Humanix Books  
Wall Street Journal  
Bestseller | USA Today  
Bestseller "Really an  
interesting read, would  
make a great Christmas  
gift! Get your copy of The  
Return: Trump's Big 2024

Comeback"—Donald J.  
Trump, 45th President of  
the United States "The  
Return is a fantastic  
political analysis of what  
very well may be taking  
place in the not-too-  
distant future. Dick Morris  
is a #1 New York Times  
Bestselling Author, who is  
also a true political pro.  
Great book, get it  
now!!!"—Donald J. Trump,  
45th President of the  
United States The Trump

revolution cannot succeed  
without Trump. Will he run  
in 2024? You bet he will.  
Will he be the GOP  
nominee? Absolutely. Will  
he win the election? YES.  
New York Times  
bestselling author, Dick  
Morris, is a winning  
presidential strategist and  
the man Time magazine  
dubbed "the most  
influential private citizen  
in America." In his new  
book, The Return:

Trump's Big 2024 Comeback, lays-out Trump's secret plan to return to the Oval Office in 2024. Since 2016, Dick Morris has been a behind-the-scenes adviser to Donald Trump, playing a key role in Trump's surprise 2016 win. For the first time, Dick Morris reveals President Trump's strategy to win in 2024 (And yes, he's running!). The stakes for the next elections could not be higher. "President Trump knows the future of America rests on his shoulders," Morris says

bluntly. Morris explains that we cannot repeat 2020—and we can't let the Democrats get away with it again or America is lost. He provides the road map that Trump is prepared to implement in his effort to take-back the White House and the nation. Conservatives and MAGA supporters must realize that there are new rules. The Democrats, Big Media, Soros, and the Deep State have decided Trump must be stopped at any cost. Morris reveals how to beat the Democrats and the radical

left at their own game - and getting freedom-loving Americans to rise up for Trump and our democracy. Morris outlines the strategy for victory on three fronts: Make certain more legal, eligible voters cast ballots for Republicans, and that their votes are not offset by a torrent of illegal ballots. Morris says a new group of Trump voters are emerging who will create a New Majority. The Republican candidate in 2024 will, and must, be Donald J. Trump. Accept no substitutes. As Morris

explains, Florida Governor Ron DeSantis is not ready for prime time. The Winning (Trump) Message: The Democrats will transform America into a nation none of us will recognize by destroying social, cultural, economic, and political freedoms. Morris says time is short. This election really is critical. With the results of the 2020 election, everything pundits knew—or thought they knew—is obsolete in this new era of massively higher turnout. Read *The Return* to find out how

conservatives can take advantage of the new rules to make America great again!  
[The Madman Theory](#)  
African Books Collective  
From the #1 New York Times bestselling author of *Yes We (Still) Can* and cohost of *Pod Save America*, a sharp political playbook for how Democrats can take on the right-wing circus dominating American politics. There is nothing more important than beating Donald Trump in 2020, but defeating Trump is just the start of

this timely book. *Un-Trumping America* offers readers three critical insights: first, Trump is not an aberration, but rather the logical extension of the modern Republican Party; second, how Democrats can defeat Trump in 2020; and third, preventing the likes of Trump from ever happening again with a plan to fix democracy. While the catalog of the president's crimes is long and growing, undoing Trumpism--the political platform of racism, authoritarianism, and

plutocracy that gave rise to Trump and defines the Republican Party--is a long and continuing fight. Through a craven, cynical strategy engineered by Mitch McConnell, funded by the Kochs, and fueled by Fox News propaganda, Republicans have rigged American politics to drown out the voices of the people in favor of the powerful. Without an aggressive response that recognizes who the Republicans are and what they have done, American democracy as we know it won't survive this moment

and a conservative, shrinking, mostly white minority will govern the country for decades. Un-Trumping America dismantles toxic Trumpism and offers a way forward. Dan Pfeiffer worked for nearly twenty years at the center of Democratic politics, from the campaign trail to Capitol Hill to Barack Obama's White House. But it was Trump's victory and Republicans' incessant aiding and abetting of Trumpism that has radicalized his thinking. Here, Pfeiffer

urges Democrats to embrace bold solutions--from fixing the courts to abolishing the electoral college to eliminating the filibuster--in order to make America more democratic (and Democratic). Un-Trumping America is a powerful call for Democrats and progressives to get smarter, tougher, and more aggressive without becoming a paler shade of orange.

