**The Sacred Heart of Trees** Hay House, Inc  
 Here, for the first time, is an oracle depicting the spectacular animal spirit guides of Hawaii, gateway to the land of light. The ancient wisdom of these creatures is as relevant today as ever. The Hawaiian Oracle takes seekers on a journey into Huna mysticism. With a 36-card divination deck and 144-page guidebook, this kit draws on the multicultural traditions of Polynesia, presented in a groundbreaking tarot format. Hawaiian mythology consists of a pantheon of lively gods and goddesses, reminiscent of the ancient Greek deities, whose many adventures offer poignant lessons about love, power, and consciously creating our own destinies. The major arcana portrays these flamboyant figures, while the four suits of the minor arcana represent the birds, seas, lands, and

animals of the islands. The cards resonate on many levels, and readings offer both cautionary and encouraging advice. The companion book provides detailed information on each card, how and when to use the deck, a glossary, a comparison to the Rider-Waite tarot deck, and six introductory spreads with interpretations. Easy to understand and fun to use, it allows novice and expert alike to experience and embrace the spirit of aloha.

**Murmures d'anges** Hay House Incorporated Guide to Working and Healing with Divinities and Deities. Archangels and Ascended Masters is a thoroughly researched book in a lively encyclopedia format, listing 77 divinities from Greek, Roman, Egyptian, Asian, Babylonian, Tibetan, Buddhist, Celtic, Theosophical, New Age, Catholic, Cabalistic, Jewish, and Christian roots. Doreen Virtue carefully studied and wrote about the history of each of the deities, what role they serve today, how they can help us with specific life problems, and how to call upon each one. Doreen spent time in communication with each divinity to ensure that the being was reachable, and to discover the essence of his or her personality and current dealings with the world - and within these pages, she includes a channeled message or impression from each of the ascended masters and archangels. Many of her channelings were conducted at power points throughout the world, such as Stonehenge in England; the Irish coast; Kona, Hawaii; and the New Zealand rain forest. A comprehensive chart lists a number of life situations such as Addictions, Finding a Soulmate, Emergency Money, Healing Physical Illness, and various personal and family concerns. Beneath each topic is a list of whom to call upon when dealing with that particular challenge. Doreen also includes prayers to help you call upon multiple divinities for specific issues such as "increased clairvoyance" and "resolving conflict."

Hay House, Inc

When Doreen Virtue visited Santorini Island in Greece recently, she was contacted by a powerful group of angels calling themselves the "angels of Atlantis." Doreen was then taken on an amazing spiritual adventure, where she uncovered the ancient secrets of the healing temples of the lost civilizations of Atlantis. Doreen found that her previous healing work with the angels, as well as the thousands of case studies of angelic healing that she'd amassed over the years, dovetailed

perfectly with the messages from the angels of Atlantis. Part spiritual adventure story and part reference book, *Angel Medicine* is a three-part work that relates the exciting story of Doreen's recovery of memories of Atlantean healing methods along with messages from the Egyptian and Greek prophet and deity Hermes and the angels. The second and third parts of the book reveal the scientific studies, case studies, methods, and charts supporting the importance of love and light in healing. Whether you want to heal yourself or someone else, you're sure to gain additional faith and understanding from reading *Angel Medicine*.

Éditions AdA Tarot of the Magicians by Swiss occultist artist and author Oswald Wirth was first published in Paris in 1927, and a Weiser edition was later released in 1985. Long unavailable, the book is back in print in a beautiful new package with full-color pull-out cards reproducing Wirth's 1889 tarot deck. With a new introduction by bestselling tarot author Mary K. Greer, *Tarot of the Magicians* offers tarot enthusiasts and students of the occult an in-depth and authoritative analysis of one of the most beautiful and evocative of all modern tarot decks. In this important tarot work of the Major Arcana, Wirth combines the imagery and symbolism from Alchemy, Freemasonry, Rosicrucianism, and the magical heritage of Egypt and Chaldea, and explores the astronomical (rather than strictly zodiacal) associations for the Major Arcana cards.

"In *Uncharted*, internationally acclaimed intuitive counselor and "spiritual cartographer" Colette Baron Reid, whose best-selling books include *The Map* and *Messages from Spirit*, shows us that in the new normal of uncertainty, we can overcome the challenge of feeling disoriented, scared, and helpless and chart a path to new possibilities. It's in the places unfamiliar to us--the uncharted places--where magic lies. Here we can claim our innate power to give birth to an extraordinary life and become who we are called to become. Colette explains, "When we're lost, we all want a map--but maps can only tell us where we've been." All of us, personally and collectively, are headed somewhere new, to a future that has not yet been imagined, and we're creating it as we go. With her trademark compassionate candor and reassuring humor, as well as input from a wise, loving consciousness who call themselves "Fred," Colette guides us on a journey of co-creation through five interconnected

realms--the Realms of Spirit, Mind, Light, and Energy, Form. Whatever we wish to experience and manifest, if we start in the realm of Form, trying to fix our lives and think our way out of our problems, we end up living inauthentically and feeling disappointed. But if we orient ourselves in the Realm of Spirit first, a magical process of transformation begins within, from which we can manifest a new reality far better than we might ever have imagined. Following this path, we get to experience what we came to create in the Realm of Form, and watch as our fear gives way to a deep sense of purpose and enthusiasm for participating in the co-creative process. Throughout *Uncharted* are fresh and exciting exercises drawn from Colette's trademarked energy psychology process, IN-Vizion

**How to Heal a Grieving Heart** Hay House Incorporated

The Laughing People, translated from the award-winning *Le peuple rieur*, conveys the richness and resilience of the Innu while reminding us of the forces - old and new - that threaten their community. This memoir and tribute tells the tale of the very long journey of a very small nation, recounting both its *joie de vivre* and its crosses borne. Readers follow Serge Bouchard, a young anthropologist in the 1970s, as he arrives in Ekuanitshit (Mingan, Quebec) and comes to know its residents. His observations and questions document a community weathering yet

another season of change - skidoos replace dogsleds and forests are bulldozed for prefabricated housing - while nonetheless defying external pressures to assimilate or disappear altogether. Returning to these texts fifty years later, Bouchard moves beyond platitudes of strength and dives into wide-scale injustices to present the sacrifices and beauty of the Innu people on individual terms. Whether recounting the impact of the residential school system on Georges Mestokosho, the wave of Innu activism inspired by An Antane Kapeshe, or the uncelebrated work of women like Nishapet Enim, *The Laughing People* presents an opportunity for readers to be part of the preservation and proliferation of these important stories.
