Finding PROPER reading material that they can handle...which is precisely the reason we've written

this book! Teachers love giving out tough, expert-level literature to their students. Books that present many new problems to the reader and force them to search for words in a dictionary every five minutes - it's not entertaining, useful or motivating for the student at all, and many soon give up on learning at all! In this book, we have compiled 20 easy-to-read, compelling and fun

stories that will allow you to expand your vocabulary and give you the tools to improve your grasp of the beautiful Dutch tongue. How Dutch Short Stories for Beginners works: - Each story is exciting and entertaining with realistic dialogues and day-to-day situations. - The summaries follow a synopsis in Dutch and in English of what you just read, both to review the lesson and for

you to see if you understood what the tale was about. - At the end of those summaries, you'll be provided with a list of the most relevant vocabulary involved in the lesson, as well as slang and sayings that you may not have understood at first glance! - Finally, you'll be provided with a set of tricky questions in Dutch, providing you with the chance to prove that you learned

something in the story. Don't worry if you don't know the answer to any - we will provide them immediately after, but no cheating! We want you to feel comfortable while learning the tongue; after all, no language should be a barrier for you to travel around the world and expand your social circles! So look no further! your learning ASSiMiL Arabisch ohne Mühe heute Teach Yourself If you had been living in France in the 1990s, the language you would have heard on the radio and television or seen in the newspapers would be far removed from the French language of ten or twenty years ago. The country and its language have changed tremendously in a relatively short period of time, and, as a result, English speakers with

a grounding in French can still find themselves struggling to understand terms commonly encountered in contemporary French society. Luckily, Eleanor and Michel Levieux now bring us up to date with their 'Insiders' French, an utterly entertaining and informative guide to the language of the "new France." This "new France" is a country poised to

experience the European single currency but uncertain about being part of Europe. It is hooked on fast food but ambivalent about the country where it originated. France today has record unemployment and an increasingly controversial immigrant population. Clearly, given the rapidly changing conditions and lifestyles, conventional French dictionaries alone cannot completely

inform readers and visitors. *Insiders'* French offers a solution to the incomprehension, a unique handbook in which you'll find the language of European union, the space program, abortion and women's rights, high-tech industries, and health care, among other topics. Entries proceed by association of ideas and related terms, with extensive cross-referencing, while still

being alphabetized for easy reference like a standard dictionary. Cartoons from major French journals add to your understanding and enjoyment. *Insiders'* French opens up the secret territory of French politics and culture that is often not understood by visitors or students, and it does so with wit and verve—qualities that remain in the French language despite its recent

changes.

University of Pennsylvania Press Con questo corso avrete in mano uno	strumento che, sia per la struttura sia per il tono, talvolta umoristico, risulta essenziale e di facile approccio per l'apprendimen to dell'inglese in una visuale più ampia di quella prettamente scolastica: proprio attraverso i molteplici aspetti trattati, che pur essendo tradizionali, letterari, di grammatica e di costume, presentano comunque riscontri attuali finalizzati ad	un uso quotidiano della lingua secondo le esigenze dei nostri tempi. Oggi ci si può lasciare alle spalle il luogo comune secondo cui linglese presenti una tanto elementare grammatica quanto una difficoltosa pronuncia, poichè il corso ha voluto puntare sul fatto che una frase inglese possa essere paragonata ad una cantilena: seguendo questottica vengono resi più chiari luso della forma