**President Trump's National Security Strategy Non-Doctrine: an Assessment**

Independently Published  
In this sobering analysis of American foreign policy under Trump, the award-winning economist calls for a new approach to international engagement. The American Century began in 1941 and ended in 2017, on the day of President Trump's inauguration. The subsequent turn toward nationalism and "America first" unilateralism did not make America great. It announced the abdication of our responsibilities in the face of environmental

crises, political upheaval, mass migration, and other global challenges. As a result, America no longer dominates geopolitics or the world economy as it once did. In this incisive and passionate book, Jeffrey D. Sachs provides the blueprint for a new foreign policy that embraces global cooperation, international law, and aspirations for worldwide prosperity. He argues that America's approach to the world must shift from military might and wars of choice to a commitment to

shared objectives of sustainable development. A New Foreign Policy explores both the danger of the "America first" mindset and the possibilities for a new way forward, proposing timely and achievable plans to foster global economic growth, reconfigure the United Nations for the twenty-first century, and build a multipolar world that is prosperous, peaceful, fair, and resilient.  
Un-Trumping America  
Post Hill Press  
ON POWER They do have

tremendous power. But in part it is because we give it to them. We are nothing, but we are not alone. Awe cannot live in fear. The moment you stop caring about what the media establishment thinks of you, is the moment you become truly free. ON INSIDERS The USPS whistleblower, a Marine Corps combat veteran said, “I would rather be back in Afghanistan, getting shot at by Afghans, honest to God,” than be interrogated by federal agent Russell

Strasser—who coerced him by saying, “I am trying to twist you a little bit because your mind will kick in.... I am not scaring you, but I am scaring you.” ON PRIVACY The right to record is closely tied to the right to speak or even to take contemporaneous notes about what one sees and hears. As 60 Minutes producer Don Hewitt quipped, “People committing malfeasance don’t have any right to privacy.... What are we saying—that Upton Sinclair shouldn’t have

smuggled his pencil in?” ON MEANS & ENDS Whereas the novelist Ernest Hemingway said, “What is moral is what you feel good after and what is immoral is what you feel bad after,” Thomas B. Morgan of the 1960s New Journalism contends, “Morally defensible journalism is rarely what you feel good about afterward; it is only that which makes you feel better than you would otherwise.” ON LITIGATION “Polling does not decide the truth nor speak to evidence.... The

New York Times have not met their burden to prove that Veritas is deceptive...claiming protections from an upstart competitor armed with a cell phone and a website. There is a substantial basis in law to proceed, to permit Project Veritas, to conduct discovery into The New York Times.” —Project Veritas v. New York Times Company; New York Supreme Court, March 18, 2021

Donald Trump’s presidency has raised a question that many of us never thought we’d be asking: Is our democracy in danger?  
Harvard professors Steven

Levitsky and Daniel Ziblatt have spent more than twenty years studying the breakdown of democracies in Europe and Latin America, and they believe the answer is yes. Democracy no longer ends with a bang—in a revolution or military coup—but with a whimper: the slow, steady weakening of critical institutions, such as the judiciary and the press, and the gradual erosion of long-standing political norms. The good news is that there are several exit ramps on the road to

authoritarianism. The bad news is that, by electing Trump, we have already passed the first one. Drawing on decades of research and a wide range of historical and global examples, from 1930s Europe to contemporary Hungary, Turkey, and Venezuela, to the American South during Jim Crow, Levitsky and Ziblatt show how democracies die—and how ours can be saved. Praise for *How Democracies Die* “What we desperately need is a sober, dispassionate look

at the current state of affairs. Steven Levitsky and Daniel Ziblatt, two of the most respected scholars in the field of democracy studies, offer just that.”—The Washington Post “Where Levitsky and Ziblatt make their mark is in weaving together political science and historical analysis of both domestic and international democratic crises; in doing so, they expand the conversation beyond Trump and before him, to other countries and to the deep structure of American democracy

and politics.”—Ezra Klein, Vox “If you only read one book for the rest of the year, read *How Democracies Die*. . . . This is not a book for just Democrats or Republicans. It is a book for all Americans. It is nonpartisan. It is fact based. It is deeply rooted in history. . . . The best commentary on our politics, no contest.”—Michael Morrell, former Acting Director of the Central Intelligence Agency (via Twitter) “A smart and deeply informed book

about the ways in which democracy is being undermined in dozens of countries around the world, and in ways that are perfectly legal.”—Fareed Zakaria, CNN

