Definitive Guide to
Advanced Options Trading
Good Press

Panchanga is an ancient
vedic technique which has
disappeared from current
practice. It is used to
discover the strength of
the different sources of
'light' in the natal chart
which show one's

response to the
challenges of life. This
book shows how relevant
this technique is to life.

**Stuck in the Emotional
Landscape** Pustak Mahal
Tantrasangraha,
composed by the
renowned Kerala
astronomer Nīlakantha
Somayāji (c.1444-1545
AD) ranks along with
Āryabhatīya of Āryabhata
and Siddhāntaśiromani of
Bhāskarācārya as one of
the major works which

significantly influenced
further work on
astronomy in India. One of
the distinguishing
features is the
introduction of a major
revision of the traditional
Indian planetary model.
Nīlakantha arrived at a
unified theory of
planetary latitudes and a
better formulation of the
equation of centre for the
interior planets (Mercury
and Venus) than was
previously available. In

preparing the translation and explanatory notes, K. Ramasubramanian and M. S. Sriram have used authentic Sanskrit editions of Tantrasangraha by Surand Kunjan Pillai and K V Sarma. All verses have been translated into English, which have been supplemented with detailed explanations including all necessary mathematical relations, illustrative examples, figures and tables using modern mathematical notation.  Vedas and Smritis are the roots of Sanatana Dharma. Many are the Samskaras (purificatory rituals) prescribed in Smritis for the upliftment of human being to Godhood, which is the sole purpose of the rare and invaluable human birth. Of them, Antyeshti, the last Samskara performed for the person, who has departed from his body and subsequent Shraddhas performed for his comfortable journey to the afterworld and settling

down in an agreeable environment, play a very important and decisive role. rituals connected with Aparā Kriyas and Shraddhas in the authoritative perspective, a brief summary in English of the same is attempted in the following pages to serve as an introductory guide. *Tantrasaṅgraha of Nīlakaṇṭha Somayājī* Devpura Publications (Private) Limited
 Options Trading Handbook There are thousands of books on Options but you wouldn't

find the knowledge that this book provides. The writers provide you descriptive knowledge of options, option Greeks etc. None of the books would provide you the practical concepts on Options that may enable even a semi-literate person to use Option Trading to get rich. This book, that covers the latest information right from the ABCs of Options to Option Greeks in a very simple language, is a rare work of Mahesh Kaushik, the most read research analyst of the Indian stock

market. Kaushik likes to explain complex subjects in simple terms. Keeping the same in mind, this book has also been written in the format of a story to ensure you don't get bored at any point while reading it. The character in the story Ghisu Bhai is a common waiter and the book, written in an autobiographical style, describes how Kaushik went about teaching him Option Trading.

Ancient Calendars and Constellations Prabhat Prakashan

This striking display of paintings connects two established Czech artists who are at the forefront of European contemporary art. Exhibition runs from: Monday 18th of April - Thursday 28th of April 2011
