 'Living as Form' grew out of a major
 exhibition at Creative Time in New York
 City. Like the exhibition, the book is a
 landmark survey of more than 100
 projects selected by a 30-person curatorial
 advisory team; each project is
 documented by a selection of colour
 images.

 What is the contemporary legacy of
 Gramsci's notion of Hegemony? How can
 universality be reformulated now that its
 spurious versions have been so thoroughly

criticized? In this ground-breaking project,
 Judith Butler, Ernesto Laclau and Slavoj
 Žižek engage in a dialogue on central
 questions of contemporary philosophy and
 politics. Their essays, organized as
 separate contributions that respond to one
 another, range over the Hegelian legacy in
 contemporary critical theory, the
 theoretical dilemmas of multiculturalism,
 the universalism-versus-particularism
 debate, the strategies of the Left in a
 globalized economy, and the relative
 merits of post-structuralism and Lacanian
 psychoanalysis for a critical social theory.
 While the rigor and intelligence with which
 these writers approach their work is
 formidable, Contingency, Hegemony,
 Universality benefits additionally from
 their clear sense of energy and enjoyment
 in a revealing and often unpredictable
 exchange.

Die Villa der Sünde DigiCat

As a bad joke born from desperation,
 priestly Prince Harsen offers himself as the
 'bride' his demonic conquerors have
 demanded. Unfortunately for Harsen the
 bizarre prince Romi is thrilled to accept
 him. Crystalline Priest Prince Harsen's
 world has turned upside-down. The people
 have switched their allegiance to the gods
 of Darkhelm, thus ending Harsen's regime.
 Worse still, his sister has run away
 meaning they don't have a bride to offer
 their new rulers. Harsen knows he can't
 survive in a world ruled by Darkhelm. He
 decides to offer himself as 'bride' so they'll
 kill him in outrage and prevent him from
 suffering. Harsen is stunned to find his
 conquerors civilized and even kind. This
 goes against everything his father taught
 him. When he offers himself as 'bride' the
 young prince Romi enthusiastically
 accepts him. Harsen's shock at the
 situation eventually transforms to curiosity

about his betrothed. Romi is eccentric and effete—the sort of person Harsen would have bullied mercilessly if they were children. Finding himself in a position of power over his demon fiancé, Harsen decides to see things through. His world has become inverted, and dark indoctrination rituals await him. The demon Romi so entrances Harsen he just can't run away—even if he knows the worst is still to come. Please enjoy this compelling, sultry, and original fantasy novella presented in its entirety.

Women and the Colonial State Fire of Submission - Punish Me: Gay BDSM Romance

This incisive study combines the two subjects and views the migration scholarship through the lens of the gender perspective.

Fire of Submission - Punish Me: Gay BDSM Romance Faber & Faber

The Best Nonfiction Masterpiece of the 20th Century? "There are two lives, the natural and the spiritual, and we must lose the one before we can participate in the other." - William James, *The Varieties of Religious Experience: A Study in Human Nature* *The Varieties of Religious Experience: A Study in Human Nature* is not a book about a specific religion. The author, psychologist William James does not try to convince the reader one religion is better than the other. He doesn't even make a case for atheism and the scientific approach. The book is in fact about human nature and how we experience religion at a psychological level. Xist Publishing is a digital-first publisher. Xist Publishing creates books for the touchscreen generation and is dedicated to helping everyone develop a lifetime love of reading, no matter what form it takes *Living as Form* MIT Press

The telephone marks the place of an absence. Affiliated with discontinuity, alarm, and silence, it raises fundamental questions about the constitution of self and other, the stability of location, systems of transfer, and the destination of speech. Profoundly changing our concept of long-distance, it is constantly

transmitting effects of real and evocative power. To the extent that it always relates us to the absent other, the telephone, and the massive switchboard attending it, plugs into a hermeneutics of mourning. The Telephone Book, itself organized by a "telephonic logic," fields calls from philosophy, history, literature, and psychoanalysis. It installs a switchboard that hooks up diverse types of knowledge while rerouting and jamming the codes of the disciplines in daring ways. Avital Ronell has done nothing less than consider the impact of the telephone on modern thought. Her highly original, multifaceted inquiry into the nature of communication in a technological age will excite everyone who listens in. The book begins by calling close attention to the importance of the telephone in Nazi organization and propaganda, with special regard to the philosophy of Martin Heidegger. In the Third Reich the telephone became a weapon, a means of state surveillance, "an open accomplice to lies." Heidegger, in *Being and Time* and elsewhere, elaborates on the significance of "the call." In a tour de force response, Ronell mobilizes the history and terminology of the telephone to explicate his difficult philosophy. Ronell also speaks of the appearance of the telephone in the literary works of Duras, Joyce, Kafka, Rilke, and Strindberg. She examines its role in psychoanalysis—Freud said that the unconscious is structured like a telephone, and Jung and R. D. Laing saw it as a powerful new body part. She traces its historical development from Bell's famous first call: "Watson, come here!" Thomas A. Watson, his assistant, who used to communicate with spirits, was eager to get the telephone to talk, and thus to link technology with phantoms and phantasms. In many ways a meditation on the technologically constituted state, *The Telephone Book* opens a new field, becoming the first political deconstruction of technology, state terrorism, and schizophrenia. And it offers a fresh reading of the American and European addiction to technology in which the telephone emerges as the crucial figure of this age. *Our Lady's Juggler* Wentworth Press