**The Room Where It Happened**

Columbia University Press

Some of America’s best reporters and thinkers offer an urgent look at a country in chaos in this collection of timely, often prophetic articles from The Atlantic. The past four years in the United States have been among the

most turbulent in our history—and would have been so even without a global pandemic and waves of protest nationwide against police violence. Drawn from the recent work of The Atlantic staff writers and contributors, The American Crisis explores the factors that led us to the present moment: racial division, economic inequality, political dysfunction, the hollowing out of government, the devaluation of truth, and the unique threat posed by Donald Trump. Today’s

emergencies expose pathologies years in the making. Featuring leading voices from The Atlantic, one of the country’s most widely read and influential magazines, The American Crisis is a broad and essential look at the condition of America today—and at the qualities of national character that may yet offer hope. With contributions by: Danielle Allen, Anne Applebaum, Yoni Appelbaum, Molly Ball, David W. Blight, Mark Bowden, Ta-Nehisi Coates, Lizabeth Cohen,

McKay Coppins, James Fallows, Drew Gilpin Faust, Caitlin Flanagan, Franklin Foer, David Frum, Megan Garber, Michael Gerson, Elizabeth Goitein, David A. Graham, Emma Green, Yuval Noah Harari, Ibram X. Kendi, Olga Khazan, Adrienne LaFrance, Annie Lowrey, James Mattis, Lin-Manuel Miranda, Angela Nagle, Vann R. Newkirk II, George Packer, Elaina Plott, Jeremy Raff, Jonathan Rauch, Adam Serwer, Clint Smith, Matthew Stewart, Alex Wagner, Tara Westover,

and Ed Yong. *Surrender Is Not an Option* Simon and Schuster With no-holds-barred candor, the straight-talking former ambassador to the United Nations takes readers behind the scenes at the UN and the U.S. State Department and reveals why his efforts to defend American interests and reform the UN resulted in controversy. A veteran of three Republican administrations and a nominee for the 2006 Nobel Peace Prize, Bolton

shows how the U.S. can lead the way to a more realistic global security arrangement for the twenty-first century and identifies the next generation of threats to America. The son of a Baltimore firefighter and the first person in his family to go to college, with scholarships to Yale University and Yale Law School, John Bolton studied with preeminent conservative thinkers Robert Bork and Ralph Winter. After law school, he experienced the "Reagan Revolution"

firsthand in Edwin Meese's justice department -- where the American judiciary was fundamentally reshaped. His diplomatic skills were honed working with Secretary of State James Baker during the presidency of George H. W. Bush, and serving in the administration of President George W. Bush as Undersecretary of State for Arms Control and International Security Affairs. In this revealing memoir, he candidly recounts his appointment in 2005 as Ambassador to

the United Nations, his headline-making Senate confirmation battle, which resulted in his recess appointment, and his sixteen-month tenure at the United Nations. Bolton offers keen insight into such international crises as North Korea's nuclear test, Iran's pursuit of nuclear weapons, the genocide in Darfur, the monthlong negotiation that produced the controversial end of hostilities between Israel and Hezbollah, and more. Recounting both his successes and frustrations

in taking a hard line against weapons-of-mass destruction proliferators, terrorists, and rogue states such as North Korea and Iran, he also exposes the operational inadequacies that hinder the UN's effectiveness in international diplomacy and its bias against Israel and the United States. At home, he criticizes the pernicious bureaucratic inertia in the U.S. State Department that can undermine presidential policy. A fascinating chronicle of the career of a distinguished lawyer

and diplomat who has fought to preserve American sovereignty and strength at home and abroad, *Surrender Is Not an Option* is the candid memoir of one of America's outstanding statesmen that is sure to become required reading for everyone interested in international affairs.

