Celan Studies Penguin Random House South Africa

An analysis of the historical position of Paul Celan's poetry, this book addresses the question of a lyric language that would not be the expression of subjectivity. Lacoue-Labarthe defines the subject as the principle that founds, organizes, and secures both cognition and action, a figure not only of domination but of the extermination of everything other than itself.

Annual Report of the Commissioner of Education Simon and Schuster

'n Fratskoeël. Dis wat die verslaggewers dit genoem het. Die een wat hulle nefie, Jaco, in die voorkop net bo sy oog getref het. Lenore, Tarien en Bella moes verklarings aflê. Jaco se ouers het die drie niggies vir sy dood verantwoordelik gehou. Die leuens en misleiding rondom die noodlotskoeël sou egter hulle lewens onherroeplik verander. Jare later, wanneer een van Bateleur se renosterkoeie gestroop word, word Lenore se hulp ingeroep om die renosterkalfie te help versorg. Haar droom is om 'n toevlugsentrum vir dierslagoffers van wildmisdaad te stig. So beland sy weer op Bateleur. Daar waar die ongeluk gebeur het. Daar waar haar lewe so ingrypend verander het. Wie moet die skuld kry vir wat op daardie tragiese dag in die opstal op Bateleur gebeur het? Kan mens skuld aangee soos wat jy 'n baadjie oor iemand se skouers hang? Tarien droom daarvan om 'n skuilhuis vir die slagoffers van mensehandel teen die grens te vestig. Maar nou is sy al hoe minder oortuig sy is waar sy moet wees. Haar gebed is fluisterend: Vader,

hierdie pad is langer as wat ek gedink het. Gee my krag. Ek het U so nodig. As sy langer hier wil bly sal sy moet vashou aan hoekom sy in die eerste plek Laeveld toe gekom het. Om van blaam vry te kom en die waarheid te laat seëvier. Tans voel sy net hoe sy haarself meer en meer skuld toe-eien. Bella is 'n misplaaste stadsmeisie in die platteland. Sy dra ontwerperspakkies. Hofsaak ná hofsaak maak sy seker die waarheid seëvier. Met Bella praat jy nie oor geloof of die verlede nie. Die tweede het haar hart vir die eerste toegemaak. Wat 'n driestuks is hulle tog nie, onlosmaaklik verbind deur 'n tragedie. En nou is hulle deur Tjaart van der Walt, wildboer en een van die rykste suikerrietboere duskant Komatipoort, bymekaar gebring om die bande te knip of te bevestig.

Tussen middernag en dagbreek is 'n diggeweefde, vernuftige misdaad- en psigologiese riller wat daarin slaag om van meet af aan spanning te skep, en terselfdertyd ook uitmunt in die skep van onvergeetlike karakters. Terselfdertyd gee dit 'n verbysterende blik op die waansin, en die logika van 'n lewe wat beheer word deur dwelms en geweld. "" Riana Scheepers

Toe die legendariese Suiker Britz homself in 2018 om die lewe gebring het, het die einde van 'n era aangebreek – 'n tydvak waarin ouskool-polisiemanne se reputasie gebou was op ongelooflike suksesse in die bekamping van misdaad. In sy luisterryke loopbaan as polisieman en spurder, en as hoof van die Suid-Afrikaanse Polisie se Moord en Roof-eenheid, was Britz as ondersoeker betrokke by misdade wat die samelewing tot in sy fundamente geskud het. In die land se oorgangstydperk na demokrasie het hy, in opdrag van verskeie kommissies van ondersoek, duisterhede help

opklaar rondom polities-geïnspireerde moorde. In hierdie boek probeer die skrywers 'n beeld van die man agter die legende kry deur die soeklig op sake waarby hy betrokke was, te laat val. En die beeld wat na vore kom is dié van 'n passievolle speurder wat uitsonderlike prestasies in sy loopbaan behaal het, maar hy was ook 'n gewone mens met unieke tekortkominge. Britz het dikwels onder fel kritiek deurgeloopt oor die manier waarop polities sensitiewe sake hanteer is. Lesers wat maklik ontstel word deur grafiese materiaal, moet daarop bedag wees dat die sake wat in hierdie boek gedek word, dikwels grusaam en angswekend is. Om egter 'n profiel van 'n man in Suiker Britz se liga saam te stel, is dit onvermydelik dat die donkerste uithoeke van die menslike psige verken moet word.

