Bringing together
international experts, this
collection provides fresh
perspectives on
geopolitical concerns in
the South China Sea. It is
an accessible, even-
handed examination of
current and future
rivalries and challenges in
one of the most

strategically important and militarized maritime regions of the world.

Folk Tales of Kerala

Routledge

The only novel of one of Kerala's leading women writers, Lalithambika Antharjanam's *Agnisakshi* is a telling account of a woman's life glowing as though purified in the "fire of sacrifice". Set against the history of Kerala, and life, customs, habits, and culture of the Namboodiri community, along with the fervent cries of the Indian National Freedom struggle, the characters

act out their unforgettable roles: Tethi, the dazzling but disappointed bride who renounces worldly life; Unni Namboodiri, whose adherence to the Vedic way of life destroys his personal happiness; and Thankam, Unni's Nair cousin and the mighty Aphan Namboodiri's daughter, seeking her own liberation from the past. True to the lyrical and emotional tone of the original, Vasanthi Sankaranarayanan's translation offers a moving portrait of upper-class, upper-caste Kerala

society just before and after Independence.

Pictorial Impressions of Early Colonial Sri Lanka
BRILL

For The Cochin Jews, Indianness And Jewishness Are Not Neatly Demarcated Categories, But Together Form A Seamless Universe Of Meanings, Customs, Aesthetics And Rituals. Their Indian-Jewish Identity Is Expressed As A Whole. The Book Shows Precisely How This Identity Came To Be Established Through Historical Legends, And

How It Is Ritually Enacted
On A Regular Basis.

Gujarat Files An Ordinary
Life

This is the first book to tackle the diverse styles and multiple histories of popular musics in India. It brings together fourteen of the world's leading scholars on Indian popular music to contribute chapters on a range of topics from the classic songs of Bollywood to contemporary remixes, summarized by a reflective afterword by popular music scholar Timothy Taylor. The

chapters in this volume address the impact of media and technology on contemporary music, the variety of industrial developments and contexts for Indian popular music, and historical trends in popular music development both before and after the Indian Independence in 1947. The book identifies new ways of engaging popular music in India beyond the Bollywood musical canon, and offers several case studies of local and regional styles of music.

The contributors address the subcontinent's historical relationships with colonialism, the transnational market economies, local governmental factors, international conventions, and a host of other circumstances to shed light on the development of popular music throughout India. To illustrate each chapter author's points, and to make available music not easily accessible in North America, the book features an Oxford web music companion website

of audio and video tracks.

No body speaks in strictly formal address anymore. Not even in China, where the common expressions tossed around in the newly metropolitan cities are far from text book China. This all-new, totally-up-to-date book fills the gap between how people really talk in China and what Chinese language students are taught.

HarperCollins

Prepare for a clash

between love and lust...

He kissed me once again and hugged me to bring me closer to him. He kept kissing me again and again for some time. I started to like the feeling and didn't resist. Then he slowly made me lie down on the bed and kissed me some more. Then he began to feel my boobs and kiss my neck. I was feeling immensely shy but liking the feeling at the same time. He took off my top and kissed my cleavage. He licked my

boobs from over my bra.

Indian Erotic Stories OUP
India

A savage indictment of religious extremism and man's inhumanity to man, Lajja was banned in Bangladesh, but became a bestseller in the rest of the world. The Duttas—Sudhamoy and Kironmoyee, and their children, Suranjan and Maya— have lived in Bangladesh all their lives. Despite being members of a small, vulnerable Hindu community, they refuse to leave their country, unlike most of their friends and

relatives. Sudhamoy believes with a naive mix of optimism and idealism that his motherland will not let him down. And then, on 6 December 1992, the Babri Masjid is demolished. The world condemns the incident, but its immediate fallout is felt most acutely in Bangladesh, where Muslim mobs begin to seek out and attack Hindus. The nightmare inevitably arrives at the Duttas' doorstep, and their world begins to fall apart.

God's Amazing Creation

North Hertfordshire Museums Service/North Hertfordshire Archaeological Society

The topic of skin aging is of growing importance to all working in the field of dermatology, aesthetic medicine and cosmetic medicine. Two internationally well-known and leading experts in the field present a comprehensive state-of-the-art review on all aspects of skin aging. With its clear, concise and reader-friendly format this book has all the potential to become the Bible of

skin aging. Every specialist interested in dermatology, aesthetic medicine, cosmetic science, cutaneous biology and aging research will find indispensable information of great value for his or her daily work.

leader, visionary,

philanthropist, mystic,

and yogi Sadhguru

presents Western readers

with a time-tested path to

achieving absolute well-

being: the classical

science of yoga. "A loving

invitation to live our best

lives and a profound

reassurance of why and how we can."—Sir Ken Robinson, author of *The Element*, *Finding Your Element*, and *Out of Our Minds: Learning to Be Creative* NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY SPIRITUALITY & HEALTH The practice of hatha yoga, as we commonly know it, is but one of eight branches of the body of knowledge that is yoga. In fact, yoga is a sophisticated system of self-empowerment that is capable of harnessing and activating inner energies

in such a way that your body and mind function at their optimal capacity. It is a means to create inner situations exactly the way you want them, turning you into the architect of your own joy. A yogi lives life in this expansive state, and in this transformative book Sadhguru tells the story of his own awakening, from a boy with an unusual affinity for the natural world to a young daredevil who crossed the Indian continent on his motorcycle. He relates the moment of his

enlightenment on a mountaintop in southern India, where time stood still and he emerged radically changed. Today, as the founder of Isha, an organization devoted to humanitarian causes, he lights the path for millions. The term guru, he notes, means “dispeller of darkness, someone who opens the door for you. . . . As a guru, I have no doctrine to teach, no philosophy to impart, no belief to propagate. And that is because the only solution for all the ills that plague

humanity is self-transformation. Self-transformation means that nothing of the old remains. It is a dimensional shift in the way you perceive and experience life.” The wisdom distilled in this accessible, profound, and engaging book offers readers time-tested tools that are fresh, alive, and radiantly new. Inner Engineering presents a revolutionary way of thinking about our agency and our humanity and the opportunity to achieve nothing less than a life of

joy.

