Amazon's Book Store. Everyday low prices and free delivery on eligible orders. Minds Online: Teaching Effectively with Technology: Amazon ...At the Chronicle of Higher Education, read Michelle Miller's advice, as COVID-19 anxiety sweeps across the nation, on how to get courses "online in a hurry" At The Conversation , read Professor Miller's look at how millennials—a population frequently lauded as "digital natives" and for their facility with multitasking—really deal with technology in the classroom. Minds Online — Michelle D. Miller | Harvard University Press. Memory is central to the cognitive side of teaching and learning; it is the mechanism by which our teaching literally changes students' minds and brains. It's fashionable among educators to disparage "mere memorization" as opposed to the sophisticated reasoning skills we hope to foster, but this is a false dichotomy.
