The Kindness of Enemies Zabor ou les psaumes: La langue -Orphelin de mère, indésirable chez son père remarié, élevé par une tante célibataire et un grand-père mutique, Zabor n'avait rien d'un enfant comme les autres. Il a grandi à l'écart de son village aux portes du désert, dormant le jour, errant la nuit, solitaire trouvant refuge dans la compagnie des quelques romans d'une bibliothèque poussiéreuse qui ont offert un sens à son existence. Très tôt en effet, il s'est découvert un don : s'il écrit, il repousse la mort ; celui ou celle qu'il enferme dans les phrases de ses cahiers gagne du temps de vie. Ce soir, c'est un demi-frère haï qui vient frapper à sa porte : leur père est mourant et seul Zabor est en mesure, peut-être, de retarder la fatale échéance. Mais a-t-il des raisons de prolonger les jours d'un homme qui n'a pas su l'aimer ? Fable, parabole, confession vertigineuse, le deuxième roman de Kamel Daoud célèbre l'insolente nécessité de la fiction en confrontant les livres sacrés à la liberté de créer. Telle une Schéhérazade ultime et parfaite, Zabor échappe au vide en sauvant ses semblables par la puissance suprême de l'écriture, par l'iconoclaste vérité de l'imaginaire. -- Publisher description.

Dara Mohr Siebeck

Shortlisted for the Prix Goncourt Winner of the Goncourt du Premier Roman Winner of the Prix des Cinq Continents Winner of the Prix François Mauriac THE NOVEL THAT HAS TAKEN THE INTERNATIONAL LITERARY WORLD BY STORM He was the brother of 'the Arab' killed by the infamous Meursault, the antihero of Camus's classic novel. Angry at the world and his own unending solitude, he resolves to bring his brother out of obscurity by giving him a name - Musa - and a voice, and by describing the events that led to his senseless murder on a dazzling Algerian beach. A worthy complement to its great predecessor, The Meursault Investigation is not only a profound meditation on Arab identity and the disastrous effects of colonialism in Algeria, but also a stunning work of literature in its own right, told in a unique and affecting voice.

The Ways that Never Parted University of Chicago Press

Money is an evil that does good, and a good that does evil. It is wise to have money, says Pascal Bruckner, and wise to think and talk about it critically. One of the world's great essayists guides us through the commentary that money has generated since ancient times, as he builds an unfashionable defense of the worldly wisdom of the bourgeoisie.

She's an innocent. Caught in the wrong place at the wrong time. My Angel is the one who got away-the only person in the world I love. When she is caught in an unsanctioned bank robbery in my territory, only my reputation protects her. She should have stayed away. Instead, she charges back into my life like a shining beacon in my otherwise bleak existence. She has no place in my world where hardened criminals toy with the lives of the innocent. A better man would let her go - again. There's no white picket fence in life with a Bellandi, and she deserves so much more. I pushed her

away once, but now that she's back I won't let anything else come between us. Not even Ivory herself. Disclaimer: Bloodied Hands is a full-length standalone novel with crime syndicate members and dark content. The Bellandi Crime Syndicate Series includes several full-length standalones with HEA that can be read in any order, but would present a better reading experience following the suggested reading order.

In Packaging Post/Coloniality, Richard Watts breaks from convention and reads Francophone books by their covers, focusing on the package over the content. Watts looks at the ways that the 'paratext'--the covers, illustrations, promotional summaries, epigraphs, dedications, and prefaces or forewords that enclose the text--mediates creative works by writers from sub-Saharan Africa, the Maghreb, the Caribbean, and Southeast Asia whose place in the French literary institution was and remains a source of conflict. In order to be acceptable for French bookstore shelves, the novels, essays, and collections of poetry created in colonial territories were deemed to need explanation and sponsorship by an authority in the field. Watts finds the French mission civilisatrice, or 'civilizing mission,' manifest in prefaces, introductions, and dedications inserted in the books that appeared in the metropole during the height of French imperialism. In the postcolonial era, book packaging reveals a struggle to reverse the power dynamic: Francophone writers introduced each others' texts, yet books still appeared with covers promoting stereotypical images of the Francophone world. This fascinating journey through a particular cultural history of the book is a unique take on the quest for a literary identity. Watts concludes his study by looking at English mediations of Francophone works, with a chapter on reading and teaching Francophone literature in translation.

