## KIRSTEN HARRINGTON

*A History of Australia* St. Martin's Press

Written specifically for the NSW syllabus for the Australian Curriculum, Macmillan History 9 for NSW includes full coverage of all required Outcomes and Content, including the History Skills and History Concepts continuums. Students will develop a deep understanding and appreciation of the nature of history and significant changes in the past as they work through the text. The targeted activities will build their knowledge about the historical ideas, people, movements and events that helped shape the world. Key features: integration of all historical understanding concepts - activities that link directly to all of the History Skills, including comprehension, analysis, perspectives, empathetic understanding, research and communication - inquiry-based site studies in each chapter - links history to real-life context. Support at Macmillan's digital home - [onestopdigital.com.au](#). Each book comes with fifteen months access to cutting-edge digital support, including: an interactive digital version, linked to supporting resources, accessible on any device at any time - online tests, and a markbook to enhance learning - animations, podcasts and 3D reconstructions, weblinks and much more!

**Parties Long Estranged** Macmillan Education AU

Provides a comprehensive toolkit for teaching Australian Curriculum: History. The activities can be used across different inquiry topics and will develop a wide variety of historical skills, language and research techniques set by the curriculum.

[The Fairytale](#) Macmillan Publishers Aus.

Poems, stories, letters and extracts from novels, plays and journals present a great variety of responses to Australia and to the art of writing. Items have been arranged into 12 groupings that reflect different ways of seeing the material of Australian writing. Each section has its own introduction. Problems are explained, theories and contexts for a wider understanding are offered. The book includes biographical guides to all authors and a full chronological table of events in the literary history of Australia.

*How People, Places and Environments Interact* Macmillan Publishers Aus.

"Australia in the 20th Century will stimulate students interest in twentieth century Australian history whilst developing their critical understanding of events and issues. It clearly identifies learning to and learning about content. The Working historically questions develop students knowledge and understanding, and provide opportunities for them to acquire and utilise the skills necessary for undertaking the process of historical inquiry. Special features: focus outcomes for each top

**Australia's Western Third** International Specialized Book Service Incorporated

This book offers the first comprehensive account of the emergence of the IR discipline in Australia. Initially influenced by British ideas, the first

generation of Australian international relations practitioners demonstrated in their work a strong awareness of the unique local conditions to which their theorizing should respond.

**Change & Continuity** Macmillan Education AU

This book brings together recent and original work to illuminate comparisons and contrasts between two former colonies of the British Empire. The contributors include some of the top names in history and political science in Canada and Australia. They cover the entire twentieth century and examine different aspects of Canadian-Australian relations, including trade, civil aviation, and military, constitutional, imperial, and diplomatic relations. The comparisons include Aboriginal rights, nation building, middle powers, and attitudes toward the Empire. This timely volume is well situated in the field of comparative studies, a new and growing area. It will be of interest to students and scholars of foreign affairs, the British Commonwealth and its dismantling, constitutional history, and international relations.

[A Sketch of the Natural History of Australia](#) UBC Press

A sporting nation is only limited by its imagination. Every time this story is told it changes; something is always added, embellished or dropped from the run-on side. For more than thirty years, H.G. Nelson has been finding the poetry in the punt and humour during half-time. Now, he turns his keen eye for facts and folly to the illustrious history of our great sporting nation. In his trademark fast and furious style, H.G. dives deep into the moments that have truly made us who we are. He reminds us of our leaders' great sporting triumphs, from Harold Holt's swimming to John Howard's bowling; rewrites the record on legends such as 'Aussie Joe' Bugner and Jack Brabham; and explains why Australia's reality TV is the best in the world. The Fairytale is H.G. Nelson's magnum opus - an all-encompassing, no-holds-barred history of Australia at play, told through the stories of our sporting highs, lows and middles.

*Landmarks* Bloomsbury Publishing

Written specifically for the NSW syllabus for the Australian Curriculum, Macmillan History 8 for NSW includes full coverage of all required Outcomes and Content, including the History Skills and History Concepts continuums. Students will develop a deep understanding and appreciation of the nature of history and significant changes in the past as they work through the text. *Forming Modern Australia* London, Macmillan

This 9 volume set profiles people in our history who brought about important events or changes to Australian society through their knowledge, actions or achievements. Each volume in the set focuses on a particular period in Australia's history and includes: introductory information about the featured time period, a timeline of main events, illustrated biographies of a wide range of significant people, a glossary of unfamiliar words and a comprehensive index. Each biographical entry features a timeline of the person's life and achievements, information about events that influenced the person's life, and cross-references to related information in other entries.

