A haunting and thought-provoking story about how a mother's love for her children can be more dangerous than the dark world she is seeking to keep at bay. A single mother takes her two sons on a trip to the seaside. They stay in a hotel, drink hot chocolate, and go to the funfair. She wants to protect them from an uncaring and uncomprehending world. She knows that it will be the last trip for her boys. *Beside the Sea* is a haunting and thought-provoking story about how a mother's love for her children can be more dangerous than the dark world she is seeking to keep at bay. It's a hypnotizing look at an unhinged mind and the cold society that produced it. With language as captivating as the story that unfolds, Véronique Olmi creates an intimate portrait of madness and despair that won't soon be forgotten.

An A to Z of Monsters and Magical Beings Hachette UK

Collects forty short stories published between 1915 and 2015,

from writers that include Ernest Hemingway, John Updike, and Alice Munro that exemplify their era and stand the test of time -- Gringos Hachette Books

Charles Portis's fourth novel—a truly brilliant, wonderfully bizarre novel by one of our great American novelists. Jimmy Burns is an expatriate American living in Mexico who has an uncommonly astute eye for the absurd little details that comprise your average American. For a time, Jimmy spent his days unearthing pre-Colombian artifacts. Now he makes a living doing small trucking jobs and helping out with the occasional missing person situation—whatever it takes to remain “the very picture of an American idler in Mexico, right down to the grass-green golfing trousers.” But when Jimmy's laid-back lifestyle is seriously imposed upon by a ninety-pound stalker called Louise, a sudden wave of “hippies” (led by a murderous ex-con guru) in search of psychic happenings, and a group of archaeologists who are unearthing (illegally) Mayan tombs, his simple South-of-the-Border existence faces a clear and present danger.

The Book of Giant Stories Simon and Schuster

Dare Island, forty miles off the coast of North Carolina, is known for its wild horses and uninhabited “wild” side, which the locals

have left largely unexplored. When twelve-year-old Jesse and his friend Lucas discover a giant creature washed up on a Dare Island beach one night, they are launched into the most exciting and perilous adventure of their lives. Later, near the island's campground, they spot a dangerous-looking creature that looks like a cross between a monkey and a cat. Jesse sends a photograph of the animal to Jasper Callison, a retired biology professor and head of the Society for the Search for Unknown Animals. Jasper decides to investigate, and calls on his old friend Pete, a retired biologist who has worked with him before. Once arriving on the island they are befriended by Sheriff Tillman Dunn who shares in their adventures. What they find on Dare Island leads Jasper to believe that a monumental change in human history is unfolding before their eyes. Jasper, Pete, Tillman, Jesse, and Lucas are forced to call upon every reserve of strength and courage to survive and to solve The Dare Island Enigma.

This masterfully crafted horror classic, featuring a brand-new introduction by Dan Simmons, will bring you to the edge of your seat, hair standing on end and blood freezing in your veins. It's the summer of 1960 and in the small town of Elm Haven, Illinois, five twelve-year-old boys are forging the powerful bonds that a lifetime of change will not break. From sunset bike rides to shaded hiding places in the woods, the boys' days are marked by all of the secrets and silences of an idyllic middle-childhood. But amid the sundrenched cornfields their loyalty will be pitilessly tested. When a long-silent bell peals in the middle of the night, the townsfolk know it marks the end of their carefree days. From the depths of the Old Central School, a hulking fortress tinged with the mahogany scent of coffins, an invisible evil is rising. Strange and horrifying events begin to overtake everyday life, spreading terror through the once idyllic town. Determined to exorcise this ancient plague, Mike, Duane, Dale, Harlen, and Kevin must wage a war of blood—against an arcane abomination who owns the night...

"The widowed Diana, Lady Templeton and Jeremy, Marquess of Willingham are infamous among English high society as much for their sharp-tongued bickering as their flirtation. One evening, an argument at a ball turns into a serious wager: Jeremy will marry within the year or Diana will forfeit one hundred pounds. So shortly after, just before a fortnight-long house party at Elderwild, Jeremy's country estate, Diana is shocked when Jeremy appears at her home with a very different kind of proposition. After his latest mistress unfavorably criticized his skills in the bedroom, Jeremy is looking for reassurance, so he has gone to the only woman he trusts to be totally truthful. He suggests that they embark on a brief affair while at the house party—Jeremy can receive an honest critique of his bedroom skills and widowed Diana can use the gossip to signal to other gentlemen that she is interested in taking a lover. Diana thinks taking him up on his counter-proposal can only help her win her wager. With her in the bedroom and Jeremy's marriage-minded grandmother, the formidable Dowager Marchioness of Willingham, helping to find suitable matches among the eligible ladies at Elderwild, Diana is confident her victory is assured. But while they're focused on winning wagers, they stand to lose their own hearts"--

Dorință mascată de putere sau devotament sincer față de aproape? Aceasta e doar una dintre întrebările pe care le pune în lumină romanul lui Groff. Marie, o bastardă la curtea regală franceză, e trimisă la vârsta de șaptesprezece ani să se ocupe în Anglia de o mănăstire aflată în paragină. Odată devenită stareță, Marie (viitoarea poetă faimoasă pentru laiurile sale) o reconstruiește din temelii: dintr-un loc stăpânit de foamete și boală, abația ajunge să le ofere siguranță și prosperitate măicuțelor. Un scut în fața oricăror adversități, mănăstirea devine un spațiu aproape utopic, stârnind vâlvă și stupoare. Inspirată de viziunile pe care le are cu fecioara Maria, stareța își cultivă însă nestingherită propriile ambiții, căutând, totodată, un sens mareț în existența ei și a surorilor sale. Eroina cu inteligență ascuțită și spirit întreprinzător, meditația asupra credinței religioase, asupra sacralității și senzualității fac din captivantul roman al lui Lauren Groff o lectură de actualitate.