Bloodied Hands Yale University Press

From the author of the New York Times Notable Book, The Translator: a novel of the "rich and complex world of a Sudanese patriarch in the 1950s" (Sarah Blake, author of The Postmistress). Lyrics Alley is the evocative story of an affluent Sudanese family shaken by the shifting powers in their country and the near-tragedy that threatens the legacy they've built for decades. In 1950s

Sudan, the powerful Abuzeid dynasty has amassed a fortune through their trading firm. With Mahmoud Bey at its helm, they can do no wrong. But when Mahmoud's son, Nur, the brilliant, handsome heir to the business empire, suffers a debilitating accident, the family stands divided in the face of an uncertain future. As British rule nears its end, the country is torn between modernizing influences and the call of traditions past—a conflict reflected in the growing tensions between Mahmoud's two wives: the younger, Nabilah, longs to return to Egypt and escape “backward-looking” Sudan; while Waheeba lives traditionally behind veils and closed doors. It's not until Nur asserts himself outside the cultural limits of his parents that his own spirit and the frayed bonds of his family begin to mend. Moving from Sudanese alleys to cosmopolitan Cairo and a decimated postcolonial Britain, this sweeping tale of desire, loss, despair, and reconciliation is one of the most accomplished portraits ever written about Sudanese society at the time of independence. “Highly recommended for readers who enjoy family sagas set against a political backdrop, such as Chinua Achebe's *Things Fall Apart* and Chimamanda Ngozi Adichie's *Half a Yellow Sun*.” —Library Journal, starred review

'A beautiful, evocative novel with an amazing sense of place and an understated, dark sensibility. A brilliant debut. I loved it!' Jenni Fagan, author of *The Panopticon* Mesmeric in its prose and mythic in its sweep, *THE BARROWFIELDS* is an extraordinary debut about the darker side of devotion, the limits of forgiveness, and the reparative power of shared pasts. Just before Henry Aster's birth, his father, a frustrated novelist and lawyer, reluctantly returns to the remote North Carolina mountains in which he was improbably raised and installs his young family in a gothic mansion - nicknamed 'the vulture house' - worthy of his hero Edgar Allan Poe. There, Henry grows up under the desk of this fierce and brilliant man. But when a death in the family tips his father toward a fearsome unravelling, what was once a young son's reverence is poisoned, and Henry flees, not to return until years later when he, too, must go home again.

While the twentieth century's conflicting visions and exploitation of the Middle East are well documented, the origins of the concept of the Middle East itself have been largely ignored. With *Dislocating the Orient*, Daniel Foliard tells the story of how the land was brought into being, exploring how maps, knowledge, and blind ignorance all participated in the construction of this imagined region. Foliard vividly illustrates how the British first defined the Middle East as a geopolitical and cartographic region in the nineteenth and early twentieth centuries through their imperial maps. Until then, the region had never been clearly distinguished from “the East” or “the Orient.” In the course of their colonial activities, however, the British began to conceive of the Middle East as a separate and distinct part of the world, with consequences that continue to be felt today. As they reimagined boundaries, the British produced, disputed, and finally dramatically transformed the geography of the area—both culturally and physically—over the course of their colonial era. Using a wide variety of primary texts and historical maps to show how the idea of the

Middle East came into being, *Dislocating the Orient* will interest historians of the Middle East, the British empire, cultural geography, and cartography.

**The Little Communist Who Never Smiled** Open Road + Grove/Atlantic

*Of Dreams and Assassins* is the urgent and rhythmic fourth novel of Malika Mokeddem, her second to appear in English. Born in Algeria to a Bedouin family that had only recently become sedentary, Mokeddem was raised on the stories of her grandmother, who encouraged her education at a time when girls did not go to school. Though raised in a tolerant version of Islam, Mokeddem nevertheless felt the weight of custom and tradition. *Of Dreams and Assassins*, though not strictly autobiographical, evokes through the beauty and vastness and oppressive heat of the desert Mokeddem's early yearning for freedom. Through its heroine, Kenza, and her simultaneous rebellion and immersion in the literary classics at a boarding school, the novel dramatizes the possibilities for women to express their identities. Kenza is an exile, first in her own society and later in France. Born during a visit to Montpellier in the year of Algerian independence, she returns with her mother to Oran to find her father has taken another wife. Her mother leaves alone, never to return. Kenza's subsequent search for herself through the mother she doesn't know, told in a frank first-person narrative, mirrors the struggle of Algerian women to make a place in a society that has stripped them of their rights in spite of their crucial participation in the war for independence. Kenza's suffocating childhood in the house of her boisterous, leering father is broken only by summers in the desert, where the dates “become golden brown and gleam like little clusters of suns that mock the children.” Eventually, Kenza, like Mokeddem herself, leaves her home to go to school in Montpellier, because she can no longer tolerate life in Algeria. *Of Dreams and Assassins* is a protest, against the subjugation of women in Algeria and the violence of the last ten years, perpetrated by fundamentalist Muslim guerrillas. In exile, Kenza puts her hope in métissage, the blending of cultures embodied by the character of Slim, her friend and confidant, who lives happily with his mixed-race origins. Kenza's story dramatizes Mokeddem's belief that the future of Algeria lies in its women and in education; only through liberation and education can the pain of Kenza's exile be redeemed.