[Captain Cook's Voyage in the Endeavour](#) Macmillan Education AU

Les Carlyon's *The Great War* is the epic story of the fighting men who wove themselves into legend as part of the largest tragedy in Australian history

- 179,000 dead and wounded - leaving a nation to mourn its fallen heroes in 'one long national funeral' into the 1930s and, now again, a century later. As he did with the best-seller *Gallipoli*, Carlyon leads the reader behind the lines, across the western front and other theatres of battle, and deep into the minds of the men who are witnesses to war. Having walked the fields of France, Belgium and Turkey on his quest for a truth beyond the myth, Carlyon weaves us a mesmerising narrative that shifts seamlessly from the hatching of grand strategies in the political salons of London and St Petersburg to the muddy, bloody trenches of Pozieres and Passchendaele where ordinary soldiers descended into a maelstrom unimaginable. *The Great War* is history at its best - a brilliant account of the most vital event in Australian history. Winner of the ABIA Awards' Book of the Year 2009 Winner of the ABIA Awards' General Non-fiction Book of the Year 2009

**The Great War**

This outstanding new series will make history engaging and stimulating, while covering all requirements of the Curriculum. Macmillan History 7 builds historical knowledge and understanding within an inquiry framework that develops skills in innovative and exciting ways.

*Australian History and Citizenship*

Provides a comprehensive toolkit for teaching Australian Curriculum: History. The activities can be used across different inquiry topics and will develop a wide variety of historical skills, language and research techniques set by the curriculum.

[The Land They Found](#)

History of Western Australian from the time of the earliest white settlers until today. Reconstructs each stage in the State's development. Reference for students. English colonial history. Describing the country as the first settlers found it, and their early struggles for survival, and it traces the political, social and economic growth of the State. Early gold mining days and the development of the farming lands.

*Australian History*

An entertaining romp through Australian history that celebrates the badass sheroes we were never taught about in school and who deserve to be printed on our money, goddamn it! It's been said that 'well-behaved women seldom make history', but the handful of white boys who wrote our history books conveniently left most of them out. Whoops! To rectify this situation, Eliza Reilly is setting out to revive the forgotten stories of the badass Sheilas of Australian history. Chain yourself to pub counters with the determined Merle Thornton, fight for Indigenous rights alongside Faith Bandler, and lure forlorn sailors with swimmer-slash-mermaid Annette Kellerman. Deceive cranky soldiers with bushranger Mary Ann Bugg, infiltrate Nazi strongholds on the back of Nancy Wake's bike - and much, much more. Cracking with satirical wit and whole-hearted admiration, Sheilas is a cheeky, funny, inspirational celebration of the tough-titted ladies who hiked up their petticoats and fly-kicked down the doors of opportunity for modern Australia. This is a specially formatted fixed-layout ebook that retains the look and feel of the print book. Praise for Sheilas: 'A welcome and witty contribution towards redressing the balance - a must-read.' - Noni Hazlehurst 'If Kathy Lette and Monty Python had a love child, that freak would be Eliza Reilly. Lush, loose and liberated from academic orthodoxy, Reilly has the labia majoras to ask the simple but earth-quaking question: what were the women doing? As it happens: Plenty! Sheilas is a glorious romp through the Australian history you didn't learn at school. Funny and fearless, this is the book you'll want your daughters to read and your sons to worship.' - Clare Wright 'Eliza highlights an array of awesome, innovative, determined and defiant Australian women with meticulous research and a wicked sense of humour. This is the history book I've been hanging out for.' - Jane Kennedy

[The Australian School of International Relations](#)

This vivid, multi-dimensional history considers the key cultural, social, political and economic events of Australia's history. Deftly weaving these issues into the wider global context, Mark Peel and Christina Twomey provide an engaging overview of the country's past, from its first Indigenous people, to the great migrations of recent centuries, and to those living within the more anxiously controlled borders of the present day. This engaging textbook is an ideal resource for undergraduate students and postgraduate students taking modules or courses on the History of Australia. It will also appeal to general readers who are interested in obtaining a thorough overview of the entire history of Australia, from the earliest times to the present, in one concise volume.

*Special Days in Australia*

Captain Cook's Voyage in the Endeavour is a pivotal story in Australia's history. The book brings this intriguing story alive with a highly visual presentation. Graphic-style re-enactments are used alongside conventional presentation to convey additional details, and to show different viewpoints simultaneously. It is part of an award-winning series for middle-upper primary that tells the stories of some momentous times in our history. The approach promotes critical thinking and analysis with an emphasis on causes and effects, key personalities, and the long-term outcomes for Australian society.

[History 10](#)

Being Australian - Investigating heritage - International relationships - Women in Australian history - Aboriginal and non-aboriginal relations.

*History 9*

For children; Secondary school text with brief mention of Aborigines in selected chapters.