An essential work of the cinematic history of the Weimar Republic by a leading figure of film criticism First published in 1947, *From Caligari to Hitler* remains an undisputed landmark study of the rich cinematic history of the Weimar Republic. Prominent film critic Siegfried Kracauer examines German society from 1921 to 1933, in light of such movies as *The Cabinet of Dr. Caligari*, *M*, *Metropolis*, and *The Blue Angel*. He explores the connections among film aesthetics, the

prevailing psychological state of Germans in the Weimar era, and the evolving social and political reality of the time. Kracauer makes a startling (and still controversial) claim: films as popular art provide insight into the unconscious motivations and fantasies of a nation. With a critical introduction by Leonardo Quaresima which provides context for Kracauer's scholarship and his contributions to film studies, this Princeton Classics edition makes an influential work available to new generations of cinema enthusiasts.

The Shaping of Turkey in the British Imagination, 1776-1923 Amsterdam University Press

Twain's account of traveling in Europe. *A Tramp Abroad* sparkles with the author's shrewd observations and highly opinionated comments on Old World culture. *A Tramp Abroad* includes among its adventures a voyage by raft down the Neckar and an ascent of Mont Blanc by telescope, as well as the author's attempts to study art.

From Caligari to Hitler Yaoi Press

Rainer Werner Fassbinder is one of the most prominent and important authors of post-war European cinema. Thomas Elsaesser is the first to write a thoroughly analytical study of his work. He stresses the importance of a closer understanding of Fassbinder's career through a re-reading of his films as textual entities. Approaching the work from different thematic and analytical perspectives, Elsaesser offers both an overview and a number of detailed readings of crucial films, while also providing a European context for Fassbinder's own coming to terms with fascism.

Contingency, Hegemony, Universality Xist Publishing

This book combines detailed scientific historical research with characteristic philosophic breadth and verve.

Kafka and the Universal Amsterdam University Press

'A monumental achievement - one of the great scientific biographies.' Michael Frayn *The Strangest Man* is the Costa Biography Award-winning account of Paul Dirac, the famous physicist sometimes called the British Einstein. He was one of the leading pioneers of the greatest revolution in twentieth-century science: quantum mechanics. The youngest theoretician ever to win the Nobel Prize for Physics, he was also pathologically reticent, strangely literal-minded and legendarily unable to communicate or empathize. Through his greatest period of productivity, his postcards home contained only remarks about the weather. Based on a previously undiscovered archive of family papers,

Graham Farmelo celebrates Dirac's massive scientific achievement while drawing a compassionate portrait of his life and work. Farmelo shows a man who, while hopelessly socially inept, could manage to love and sustain close friendship. *The Strangest Man* is an extraordinary and moving human story, as well as a study of one of the most exciting times in scientific history. 'A wonderful book . . . Moving, sometimes comic, sometimes infinitely sad, and goes to the roots of what we mean by truth in science.' Lord Waldegrave, Daily Telegraph

The Wrong House Walter de Gruyter GmbH & Co KG

Erich Mühsam (1878–1934), poet, bohemian, revolutionary, is one of Germany's most renowned and influential anarchists. Born into a middle-class Jewish family, he challenged the conventions of bourgeois society at the turn of the century, engaged in heated debates on the rights of women and homosexuals, and traveled Europe in search of radical communes and artist colonies. He was a primary instigator of the ill-fated Bavarian Council Republic in 1919 and held the libertarian banner high during a Weimar Republic that came under increasing threat by right-wing forces. In 1933, four weeks after Hitler's ascension to power, Mühsam was arrested in his Berlin home. He spent the last sixteen months of his life in detention and died in the Oranienburg Concentration Camp in July 1934. Mühsam wrote poetry, plays, essays, articles, and diaries. His work unites a burning desire for individual liberation with anarcho-communist convictions, and bohemian strains with syndicalist tendencies. The body of his writings is immense, yet hardly any English translations have been available before now. This collection presents not only *Liberating Society from the State: What Is Communist Anarchism?*, Mühsam's main political pamphlet and one

of the key texts in the history of German anarchism, but also some of his best-known poems, unbending defenses of political prisoners, passionate calls for solidarity with the lumpenproletariat, recollections of the utopian community of Monte Verità, debates on the rights of homosexuals and women, excerpts from his journals, and essays contemplating German politics and anarchist theory as much as Jewish identity and the role of intellectuals in the class struggle. An appendix documents the fate of Zenl Mühsam, who, after her husband's death, escaped to the Soviet Union where she spent twenty years in Gulag camps.

The Play of Man Wildside Press LLC

Most discussions about approaches to regulating prostitution occur at the national level--battles, for example, between prohibition and legalization. In reality, however, the impact of prostitution is felt most keenly at the local level, and it is local measures that can have the greatest effect. This book explores various approaches to regulating prostitution and other sex work at the local level, analyzing their aims and outcomes and offering guidance on designing effective regulations through available policy instruments.