Peter Szondi's Celan Studies marked the beginning of critical work on Paul Celan, the most important German poet of the second half of the twentieth century. The book's three studies each concentrate on a different Celan poem. "The Poetry of Constancy: Paul Celan's Translation of Shakespeare's Sonnet 105" investigates a historical turn from a poetry that claims to present its object to a poetry that only promises to do so. "Reading 'Engführung'" follows the movement of poetic language into territory undisclosed to epistemic reason. "Eden" addresses "Du liegst," a poem on the murder of Rosa Luxemburg and Karl Liebknecht; Szondi actually was with Celan when the poem was written. It analyzes the relation between the historical facts to which a poem refers and its composition. The book contains, as appendixes, Szondi's notes for three more projected studies of Celan poems, left unwritten at the time of his death in 1971.

Romanse, maar vol millenniër-kinkels. "Drawwers is die go-getters, eintlik dink ek net hulle hardloop weg van iets. Elke oggend staan hulle op en gaan draf op die donnerse selfde sypaadjie. Die dansers, soos jy, dans deur die lewe. Hulle is met min tevrede en dan dans hulle daaroor. Die drinkers sit agteroor en lag vir die drawwers en dansers." "Met ander woorde sit die drinkers op die kantlyn?" "Nee die drinkers sit in die middel van die pad en wag vir die drawwers en dansers om te besef dat almal eendag doodgaan." Leah het haar lus vir die lewe verloor. Sy is jonk, suksesvol en hardkoppig. Sy verlaat Johannesburg om een van haar besighede se afdelings in Kaapstad reg te ruk. Daar ontmoet sy, soos die noodlot dit wil hê, weer vir Hannah, wat 'n bietjie meer as net 'n vriendin was tydens haar universiteitsdae. Gaan sy, Hannah, 'n veilige sypaadjie wees, of 'n glibberige, maar opwindende afdraaipad?

This book offers an analysis of journalists' professional views against a variety of political, economic, social, cultural, and linguistic contexts. Based on data gathered for the Worlds of Journalism Study, which conducted surveys with more than 27,000 journalists in 67 countries, the authors explore aspects such as linguistic and religious influences on journalists' identities, journalists' views of development journalism, epistemic issues, as well as the relationship between journalism and democracy. Further, the book provides a history of the evolution of the Worlds of Journalism Study, as well as the challenges of conducting such comparative work across a wide range of contexts. A critical review by renowned comparative studies scholar Jay Blumler offers food for thought for future endeavours. This unprecedented collaborative effort will be essential reading for scholars and students of journalism who are interested in comparative approaches to journalism studies and who want to explore the wide variety of journalism cultures that exist around the globe. It was originally published as a special issue of Journalism Studies.

English Handbook and Study Guide Penguin Random House South Africa

"How is South Africa going to sustain the cost of securing rhino while the belief continues to persist that the enemy lies elsewhere in Southeast Asia.

The Walkers believe that the problem actually lies in South Africa's own backyard. This book discusses corruption and the criminal justice system, the need for more community engagement and the costs of protection. It also looks at how far we have come since the rhino wars in the 1980s and the rhino trade debate. We have to shift from the negative to an element of the positive. People are tired of seeing dead and dying rhino. There is some optimism due to the excellent work being undertaken by the state and the private sector at many levels in security, tourism, community involvement and environmental education, as well as NGO support. Rhino Revolution testifies to the many people doing just that. The rhino war in South Africa has entered its 10th year, and last year saw 662 rhino killed in Kruger alone - and over 1000 in total for South Africa. Clive and Anton Walker, authors of the bestselling Rhino Keepers (2012), have once again come up with a fresh, new look at the ongoing rhino crisis. With magnificent photographs and afterwords by John Hanks and Yolán Friedman."--

Authors from Herodotus in antiquity to Vasari in the Renaissance related art and architecture to peoples, nations, regions, cities, and environments. Already with Winckelmann and the origins of discussion of art history in the eighteenth century geography was seen as a powerful determinant of art. In the nineteenth century, the perceived connection between nations or races and art flourished, mainly because of the rise of nationalism. Around 1900 the method of geographical analysis received a modern name, 'Kunstgeographie'. But the ideology of 'Blut and Boden' associated with Nazism and related ideologies brought the geography of art into disrepute. This book proposes to return anew to the approach of artistic geography, which had been largely neglected from the Second World War until recently, and to reevaluate the possibilities it provides through a selection of case studies that discuss the connection between art and its place. The introduction and first essay deal with the historiography of the geography of art. Five essays take up specific questions ranging from France and the Low Countries to Mexico and China. The final three essays consider contemporary and broader theoretical issues concerning art in time and place.