The Jorgmund Pipe is the backbone of the world, and it's on fire. Gonzo Lubitsch, professional hero and troubleshooter, is hired to put it out - but there's more to the fire, and the Pipe itself, than meets the eye. The job will take Gonzo and his best friend, our narrator, back to their own beginnings and into the dark heart of the Jorgmund Company itself. Equal parts raucous adventure, comic odyssey and Romantic Epic, *The Gone-Away World* is a story of - among other things - love and loss; of ninjas, pirates, politics; of curious heroism in strange and dangerous places; and of a friendship stretched beyond its limits. But it also the story of a world, not unlike our own, in desperate need of heroes - however unlikely they may seem.

After her mother dies from a heart attack, Sloane Templeton goes from Cyber Crimes Unit to bookstore owner before she can blink. She also "inherits" a half-batty store manager; a strange bunch of little old people from the neighborhood who meet at the store once a week, but never read books, called the Granny Oakleys Book Club; and Aunt Verline, who fancies herself an Iron Chef when in reality you need a cast iron stomach to partake of her culinary disasters. And with a group like this you should never ask, "What else can go wrong?" A lot! Sloane begins to receive cyber threats. While Sloane uses her computer forensic skills to uncover the source of the threats, it is discovered someone is out to kill her. Can her life get more crazy? "Bonnie Calhoun's first Sloane Templeton mystery, *Cooking the Books*, is one of the most delightful new fiction voices I've read in years. My only complaint--waiting for the sequel. If this book doesn't have you ROFLOL, you'd better check your pulse!"--Jeanette Windle "Bonnie Calhoun's debut novel, *Cooking the Books*, is as fun and quirky as the author herself. The cast of characters brims with unexpected humor and heart, and Sloane's take on the world around her keeps the reader eagerly turning pages to see what she'll say or do next. I look forward to more Sloane Templeton adventures." Sandra D. Bricker, award-winning author of the Emma Rae Creation series that began with *Always the Baker*, *Never the Bride* "What do a gangsta ex-boyfriend, gunslinging grannies, computer hacking, two very unusual books, and the world's worst chef all have in common? You'll find them in Bonnie Calhoun's

debut novel, *Cooking the Books*. It's a one-of-a-kind a potboiler filled to the brim with plot twists, romance, and humor. A tasty treat for romantic suspense fans." --Rick Acker, author of *When the Devil Whistles* and *Dead Man's Rule* "Bonnie S. Calhoun is a master weaver of snarky humor and suspense. *Cooking the Books* is fast paced, laugh out loud funny with enough suspense to make you shiver. Sloane is an oxymoron: tough as nails on crime and injustice, yet her Aunt Verline and Fifi, her nutty store manager, manipulate her. Novel Rocket and I give it a high recommendation. It's a must read." - Ane Mulligan, Sr. Editor Novel Rocket "Bonnie S. Calhoun pens a heroine with snap and pizzazz. Sloane Templeton wonders why an old book is cause for bullets, and whether her refusal to sell her business justifies harrassment. A fast-paced mystery full of colorful characters and a last minute twist--what's not to love?" ~ S. Dionne Moore, Author of *Promise Brides*, 2010 and 2011 Carol Award Finalist **100 Years of the Best American Short Stories** St. Martin's Griffin

A NEW YORK TIMES NOTABLE BOOK It is 1901 and Buffalo, New York, stands at the center of the nation's attention as a place of immense wealth and sophistication. The massive hydroelectric power development at nearby Niagara Falls and the grand Pan-American Exposition promise to bring the Great Lakes "city of light" even more repute. Against this rich historical backdrop lives Louisa Barrett, the attractive, articulate headmistress of the Macaulay School for Girls. Protected by its powerful all-male board, "Miss Barrett" is treated as an equal by the men who control the life of the city. Lulled by her unique relationship with these titans of business, Louisa feels secure in her position, until a mysterious death at the power plant triggers a sequence of events that forces her to return to a past she has struggled to conceal, and to question everything and everyone she holds dear. Both observer and participant, Louisa Barrett guides the reader through the culture and conflicts of a time and place where immigrant factory workers and nature conservationists protest violently against industrialists, where presidents broker politics, where wealthy "Negroes" fight for recognition and equality, and where women struggle to thrive in a system that allows them little freedom. Wrought with remarkable depth and intelligence, *City of Light* remains a work completely of its own era, and of ours as well. A stirring literary accomplishment, Lauren Belfer's first novel marks the debut of a fresh voice for the new millennium and heralds a major publishing event.

Four short novels from the author of *THE FIREMAN* and *HORNS*, ranging from creepy horror to powerful explorations of our modern society. One autumnal day in Boulder, Colorado, the clouds open up in a downpour of nails, splinters of bright crystal that tear apart anyone who isn't safely under cover. 'Rain' explores this escalating apocalyptic event, as clouds of nails spread out across the country and the world. Amidst the chaos, a girl studying law enforcement takes it upon herself to resolve a series of almost trivial mysteries . . . apparently harmless puzzles that turn out to have lethal answers. In 'Loaded' a mall security guard heroically stops a mass shooting and becomes a hero to the modern gun movement. Under the hot glare of the spotlights, though, his story begins to unravel, taking his sanity with it... 'Snapshot, 1988' tells the story of an kid in Silicon Valley who finds himself threatened by The Phoenician, a tattooed thug who possesses a Polaroid that can steal memories... And in 'Aloft' a

young man takes to the skies to experience parachuting for the first time . . . and winds up a castaway on an impossibly solid cloud, a Prospero's island of roiling vapour that seems animated by a mind of its own.
