlowe, Shakespeare, and Jonson, and poetry by Donne, Vaughan, and Milton, conversion appears as a cypher for and catalyst of other transformations—translation, alchemy, and the suspect religious enthusiasm of the convert—that preoccupy early modern English cultures of change.

Attempts for the Instruction and Conversion of the Jews University of Pennsylvania Press
In this work, Fr. Fahey explains the rights of Christ the King versus organized naturalism which is counter to Christ's rights. Christians are not only called to be holy and spiritual, but also to transform society according to the rules of God so that Christ reigns not only in heaven, but also in everyday society. Fr. Fahey speaks of the role of the Jews against this rule of Christ the King, explains their role in ancient and modern society, and their conversion to Christ the Messiah. Modern society is grossly disordered, as any thinking man will readily acknowledge, and it can only be reconstituted by reestablishing the rule of Christ, and His Church, over all parts of society, from the top down. Though written in 1953 it remains timely because the subject matter remains

pertinent to our day and age. Father Fahey is the expert on the rights of Christ in society, and a good place to begin to understand what has happened to our society, why, and the solution.

"I knew a Man, who having nothing but a summary Notion of Religion himself, and being wicked and profligate to the last Degree in his Life, made a thorough Reformation in himself, by labouring to convert a Jew." --Daniel Defoe, *The Farther Adventures of Robinson Crusoe* (1719)
When the hero of Defoe's novel listens skeptically to this anecdote related by a French Roman Catholic priest, he little suspects that in less than a century the conversion of the Jews would become nothing short of a national project--not in France but in England. In this book, Michael Ragussis explores the phenomenon of Jewish conversion--the subject of popular enthusiasm, public scandal, national debate, and dubbed "the English madness" by its critics--in Protestant England from the 1790s through the 1870s. Moving beyond the familiar catalog of anti-Semitic stereotypes, Ragussis analyzes the rhetoric of conversion as it was reinvented by the English in sermons, stories for the young, histories of the Jews, memoirs by Jewish converts, and popular novels. Alongside these texts and the countertexts produced by English Jews, he situates such writers as Edgeworth, Scott, Disraeli, Arnold, Trollope, and Eliot within the debate over conversion and related issues of race, gender, and nation-formation. His work reveals how a powerful group of emergent cultural projects--including a revisionist tradition of the novel, the new science of ethnology, and the rewriting of European history--redefined English national identity in response to the ideology of conversion, the history of the Jews, and "the Jewish question." *Figures of Conversion* offers an entirely new way of regarding Jewish identity in nineteenth-century British culture and will be of importance not only to literary scholars but also to scholars of Judaic and religious studies, history, and cultural studies.

Excerpt from Lectures on the Conversion of the Jews
The design of the following course of Lectures is to excite more general attention to the condition and prospects of the Jewish people. Lamenting the apathy which characterized so many of the professing followers of the Redeemer, with respect to the circumstances of that ancient and interesting race, and convinced, that the subject of their conversion only required to be impartially and fully contemplated, in order to secure for it a deep interest in every Christian bosom, the Committee of the "British Society for the Propagation of the Gospel among the Jews" commenced their operations in the metropolis, by engaging ministers of different denominations to deliver a series of discourses, in which it might be popularly advocated, and its claims warmly pressed home upon the consciences and feelings of the people of God. A formidable collection of studies on religious conversion and converts in Jewish history
Theodor Dunkelgrün and Pawel Maciejko observe that the term "conversion" is profoundly polysemous. It can refer to Jews who turn to religions other than Judaism and non-Jews who tie their fates to that of Jewish people. It can be used to talk about Christians becoming Muslim (or vice versa), Christians "born again," or premodern efforts to Christianize (or Islamize) indigenous populations of Asia, Africa, and the Americas. It can even describe how modern, secular people discover spiritual creeds and join religious communities. Viewing Jewish history from the perspective of conversion across a broad chronological and conceptual frame, *Bastards and Believers* highlights how the concepts of the convert and of conversion have histories of their own. The volume begins with Sara Japhet's study of conversion in the Hebrew Bible and ends with Netanel Fisher's essay on conversion to Judaism in contemporary Israel. In between, Andrew S. Jacobs writes about the allure of becoming an "other" in late Antiquity; Ephraim Kanarfogel considers Rabbinic attitudes and approaches toward conversion to Judaism in the Middle Ages; and Paola Tartakoff ponders the relationship between conversion and poverty in medieval Iberia. Three case studies, by Javier Castaño, Claude Stuczynski, and Anne Oravetz Albert, focus on different aspects of the experience of Spanish-Portuguese conversos. Michela Andreatta and Sarah Gracombe discuss conversion narratives; and Elliott Horowitz and Ellie Shainker analyze Eastern European converts' encounters with missionaries of different persuasions. Despite the differences between periods, contexts, and sources, two fundamental and mutually exclusive notions of human life thread the essays together: the conviction that one can choose one's destiny and the conviction that one cannot escape one's past. The history of converts presented by *Bastards and Believers* speaks to the possibility, or impossibility, of changing one's life. Jacobs, Sara Japhet, Ephraim Kanarfogel, Pawel Maciejko, Anne Oravetz Albert, Ellie Shainker, Claude Stuczynski, Paola Tartakoff.