*Un-Trumping America: A Plan to Make America a Democracy Again* by Daniel Pfeiffer:  
Conversation Starters Un-

*Trumping America: A Plan to Make America a Democracy Again* is a book written by Daniel Pfeiffer that offers three critical insights towards the readers. First, Trump is not a deviation; however, he is the logical extension of the modern Republican Party. Another idea is how Democrats can defeat Trump in 2020. And, lastly, preventing the likes of Trump from occurring again with a plan to fix democracy in the country. This book dismantles toxic Trumpism and offers

another way forward. Pfeiffer has worked for almost twenty years at the center of Democratic politics, from the campaign trail to Capitol Hill to Barack Obama's White House, but it was Trump's victory and Republicans' incessant aiding and abetting of Trumpism that has radicalized his thinking. *A Brief Look Inside: EVERY GOOD BOOK CONTAINS A WORLD FAR DEEPER* than the surface of its pages. The characters and their world come alive, and the characters and its world

still live on. Conversation Starters is peppered with questions designed to bring us beneath the surface of the page and invite us into the world that lives on. These questions can be used to create hours of conversation: -Foster a deeper understand of the book -Promote an atmosphere of discussion for groups -Assist in the study of the book, either individually or corporately -Explore unseen realms of the book as never seen before Disclaimer This book is an independent

resource to supplement the original book and is not affiliated nor endorse by the original work in any way. If you have not yet purchased a copy of the original book, please do before purchasing this unofficial Conversation Starters. How the South Won the Civil War Independently Published

This is a study of how Donald J. Trump, his populist credentials

notwithstanding, borrows without acknowledgment and stubbornly refuses to come to terms with his indebtedness. Taken together with mobility and conviviality, the principle of incompleteness enables us to distinguish between inclusionary and exclusionary forms of populism, and when it is fuelled by ambitions of superiority and zero-sum games of conquest. Nyamnjoh challenges the reader to reflect on how stifling frameworks of citizenship and belonging predicated upon

hierarchies of humanity and mobility, and driven by a burning but elusive quest for completeness, can be constructively transcended by humility and conviviality inspired by taking incompleteness seriously. Nyamnjoh argues that the logic and practice of incompleteness is a healthy antidote to name-calling and scapegoating others as undesirable outsiders, depending on the brand of populism at play. Recognising incompleteness also helps to question sterile and

problematic binaries such as those between elites and the impoverished masses among whom populists go to fish for political visibility, prominence and success. **Trump's America and International Relations in the Indo-Pacific** Simon and Schuster America in the Age of Trump is a bracing, essential look at the failure of a great nation to meet the needs of its people and the challenges of the age—and the resulting collapse of public trust in

government, as well as a pervasive crisis of national values, from broken families to a loss of faith in the American idea itself. This crisis of values occurs just as the country faces an unprecedented array of fiscal, economic, social, and national-security challenges: out-of-control federal spending, frighteningly large deficits, massive gaps of income and opportunity, cultural division, and a dangerous world in which American power seems increasingly incidental. In

America in the Age of Trump, Douglas E. Schoen and Jessica Tarlov offer a definitive and unique assessment of a nation in turmoil, looking beneath well-known problems to identify underlying yet poorly understood causes. Readers will confront the crises, one by one: of trust, values, and governance; of education, economic opportunity, and fiscal solvency; of national security, domestic tranquility, and race relations. America in the Age of Trump gathers in one place a clear and

comprehensive evaluation of the fundamental issues confronting the American future while offering bold, fresh approaches to meeting these challenges. Other books have described the specter of American decline, but none has been so comprehensive in its diagnosis or forward-looking—and non-ideological—in its remedies, explaining how we might yet overcome national self-doubt to reclaim our traditional optimism, reassert our place in the world, and

secure a prosperous future for our citizens.

**Between Russia and Iran: Room to Pursue American Interests in Syria**

Taylor & Francis  
Un-Trumping  
AmericaTwelve

**America in the Age of Trump**

Simon & Schuster  
THE INSTANT NEW YORK  
TIMES AND WASHINGTON  
POST BESTSELLER A call  
to action from three of  
Washington's premier  
political scholar-  
journalists, One Nation  
After Trump offers the  
definitive work on the  
threat posed by the

Trump presidency and how to counter it. American democracy was never supposed to give the nation a president like Donald Trump. We have never had a president who gave rise to such widespread alarm about his lack of commitment to the institutions of self-government, to the norms democracy requires, and to the need for basic knowledge about how government works. We have never had a president who raises profound questions about his basic competence and

his psychological capacity to take on the most challenging political office in the world. Yet if Trump is both a threat to our democracy and a product of its weaknesses, the citizen activism he has inspired is the antidote. The reaction to the crisis created by Trump's presidency can provide the foundation for an era of democratic renewal and vindicate our long experiment in self-rule. The award-winning authors of *One Nation After Trump* explain Trump's rise and the

