 Insights: #1 The business you are in is the
 business of living, and the sooner you
 learn who you are and how you became
 the person you are, the sooner you will be

able to deal with any challenges that may
 have frustrated your success up to now.
 #2 X's anxiety began to subside as he
 regained consciousness. He was most
 interested in figuring out whether or not
 the people would accept him once he was
 able to move about freely among them.
 He evaluated the woman's behavior for
 clues as to whether he would be liked,
 whether he would be found personable
 and attractive, and whether he would elicit
 sympathy and interest. #3 X learned the
 language, and he and the woman
 developed a close bond. He began to
 understand her better, and he learned how
 love was expressed in this culture. He
 tried to imitate them, for he realized that it
 was their loving behavior that meant the
 difference between life and death for him.
 #4 X had been with the couple for about
 four years when he began to wonder if he
 would have to resort to violence to get the

man out of the way. He realized that the man was more powerful than him, and that he might be able to divine his intentions. He decided to become more like the man.

Choice! The key is Choice. You have options. You need not spend your life wallowing in failure, ignorance, grief, poverty, shame, and self-pity. But, hold on! If this is true then why have so many among us apparently elected to live in that manner? The answer is obvious. Those who live in unhappy failure have never exercised their options for a better way of life because they have never been aware that they had any Choices !

Mary Magdalen Bantam

In front of eight million TV viewers, "The Greatest Mystery Writer in the World" bragged he could prove Christ was actually stolen from the tomb and never really rose from the dead . . . if he were given just one week back in ancient Jerusalem. That night author Matt Lawrence got his wish. A knock-out punch took him right out of this world and landed him in Biblical Judea in 26 A.D., just six years after the execution of Jesus at Golgotha. In relentless pursuit of his investigation, Lawrence walked the same streets Jesus walked, visited the same places . . . and found himself facing the same dangers. Eyewitness reports might lead him to a discovery that would shake the world--but will he live long enough to tell the 30th century that he just solved the greatest mystery of all time?

Og Mandino's University of Success

Hay House, Inc

Best-selling author Mike Robbins had a life that many little boys dream of. Drafted by the New York Yankees directly out of high school, Mike decided instead to postpone his professional baseball career until he finished college. After a successful stint at Stanford, he began life in the minor leagues as a pitcher with the Kansas City Royals organization, where he played for three years until an injury benched him for good. This devastating disappointment changed his life in wonderful ways that he could have never imagined. He now teaches and speaks around the world about teamwork, emotional intelligence, and the value of appreciation and authenticity. In *Nothing Changes Until You Do*, Mike's third book, he looks at one of the most important and challenging aspects of life—our relationship with ourselves. Even the most successful person struggles with this delicate relationship, which has created an epidemic of self-criticism, self-doubt, and thinking that our value is directly connected to the external world—our jobs, our finances, our appearance, our accomplishments, and so on. Through 40 short essays, Mike shows readers that none of this is true, and brings to light a new way to look at life. With themes spanning from the importance of trusting yourself to the benefits of vulnerability to the strength inherent in embracing powerlessness and change, Mike will help readers get out of their own way, so they can live a good life. He shows that with a little self-compassion and a healthy dose of self-acceptance, anyone can turn away from the negatives that manifest because of a critical self-perception—things like unkindness, addictions, sabotaged relationships, unnecessary drama, and more. Making peace with ourselves is fundamental to happiness. The suggestions, insights, and reminders of this book will allow readers to have more compassion, more acceptance, and more love for themselves—thus giving them access to more compassion, more acceptance, and more love for the people (and everything else) in their lives.
