 World Congress on Disaster Management (WCDM) brings researchers, policy makers and practitioners from around the world in the same platform to discuss various challenging issues of disaster risk management, enhance understanding of risks and advance actions for reducing risks and building resilience to disasters. The fifth WCDM deliberates on three critical issues that pose the most serious challenges as well as hold the best possible promise of building resilience to disasters. These are Technology, Finance, and Capacity. WCDM has emerged as the largest global conference on disaster management outside the UN system. The fifth WCDM was attended by more than 2500 scientists, professionals, policy makers, practitioners all around the world despite the prevalence of pandemic.

Publisher's Monthly SBPD Publications Hundreds of social and developmental schemes supported by Central and State Governments including external agencies are in place in the country for more than a decade. There are other flagship programmes of the government such as AMRUT, HRIDAY, NULM, DAY-NRLM, PMAY-G, PMSSY, SAGY, JNNURM, GRKY, SPMRM, PURA including Smart Cities Mission with their main aim to make India Smart. Most of the schemes have no clear aims and objectives, no time-bound work plan and no monitoring and evaluation framework. Expected output, outcome and impact are also missing. Accountability, responsibility, transparency and synergy with other programmes are absolutely 'No'. After the scheme is closed, no body bothers

about the results, their socio-economic impact and long-term sustainability of the gains achieved. Piece meal approach is not going to make any difference in living standard of the countrymen. Need is for smart and holistic approach covering the whole country-both rural and urban India. The Book packed in 5 chapters provides in depth and detailed information on smart and holistic development of urban and rural India. The important areas covered in the book are: 1) Smart Cities Mission and Other Programmes, 2) Developing Delhi, A Role Model of Smart India, 3) Developing Dwarka, A Role Model of Sub-Cities, 4) Developing Rural Delhi, A Role Model of Khushhaal Bharat and 5) Action Plan in Project Mode.

Development and Disaster Management
Goyal Brothers Prakashan

Goyal Brothers Prakashan

Data India Goyal Brothers Prakashan

This book highlights the relationship between disasters and development through a socio-cultural study of human geography and governance institutions. It studies the cause, context and consequences of disasters in one of the most fragile Himalayan regions in India. The book establishes the fact that disaster management is built within the framework of good governance, without which it has no meaning. For lack of effective and responsive governance, development has lagged behind and even though the frequency of disasters has been increasing, little is being done to redesign developmental frameworks to prevent ensuing losses. Besides, the near absence of governmental support during recurrent disasters, communities have cumulatively become reservoirs of

innovations to cope up with disasters. The resilience plans need not follow implanted models but may be cost effective only if they apply a bottom up approach. Just as the region is culturally diverse so are the challenges encountered by local communities in terms of generating resilience to every disaster. Despite more than a decade of the Disaster Management Act (DMA) of 2005, most of the states in this northeastern fringe of India continue to wait for its implementation beyond mere structures and offices. The book suggests that urgent action is required in accordance with the DMA 2005 towards inter-agency coordination, proactive participation of local governance, mobilization of Community based Organizations (CBOs) and curriculum based training in every academic and technical institution. Governments of these northeastern states of India should establish accountability of State Disaster Management Authorities and inspire them to participate proactively with communities for an effective resilience building in the region.

NCERT SUMMARY (CLASS VI-XII) Oswaal Books and Learning Private limited