danger his administration poses to our free institutions. They also offer encouragement to the millions of Americans now experiencing a new sense of citizenship and engagement and argue that our nation needs a unifying alternative to Trump's dark and divisive brand of politics—an alternative rooted in a New Economy, a New Patriotism, a New Civil Society, and a New Democracy. *One Nation After Trump* is the essential book for our era, an unsparing assessment

of the perils facing the United States and an inspiring roadmap for how we can reclaim the future. *Antidemocracy in America* Twelve President Donald Trump has underscored containing Iran's sway as a key element in establishing a "strong and lasting footprint" in Syria as the United States moves toward bringing its Soldiers home. In pursuing this key American objective, this paper recommends that Washington take advantage of the

"daylight" between Russia and Iran, and that it be American policy at all levels to work to expand it. This long-existing "daylight" was underscored in 2018 by calls in Moscow for Iran to withdraw its forces from some or all of Syria, and by Putin's positive regard at the summit in Helsinki with President Trump for Israel's security requirements. Russian acquiescence to U.S. and Israeli strikes against Iranian-associated and other forces in Syria reinforces the conclusion

that backing a dominant Iran is not one of President Vladimir Putin's priorities. However, while he will not forcefully oppose the United States and Israel constraining Tehran, Putin will resist pressure to break totally with Iran and with the proxies Iran bankrolls and trains to fight in Syria. In addition, Russia's leverage on Iranian military and political activities in Syria is limited. Russia's solution to its own dilemma of restraining Iranian behavior in the region has

been one of addition and mediation rather than subtraction. Moscow dilutes Iranian influence by working with other powers, including those most antithetical to Iran. Russia's relations with Israel are now arguably closer to a "strategic partnership" than those with Iran. Russia's dealings with Saudi Arabia correspond more aptly to an "oil axis" than the "Shiite axis" description used by some to characterize the ties between Moscow and Tehran. Russia's economic

ties and diplomacy with Turkey and greenlighting of Turkish military action in Syria against Kurdish forces have also diluted Iranian leverage in Syria. America's imposing military capabilities and veto-wielding membership in the United Nations (UN) Security Council will provide it and its allies with continuing leverage on developments in Syria. Putin ultimately will not be able to count on U.S. acceptance of any deal that leaves Bashar al-Asad in place after a transition and new

elections. Such an outcome would also dash Russian hopes of significant American, European, and regional contributions to the immense costs of reconstruction that lie ahead in Syria. Russia is unlikely to link its actions with the United States in Syria to U.S. policy toward Iran on the Joint Comprehensive Plan of Action (JCPOA) nuclear deal, or to U.S. sanctions on Russia. To attain the conditions that will make possible the withdrawal of U.S. troops from Syria, the

United States needs to maintain a properly resourced military presence on the ground and in Syrian airspace. Only if it does so will Russia regard the United States as the most important counterweight to Iran with which Moscow will want and will need to deal. Even after the April 13-14, 2018, U.S.-UK-French strikes on Syrian chemical weapons facilities, President Putin remained eager for talks with President Trump and addressed Syria at their summit in Helsinki. The

Trump administration should therefore continue judiciously to engage Russia as the United States works toward the goals of assuring the defeat of the so-called Islamic State (IS), constraining Iran's malign activities, bolstering Israel's security, and deterring Syrian government use of chemical weapons, without conceding anything in advance on Assad's future or Iran's place in the region.  
*A New Foreign Policy*  
Humanix Books

A provocative and propulsive look at American history, and the myth that the Civil War's "new birth of freedom" ended oligarchy. It just moved westward.

**Summary of Un-Trumping America**

Springer Nature  
NEW YORK TIMES  
BESTSELLER • From an award-winning journalist at The Atlantic, these searing essays make a powerful case that "real hope lies not in a sunny nostalgia for American greatness but in seeing this history plain—in all of

its brutality, unadorned by euphemism” (The New York Times). NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR • “No writer better demonstrates how American dreams are so often sabotaged by American history. Adam Serwer is essential.”—Ta-Nehisi Coates To many, our most shocking political crises appear unprecedented—un-American, even. But they are not, writes The Atlantic’s Adam Serwer in this prescient essay collection, which dissects

the most devastating moments in recent memory to reveal deeply entrenched dynamics, patterns as old as the country itself. The January 6 insurrection, anti-immigrant sentiment, and American authoritarianism all have historic roots that explain their continued power with or without President Donald Trump—a fact borne out by what has happened since his departure from the White House. Serwer argues that Trump is not the cause, he is a symptom. Serwer’s