*Nedjma* is a masterpiece of North African writing. Its intricate plot involves four men in love with the beautiful woman whose name serves as the title of the novel. *Nedjma* is the central figure of this disorienting novel, but more than the unfortunate wife of a man she does not love, more than the unwilling cause of rivalry among many suitors, *Nedjma* is the symbol of Algeria. Kateb has crafted a

novel that is the saga of the founding ancestors of Algeria through the conquest of Numidia by the Romans, the expansion of the Ottoman Empire, and French colonial conquest. Nedjma is symbolic of the rich and sometimes bloody past of Algeria, of its passions, of its tenderness; it is the epic story of a human quest for freedom and happiness.

A woman must emerge from the virtual world she's created to confront her flesh-and-blood past and family. Growing up with a menacing drunk for a father and a grief-stricken mother, a girl spends her 1980s childhood staring at the television to escape the tension, depression, and looming violence that fill her suburban home. After winning a modelling competition, she dedicates herself to becoming a placid image onto which anything can be projected, a blank slate with a blank stare. Earning enough in Paris to retire in her twenties, she buys a studio in Montreal and retreats from the world and its perceived threats, cultivating her existence as an image through her virtual reality avatar. But when her mother develops cancer and nears the end of her life, she is forced to leave her cocoon - surrounded by her posse of augmented reality superheroes - and interact with the world and her parents without the mask of her perfect, virtual self. Georges offers up an alienated childhood with shifting pop culture obsessions, a woman's awakening to the role of the image in culture, and her eventual isolation in her apartment and the world online. It is a catalogue of the anxieties of an age, from nuclear war to terrorism, climate change to biological warfare. Set in the past and not-too-distant future of Montreal, *The Imago Stage* is an ominous tale of oppression, suppression, and disembodiment.

The protagonist has Egyptian roots going back many generations: on her father's side, to the expulsion of the Jews of Spain in 1492, when seven brothers of the Kastil family (from Castilla) landed on the Gaza coast after many trials and tribulations. Her mother's side goes back even further, to the only family that Jewish history has ignored: the ones who said "No" to Moses and stayed in Egypt. After migrating to Israel in the 1950s and settling on a kibbutz—from which they were soon expelled for Stalinism—this storied clan moved to Tel Aviv. In this unconventional family saga, Orly Castel-Bloom blends fact with fiction, history with legend, reimagining the lives of her forebears in unforgettable prose.

This marks the publication of the first English-language translation of *Poetic Intention*, Glissant's classic meditation on poetry and art. In this wide-ranging book, Glissant discusses poets, including Stéphane Mallarmé and Saint-John Perse, and visual artists, such as the Surrealist painters Matta and Wilfredo Lam, arguing for the importance of the global position of art. He states that a poem, in its intention, must never deny the "way of the world." Capacious, inventive, and unique, Glissant's *Poetic Intention* creates a new landscape for understanding the relationship between aesthetics and politics.

*The Montreal Olympics, 1976*. A fourteen-year-old girl steps out onto the floor of the Montreal Forum and into history. Twenty seconds on the uneven bars is it all it takes for Nadia Comaneci, the slight, unsmiling child from Communist Romania, to etch herself into the collective memory. The judges award her an unprecedented perfect ten, the first in Olympic gymnastics. In *The Little Communist Who Never Smiled*, Lola Lafon weaves an intricate web of truth and fiction around Comaneci's life, from her discovery by legendary gymnastics coach Bla Krolyi up to her defection to the United States in 1989. Adored by young girls in the West and appropriated as a political emblem by the Ceausescu regime, Comaneci was a fearless, fiercely determined child whose body would become a battleground in the Cold War story of East against West. Lafon's novel is a powerful re-imagining of a childhood in the spotlight of history, politics and destiny.