Independently Published
The culmination of forty years of research, *The Language of the Inuit* maps the geographical distribution and linguistic differences between the Eskaleut and Inuit languages and dialects. Providing details about aspects of comparative phonology, grammar, and lexicon as well as Inuit prehistory and historical evolution, Louis-Jacques Dorais shows the effects of bilingualism, literacy, and formal education on

Inuit language and considers its present status and future. An enormous task, masterfully accomplished, *The Language of the Inuit* is not only an anthropological and linguistic study of a language and the broad social and cultural contexts where it is spoken but a history of the language's speakers.

Penguin

Affective Health and Masculinities in South Africa explores how different masculinities

modulate substance use, interpersonal violence, suicidality, and AIDS as well as recovery cross-culturally. With a focus on three male protagonists living in very distinct urban areas of Cape Town, this comparative ethnography shows that men's struggles to become invulnerable increase vulnerability. Through an analysis of masculinities as social assemblages, the study shows how affective health problems are tied to modern individualism rather than African

'tradition' that has become a cliché in Eurocentric gender studies. Affective health is conceptualized as a balancing act between autonomy and connectivity that after colonialism and apartheid has become compromised through the imperative of self-reliance. This book provides a rare perspective on young men's vulnerability in everyday life that may affect the reader and spark discussion about how masculinities in relationships shape

physical and psychological health. Moreover, it shows how men change in the face of distress in ways that may look different than global health and gender-transformative approaches envision. Thick descriptions of actual events over the life course make the study accessible to both graduate and undergraduate students in the social sciences. Contributing to current debates on mental health and masculinity, this volume will be of interest

to scholars from various disciplines including anthropology, gender studies, African studies, psychology, and global health. The Lexicon of Comicana Ulysses Press First Published in 1999. Routledge is an imprint of Taylor & Francis, an informa company. Aleph Book Company How to talk dirty and influence people—in Chinese! You can study Chinese for years, but do you really know how to talk like a native speaker? The next book in Plume's

foreign language slang series, Niubi! will make sure you learn all the colorful vernacular words and phrases used by Chinese people of all ages in a variety of situations, including flirting and dating, wheeling and dealing, and even specific Internet slang—not to mention plenty of Chinese words that are...well, best not to mention. Accessible and useful to complete novices (Niubi! newbies), intermediate students of Mandarin Chinese, or just anyone who enjoys cursing in other

languages, this irreverent guide is packed with hilarious anecdotes and illustrations, mini cultural lessons, and contextual explanations. So whether you're planning a trip to Beijing, flirting with an online acquaintance from Shanghai, or just want to start a fight in Chinatown—Niubi! will ensure that nothing you say is lost in translation. More Than Bollywood Princeton University Press The book addresses problems and topics which have so far been largely ignored, in spite of

being of fundamental importance for successful teaching and correct understanding of Tamil literary heritage which spans some 2000 years of development.

International Association of
Asian Educational Services

The Department of Child and Adolescent Health has developed guidelines on optimal feeding of low birth weight infants in low- and middle-income countries. These guidelines include recommendations on what to feed low-birth

weight infants, when to start feeding, how to feed, how often and how much to feed. The guidelines were developed using the process described in the WHO Handbook for Development of Guidelines. Systematic reviews were conducted to answer 18 priority questions identified by the guidelines development group. The population of interest is low-birth weight infants, and the critical outcomes include mortality, severe morbidity, growth and development. The

implementation of these guidelines in low- and middle-income countries is expected to improve care and survival of low birth weight infants.

Tyndale Kids

No lavatory is complete without a Profanisaurus! After all, what else could you read whilst you're sitting on the 'chod bin' trying not to 'breach the hull' or commit a 'Wee-Harvey Oswald'? Don't know the difference between 'stabbing the cat' and 'feeding the ducks'? Don't know when

to take a 'monkey's fag break? You need Roger's Profanisaurus - the ultimate in schoolboy humour (that is definitely not for children). Roger Mellie presents this updated dictionary of swearing that gives a hilarious new angle to many previously innocently-used words. New vastly expanded edition. Completely revised and updated. An entertaining glossary of vulgarity, expletives, colourful obscenity and downright filth; Ideal for use in the home and

office

Casteless Or Caste-blind?
Penguin

Professor Skendi, a native of Albania, traces the progress and setbacks of Albania's long struggle for national unity during this least-known period of its intricate history. He discusses the heritage of its people and examines in detail the developments that led to Albanian independence: national resistance to the decisions of the Congress of Berlin, later opposition to Turkey, and the struggle between the

Albanians and the Young Turks. Consideration is given to such internal problems as geographic configuration, religious and political division, and to such external problems as Italo-Austrian rivalry, political interference from neighboring states, and the involvement of great powers. Originally

published in 1967. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts

of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.