phrase “the cruelty is the point” became among the most-used descriptions of Trump’s era, but as this book demonstrates, it resonates across centuries. The essays here combine revelatory reporting, searing analysis, and a clarity that’s bracing. In this new, expanded version of his bestselling debut, Serwer elegantly dissects white supremacy’s profound influence on our political system, looking at the persistence of the Lost Cause, the past and present of police unions,

the mythology of migration, and the many faces of anti-Semitism. In so doing, he offers abundant proof that our past is present and demonstrates the devastating costs of continuing to pretend it's not. The Cruelty Is the Point dares us, the reader, to not look away.

*America's Plans for World Hegemony* Simon & Schuster

New York Times Bestseller  
AT STAKE: THE FUTURE OF AMERICA The 2016 election is truly America's Armageddon—the

ultimate and decisive battle to save America, a fight to defeat Hillary Clinton and the forces seeking to flout our constitutional government and replace it with an all-powerful president backed up by an activist judiciary that answers to no one. Already President Obama has moved America far down this path, and a President Clinton will act as his "third term," institutionalizing the excesses of the past eight years. In Armageddon, bestselling author and political strategist Dick

Morris provides a winning game plan to take back the White House, and America. Because this is our last chance: • Our last chance to stop socialist uniformity, corruption and executive usurpation • Our last chance to curb welfare programs that are destroying the economic and social fabric of the nation • Our last chance to secure our border and keep our sovereignty • Our last chance to stand up against ISIS and terrorism • Our last chance to protect the Second Amendment We

can do it. We must. It's our last chance. Read *Armageddon*, or risk losing the battle to save America! On Tuesday, November 8, 2016, American voters will make a momentous decision. They will decide whether or not this great country will remain a free market, constitutional democracy. The stakes could not be higher. If Hillary Clinton is elected president, it will mean the end of the America we know and love. *Armageddon*, by New York Times bestselling authors Dick

Morris and Eileen McGann, is a call to arms, a call to join that ultimate battle. Few know Hillary Clinton better than Dick Morris. For almost two decades he served as a special adviser to both her and her husband, Bill Clinton. He knows their strengths, their vulnerabilities, and even their deepest secrets. In *Armageddon*, Morris offers a manual on how to win this battle and defeat Hillary once and for all. He argues that a typical Republican campaign won't work—and that

Hillary's opponent must strike her in a very unorthodox and powerful way. Morris says it's a winning strategy and voters play a critical role. A noted political strategist, Dick Morris has created winning strategies for numerous presidential campaigns in the U.S. and abroad. In this book he lays out a war plan, one the Republican nominee must use to prevent her victory:

- Throw a surprising right jab: terrorism and healthcare
- Throw the left hook: jobs,

immigration, Wall Street • Play her game on class warfare: women, Latinos, and young voters Republicans need to stop playing by the old rules of the game. Those rules don't work—they elected Barack Obama twice. Obama has changed America in fundamental ways and Morris posits that Hillary's opponents need to grasp this and implement a strategy that can finally defeat her. *The American Crisis* Simon and Schuster

\_\_\_ THE NUMBER ONE

BESTSELLER FROM THE 45th PRESIDENT OF THE UNITED STATES 'I like thinking big. I always have. To me it's very simple: If you're going to be thinking anyway, you might as well think big.' - Donald J. Trump Here is Trump in action - how he runs his business and how he runs his life - as he meets the people he needs to meet, chats with family and friends, clashes with enemies, and changes the face of the New York City skyline. But even a maverick plays by the rules, and Trump has

formulated eleven guidelines for success. He isolates the common elements in his greatest deals; he shatters myths; he names names, spells out the zeros, and fully reveals the deal-maker's art. And throughout, Trump talks - really talks - about how he does it. *Trump: The Art of the Deal* is an unguarded look at the mind of a brilliant entrepreneur and an unprecedented education in the practice of deal-making. It's the most streetwise business book there is - and the ultimate

read for anyone interested in making money and achieving success, and knowing the man behind the spotlight. *Geopolitical Landscapes of Donald Trump* Random House

'Nick Bryant is brilliant. He has a way of showing you what you've been missing from the whole story whilst never leaving you feeling stupid.' - Emily Maitlis 'Bryant is a genuine rarity, a Brit who understands America' - Washington Post In When America Stopped Being Great, veteran reporter

and BBC New York correspondent Nick Bryant reveals how America's decline paved the way for Donald Trump's rise, sowing division and leaving the country vulnerable to its greatest challenge of the modern era. Deftly sifting through almost four decades of American history, from post-Cold War optimism, through the scandal-wracked nineties and into the new millennium, Bryant unpacks the mistakes of past administrations, from Ronald Reagan's 'celebrity

presidency' to Barack Obama's failure to adequately address income and racial inequality. He explains how the historical clues, unseen by many (including the media) paved the way for an outsider to take power and a country to slide towards disaster. As Bryant writes, 'rather than being an aberration, Trump's presidency marked the culmination of so much of what had been going wrong in the United States for decades - economically, racially,

politically, culturally, technologically and constitutionally.' A personal elegy for an America lost, unafraid to criticise actors on both sides of the political divide, When America Stopped Being Great takes the long view, combining engaging storytelling with recent history to show how the country moved from the optimism of Reagan's 'Morning in America' to the darkness of Trump's 'American Carnage'. It concludes with some of the most dramatic events

in recent memory, in an America torn apart by a bitterly polarised election, racial division, the national catastrophe of the coronavirus and the threat to US democracy evidenced by the storming of Capitol Hill.

### **How Democracies Die**

Biteback Publishing  
Russian acquiescence to U.S. and Israeli strikes against Iranian-associated and other forces in Syria reinforces the conclusion that backing a dominant Iran is not one of President Vladimir Putin's priorities. However, while

he will not forcefully oppose the United States and Israel constraining Tehran, Putin will resist pressure to break totally with Iran and with the proxies Iran bankrolls and trains to fight in Syria. Moscow dilutes Iranian influence by working with other powers, including those most antithetical to Iran. To attain the conditions that will make possible the withdrawal of U.S.

troops from Syria, the United States needs to maintain a properly resourced military presence on the ground and in Syrian airspace. Only if it does so will Russia regard the United States as the most important counterweight to Iran with which Moscow will want and will need to deal. Even after the April 13-14, 2018, U.S.-UK-French strikes on Syrian chemical weapons facilities, President Putin remained eager for talks with President Trump and addressed Syria at their

summit in Helsinki. The Trump administration should therefore continue judiciously to engage Russia as the United States works toward the goals of assuring the defeat of the so-called Islamic State (IS), constraining Iran's malign activities, bolstering Israel's security, and deterring Syrian government use of chemical weapons, without conceding anything in advance on Asad's future or Iran's place in the region.

**When America Stopped**

**Being Great** Rowman & Littlefield Publishers  
 From #1 New York Times bestselling author and cohost of Pod Save America--how to combat political disinformation and dangerous lies of the right-wing propaganda machine. In **BATTLING THE BIG LIE**, bestselling author Dan Pfeiffer dissects how the right-wing built a massive, billionaire-funded disinformation machine powerful enough to bend reality and nearly steal the 2020 election. From the perspective of

someone who has spent decades on the front lines of politics and media, Pfeiffer lays out how the right-wing media apparatus works, where it came from, and what progressives can do to fight back against disinformation. Over a period of decades, the right-wing has built a massive media apparatus that is weaponizing misinformation and spreading conspiracy theories for political purposes. This "MAGA Megaphone" that is personified by Fox News

and fueled by Facebook is waging war on the very idea of objective truth-- and they are winning. This disinformation campaign is how Donald Trump won in 2016, almost won in 2020, and why the United States is incapable of addressing problems from COVID-19 to climate change. Pfeiffer explains how and why the Republicans have come to depend on culture war grievances, crackpot conspiracies, and truly sinister propaganda as their primary political strategies, including:

Republican efforts from Roger Ailes to Steve Bannon and Donald Trump to sow distrust while exploiting the media's biases and the Democratic Party's blind spots. The optimization of Facebook as the ultimate carrier of Trumpist messaging. Educating the Left to stop clutching pearls and start "fighting fire with fire." How to fight back against the trolls spreading disinformation and hate on the Internet. A functioning democracy depends on a shared understanding of reality.

America is teetering on the edge because one of the two parties in our two-party system views truth,

facts, and science as their opponent. BATTLING THE BIG LIE is a call to arms for anyone and everyone who cares about truth and

democracy. There are no easy answers or quick fixes, but something must be done.
